## [Sugiyama's memo to Stahl]

---

Feb. 17, 1943

Memorandum to Mr. John Stahl  
2035 Bay Street  
Los Angeles, California  
Mr. Rosenbloom  
Camouflage Factory

This letter will authorize you to make payments to the camouflage workers on the following basis: After deductions for subsistence, victory tax, social security, and other expenses are subtracted, you are to pay the individual worker 65% of the net proceeds. The remaining 35% of the workers' wages are to be paid to the community council by certified check.

The above mentioned division of the workers' wages was presented in a regularly held assemblage of the councilmen. It was unanimously approved.

Roy Nakadegawa, 35-5-C, a weaver, is leaving this project immediately to go outside. I understand that he will leave tomorrow evening. Will you kindly see to it that his wages reach him before he leaves?

Very truly yours  
Franklyn S. Sugiyama  
Chairman, Temp. Community Council  
Unit I.
