SUMMER SESSIONS, 1933

Sessions of 1933.

The annual Summer Session of the University of California will begin Monday, June 26, 1933, and will continue until Friday, August 4, the session covering six weeks. The Summer Session will be preceded by an Intersession covering the period of six weeks from May 8 to June 16.

During the period from June 28 to August 9 the University will conduct a Summer Session in Los Angeles, and from August 10 to September 1 a Post Session there. A special bulletin describes the courses offered.

Earlier Sessions.

The University of California held its first regular Summer Session in 1900, though summer sessions in several departments had been given during the years 1891-99. In the summer of 1932 the total enrollment of the Intersession was 1419, and that of the Summer Session, not including the Summer Surveying Camp, was 2784. In the Summer Session there were represented forty-three states of the United States and fourteen foreign countries. In the Summer Session in Los Angeles the enrollment was 2223.

Purpose of the Sessions.

The Intersession.

The courses in the Intersession are designed primarily to meet the needs of students attending, or about to attend, the courses of the fall or spring sessions.

1. Lower Division students will find opportunity to enroll in a number of courses which may be offered in satisfaction of junior certificate requirements in the College of Letters and Science as well as in courses prerequisite to advanced study in several fields.

2. Upper Division students in the larger departments will find opportunity to continue their work.

3. Graduate students will find opportunity to enroll in Upper Division major courses and in seminars.

In general, by combining the Intersession and the Summer Session, it will be possible for students to obtain, in a single summer, credit for one semester's residence and for eight to twelve units of work, thus reducing by six months the time required for completion of work for a degree.

The Summer Session.

The courses in the Summer Session are designed to meet the needs of the following persons:

1. Teachers who wish to increase their professional skill, to revise and extend their knowledge of a chosen field, or to qualify in new subjects, preparing to meet the special demand for instruction in various fields.

Teachers who desire to be prepared for service in vocational schools and classes maintained under the provisions of the State and Federal Vocational Education acts, and the State Continuation Education Act. Courses designed primarily for this purpose are listed under the Department of Education in this bulletin.

2. School superintendents, supervisors, and other officers.

3. Graduate students.

4. Undergraduate students, and especially those registered in the fall or spring sessions of the University, who may use a portion of the vacation to take up studies which they are unable to include in their regular programs, or to make up deficiencies, or to shorten their courses.

5. High school graduates who are about to enter upon regular university courses and who desire to broaden their preparation for university work. To meet their needs, courses are offered in chemistry, French, German, Greek, Italian, mathematics, physics, and Spanish.

6. Housewives, graduate nurses, social workers, Americanization workers, students of public health, and all adults who are qualified to pursue with profit any course given, whether or not they are engaged in teaching or study.

Faculty.

The faculty of the Summer Session will include not only members of the regular faculties of the University, but also a number of men of letters and science from other American universities, and from abroad.

Applications for Admission.

All persons who desire to attend any of the Intersession courses are urgently requested to notify the Dean of the Summer Sessions on or before Monday, April 17, using the blank form of application at the end of this bulletin.

All persons who desire to attend any of the courses of the Summer Session are urgently requested to notify the Dean of the Summer Sessions on or before Monday, June 5, using the blank form of application at the end of this bulletin.

Compliance with this request will facilitate the making of adequate arrangements by the University, and will make possible prompt communication with prospective students in case of change in the program.

Students who have not previously been in attendance in fall or spring semesters at the University of California (Berkeley or Los Angeles), and who plan to offer the work taken in the Intersession or Summer Session in partial satisfaction of the requirements for the Junior Certificate or for a bachelor's degree should file their credentials covering both high school and collegiate work with the Recorder of the Faculties at least three weeks before the opening of the session in order that they may be properly advised regarding their status. (For Credentials Fee see page 16.)

Admission Requirements.

Attendants upon the exercises of the Summer Session and Intersession are divided into two broad classes:

A. *Auditors.*

Any adult is permitted to attend all the regular exercises of either of the sessions, as an auditor, upon the filing of an application and the payment of the regular tuition fee of \$35.00. An auditor does not participate in recitations, does not take examinations, and hence does not receive credit.

B. *Students.*

(1) Persons under twenty-one years of age. Admission will be granted to persons who are under twenty-one years of age provided they are graduates of high schools or other secondary schools.

(2) Persons over twenty-one years of age. The University does not attempt, in general, to make inquiry concerning the educational qualifications of applicants for admission to the Summer Session or Intersession who are over twenty-one years of age. In granting admission to the Summer Session and Intersession in the case of an applicant over twenty-one years of age, it is assumed by the University that the applicant is either a high school graduate or that he has maturity and special fitness for the type of work he proposes to undertake. The instructor in charge of any Summer Session course may himself require of those who present themselves as students in his course any preliminary test, formal or informal, which he may deem essential to the work proposed.

Subject A.

The examination in Subject A will be given at 2 o'clock on Saturday, June 24. All students who register in the University for the first time and who wish to take work in English Composition are required to take this examination. The place of the examination will be announced on University bulletin boards.

Registration Dates.

The office of the Recorder of the Faculties will be open for the registration of Intersession students Saturday morning, May 6, from 8:30 to 12, and Monday, May 8, from 8:30 to 4:30, and for the registration of Summer Session students Saturday, June 24, 8:30 to 12, and Monday, June 26, from 8:30 to 4:30.

Students who find it impossible to register for the Intersession or the Summer Session on the first Saturday or Monday may register as late as the second Monday. Students who register late, however, may enroll in the courses desired only when, in the opinion of the instructor, they can satisfactorily make up the work already done by the class.

Fees.

The tuition fee, regardless of the number of courses taken, will be thirty-five dollars (\$35) for the Summer Session and thirty-five dollars (\$35) for the Intersession; seventy dollars (\$70) for both. This fee entitles the student to ordinary medical and hospital care without charge (see p. 34). Additional fees will be charged in certain courses in bacteriology, botany, chemistry, economics, home economics, education, mechanical engineering, physical education, physics, physiology, and zoology. The fees in each case are stated in the description of the course.

Persons who desire to attend courses or occasional lectures without examination or formal credit may secure an admission card for this purpose upon payment of the regular fee, \$35 for the Summer Session, or \$35 for the Intersession, or they may secure from the Comptroller in California Hall tickets admitting to single lectures, for which a charge of fifty cents each is made.

All fees are payable in advance. The entrance fee of \$35 must be paid at the time of registration for the Intersession or the Summer Session. Refunds in case of withdrawals are made *only* when the admission card and fee receipt are returned, and when the reasons for withdrawal are satisfactory. If the admission card and fee receipt are returned during the first week, a refund of not more than \$30 may be granted; second week, \$17.50; third week, \$7. After the third week, no refund will be granted. Any student

who is obliged to request a refund must do so *at the time of withdrawal*, and must, *at that time*, return admission card and fee receipt to the Recorder of the Faculties.

Credentials Fee.—A fee of three dollars (\$3) will be charged for the examination or evaluation of credentials of persons seeking admission to the University of California on the basis of work completed at other institutions. This fee is payable to the Regents of the University of California, and should accompany all transcripts of record.

Classification and Numbering of Courses. Admission to Courses.

Group A. Courses carrying University credit.

I. UNDERGRADUATE COURSES.

(1) *Lower Division Courses* (numbered 1–99, or sometimes indicated by letters if in subjects usually given in a high school). A lower division course is a course open to freshmen or to sophomores and not counting as upper division work in any department.

(2) *Upper Division Courses* (numbered 100–199). An upper division course is an advanced course in a department of study that has been pursued in the lower division or an elementary course in a subject of such difficulty as to require the maturity of upper division students.

Students will not be permitted to register in upper division courses unless they have completed the courses named as prerequisites, or, if no courses are definitely named as prerequisites, have attained junior standing in the University; accepted professional training, however, will be regarded as sufficient preparation to justify admission to upper division courses in the field in which the student has been trained, e.g., normal school graduation for upper division courses in education, or practical experience in social work for upper division courses in social economics.

Students should note carefully prerequisites stated for the courses they desire to elect.

II. GRADUATE COURSES (numbered 200–298). As a condition for enrollment in a graduate course the student must submit to the instructor in charge of the course satisfactory evidence of preparation for the work proposed; adequate preparation consists normally of the completion of at least 12 units of upper division work, basic to the subject of the graduate course, irrespective of the department in which such basic work has been completed.

The admission of undergraduates to graduate courses is limited to seniors who have an average grade of at least B in the basic courses; the study-list limits in such cases are the limits imposed by the rules of the Graduate Division.

A student who includes in his program a graduate course (i.e., one of the courses numbered from 200-298) is not permitted to register for more than four units.* In general, auditors will not be admitted to graduate courses. Further directions concerning graduate study will be found on page 19.

III. TEACHER'S COURSES (numbered 300-399)—*Professional Teacher-Training Courses* in the department of Education and courses in other departments that are specially intended for teachers or prospective teachers.

IV. CERTAIN PROFESSIONAL COURSES (numbered 400-499) in departments other than education.

Group B. Courses meeting requirements for credentials, certificates, and upgrading.

This group, numbered 600-799, is especially designed to meet the requirements of independent agencies for credentials, certificates, and upgrading and contains courses briefly designated as "Vocational Courses." Junior standing or the equivalent is prerequisite to courses numbered 700-799.

All Summer Session courses which are identical, or nearly so, with courses given during the fall or spring sessions at Berkeley, are distinguished by the letter "S" prefixed to the regular number of the course.

In each department in which Intersession courses are given, such courses are listed separately from the Summer Session courses.

Credit.

Credit toward a university degree will be given only to attendants who are qualified to do systematic university work, and is in every case subject to the requirement that the student shall at some time qualify in the University as a regular matriculant, either by passing the entrance examinations, or otherwise.

In general, credit will be given at the rate of one unit for fifteen exercises. A course of five recitations or lectures weekly during six weeks may receive a credit of two units. Credit may be given, in due proportion, for a smaller number of exercises, when these are of more than the usual length (which for lectures and recitations is about fifty minutes). A recitation or lecture presupposes about two hours of study outside of the classroom; laboratory or other exercises which do not require outside preparation are estimated at a lower rate than recitations or lectures.

* In the case of graduate students exceptions to this rule may be made only by permission of the Dean of the Graduate Division. In the case of undergraduate students, no exceptions will be made.

The maximum amount of credit obtainable during the Summer Session or Intersession by a student who devotes his whole time to courses strictly of university grade, is from four to six units, according to the character of the work selected; a student who includes in his program a graduate course is not permitted to register for more than four units of credit.* A bachelor's degree represents 124 or more units of credit, distributed according to the special requirements of the college or department in which the student is enrolled.

Graduate Students.

No student is assumed to be in graduate standing until his credentials have been evaluated and approved. To secure an adjustment of status, all prospective candidates for higher degrees or for certification of completion of the teacher-training curricula should file their credentials with the Dean of the Graduate Division at least four weeks before the opening of the Summer Session.

After evaluation of credentials, such students should submit their study-lists to the graduate adviser in the department of the major subject for approval on the basis of the Dean's statement regarding their status. (For Credentials Fee see page 16.)

Summer Session Work Toward Higher Degrees.

In planning a program for a higher degree it must be borne in mind that the members of the regular staff are not all on duty in the summer months. Admission to candidacy does not constitute a claim upon the vacation time of members of the faculty for direction of thesis work.

Students who plan to offer Summer Session courses in partial fulfillment of the requirements for the master's degree should be careful to select only courses especially designated as acceptable for this purpose. Not all the upper division courses offered in the Intersession and the Summer Session may be offered in satisfaction of the requirements for the master's degree. A list of acceptable courses is published annually for the use of students in the Intersession and the Summer Session.

Two Summer Sessions, or one Summer Session and one Intersession, may be rated as the equivalent of one half-year for purposes of residence for the master's degree. A student is not regarded as a student in residence unless he is actually attending regularly authorized university exercises amounting to at least 4 units per week of upper division or graduate grade during a regular session, or to at least 2 units of similar work during a Summer Session.

* In the case of graduate students exceptions to this rule may be made only by permission of the Dean of the Graduate Division. In the case of undergraduate students no exceptions will be made.

The Master's Degree.

Students will pursue one of the following plans for the fulfillment of the requirements for the master's degree, depending on the department selected for the major work. Departments are required to adopt one or the other of the plans, and are expected to adhere to such choice for not less than two successive academic years.

Upon recommendation of the department concerned, the Graduate Council may grant special permission to an individual student to follow the plan other than that adopted by the department of his major work.

Plan 1.—There are required 20 semester units and in addition a thesis. The courses must be graduate courses or upper division undergraduate courses. At least 8 of the 20 units must be strictly graduate work in the major subject; no unit credit is allowed for the thesis. It is expected that the work of the graduate course, or courses, together with the thesis, will ordinarily amount to not less than half of the entire work presented for the degree. Provided the foregoing general and the special departmental requirements be met, the work may be distributed among any courses numbered in the 100 or 200 series. The student is subject to guidance by the major department respecting the distribution of his work among the departments.

With the special approval of the Graduate Council, the candidate may satisfy the 20-unit requirement for the degree by a comprehensive supervised plan of research leading to an acceptable thesis, the schedule for each candidate to be as follows:

Research (designation and number of course), 8–12 units per semester, or 2–4 units per Summer Session.

Plan 2.—There are required 24 units of upper division and graduate courses, of which at least 12 units must be in strictly graduate courses in the major subject. The student is subject to guidance by the major department respecting the distribution of his work among the departments.

A comprehensive final examination in the major subject, to be of such nature and to be conducted in such manner as may be determined by the department concerned, is required of every candidate.

Only courses in which the student is assigned grades "A," "B," or "C" may be counted in satisfaction of the requirements for the master's degree. Furthermore, the student must maintain an average of two grade points per unit in those courses and in all courses elected during the period of candidacy for the master's degree. Three points per unit are assigned to grade "A"; two points to grade "B"; one point to grade "C"; none to grades "D," "E," or "F." (Applies to both plans.)

Special departmental requirements additional to the general requirements described above may be found in the Departmental Graduate Announcements.

Choice of plans has been made by the several departments and groups as follows:

Plan 1

Agriculture:	Chemistry
Agricultural Chemistry	Civil Engineering
Agricultural Technology I	Dentistry
(Fruit Products)	Economics
Entomology and Parasitology	Genetics
Landscape Design	Geography
Comparative Pathology	Geological Sciences
Plant Pathology	History
Soil Science	Household Art
Anatomy	Household Science
Animal Nutrition	Irrigation
Anthropology	Jurisprudence
Astronomy	Latin-American Affairs
Bacteriology	Microbiology
Botany	Mining and Metallurgy
Systematic Botany and Plant	Music
Morphology	Oceanography
Paleontology	Oriental Languages
Petroleum Engineering	Political Science
Pharmacology	Psychology
Physical Education	Public Health
Physiology	Semitic Languages
Business Administration	Zoology

Plan 2

Agriculture:	Electrical Engineering
Agricultural Economics	English
Agricultural Engineering	French
Agricultural Technology II	German
(Dairy Industry)	Greek
Agronomy	Italian
Animal Industry	Latin
Animal Physiology	Librarianship
Forestry	Mathematics
Horticulture	Mechanical Engineering
Poultry Industry	Philosophy
Truck Crops	Physics
Architecture	Plant Physiology
Art	Slavic Languages
Biochemistry	Social Institutions
Education	Spanish

The Doctor's Degree.

The work for the Ph.D. is not estimated in units of credit, but must be specially planned for every candidate. There are required normally four years of university residence for a bachelor's degree, one additional year for a master's degree, and at least two additional years for a doctor's degree; and while advanced credit may be given for work done at other universities, the candidate's final year of residence for any degree must ordinarily be spent in the University of California.

Except by special arrangement work for the Ph.D. can ordinarily be pursued only during regular sessions. While one Summer Session is not accepted toward the minimum residence for the Ph.D. degree, an Inter-session and Summer Session immediately following as constituting the equivalent of a continuous semester, may be accepted toward the minimum residence requirement.

In every case students desiring credit for upper division or graduate courses should make definite arrangements therefor with the instructor at the beginning of the session. The specific courses which will be recognized as upper division or graduate courses toward a higher degree will be announced in a supplementary leaflet to be issued shortly before the opening of the session. Students electing work in the Summer Session or Inter-session as part of a program for a higher degree should consult the Announcement of the Graduate Division for information regarding facilities and departmental requirements. Graduate students should consult, also, the Dean of the Graduate Division at his office in 113 California Hall.

Certificates of Completion of Teacher-Training Curricula.

The University issues formal certificates of completion of the Teacher-Training Curricula only to those who hold a bachelor's degree and who have completed the professional and academic requirements in accordance with the regulations of the State Department of Education and of the School of Education. In Berkeley, training is offered leading to an official recommendation to the State Department of Education for the following credentials: Administration, Supervision, General Secondary, Junior College, Junior High-Elementary. A year of resident work is required for official recommendation. The University is authorized by the State Department of Education to recommend for the following credentials in addition to those listed above: Research, Health Education, Physical Education, Vocational Education, Art (through affiliation with the California School of Fine Arts), Librarianship (students in the School of Librarianship may meet the requirements for the Special Credential in Librarianship), and Child Welfare and Attendance (Graduates of the Curriculum in Social Service may qualify for the credential in Child Welfare and Attendance).

Graduates of other universities and colleges should follow the instruction given on pages 18 and 19 concerning the evaluation of transcripts by the Dean of the Graduate Division. For further information consult the Announcement of the School of Education or the Credential Counselor, Room 107 Haviland Hall. Certificates of record for Summer Session or Intersession work, whether of matriculation or of university grade, will be issued by the Recorder of the Faculties upon application of any student in the session; and personal recommendations from instructors may be obtained by school officers and others through the office of the Appointment Secretary.

Final Examinations.

By a general University rule, final examinations must be held in all courses with certain exceptions to be determined and announced during the first week of the session. In general, the final examinations will be held in lieu of the last recitation or other scheduled period for the course in question. Special examinations to suit the convenience of individuals will not be given.

If in a given course a final examination is required there can be no individual exemption from the examination. A student who fails to pass the examination does not receive credit for the course. Special examinations and reexaminations in summer courses are not permitted.

Other Requirements Concerning Credit.

Students who apply for credit in any course will be expected not only to complete all the work and examinations of the course but also to continue in regular attendance upon the class exercises until the *close of the session*; and students will be required to hand in all their work by that time, in order that the instructor may make his report in due season. Students are not authorized to continue any part of the work beyond the close of the session. No provision is made for reexamination or supplementary work for the removal of deficiencies.

Scholarship Grades.

The final result of the work of students in every course of instruction (graduate and undergraduate) in the Summer Session will be reported to the Recorder in the same grades* as are employed in the regular sessions.

* Grades—A, excellent; B, good; C, fair; D, barely passing; E, conditioned; F, failure. It should be noted with respect to grade E that in the Intersession and Summer Session no reexamination or special examinations are provided for the removal of conditions.

Grade points, or quality units, will be assigned as follows: grade A, three points per unit; B, two points per unit; C, one point per unit; D, no points per unit; E, or F, minus one point per unit. For further information see the *Circular of Information, Undergraduate Division at Berkeley*.

Undergraduate Curricula.

The University maintains at Berkeley six colleges, in each of which there is an undergraduate curriculum of four years, leading to a bachelor's degree, as follows:

The College of Letters and Science: to the degree of Bachelor of Arts.

The Colleges of Applied Science: to the degree of Bachelor of Science:

in the College of Commerce;

in the College of Agriculture—in any one of the following: plant science, animal science, entomology and parasitology, agricultural economics, forestry, landscape design;

in the College of Engineering—in any one of the following branches of engineering: agricultural, electric communications, electric power, irrigation, marine engineering and naval architecture, mechanical, railroad, sanitary and municipal, transportation;

in the College of Mining—(1) in mining, or (2) in metallurgy, or (3) in economic geology, or (4) in petroleum engineering;

in the College of Chemistry—(1) in chemistry, or (2) in chemical technology.

The University maintains at the University of California at Los Angeles, three colleges, in each of which there is an undergraduate curriculum of four years, leading to a bachelor's degree, as follows:

The College of Letters and Science (including the Lower Division in Chemistry, Commerce, Mining, and Engineering): to the degree of Bachelor of Arts.

The Teachers College: to the degree of Bachelor of Education.

The Branch of the College of Agriculture in Southern California: to the degree of Bachelor of Science: in the curriculum of subtropical horticulture.

The University has no preparatory department.

Professional Curricula.

Professional curricula leading to appropriate degrees in architecture, education, jurisprudence, medicine, public health, optometry, dentistry, and pharmacy are described in separate bulletins, obtainable free upon application to the University of California Press, Berkeley, California.

College of Letters and Science.

The curriculum of the College of Letters and Science includes three elements that may be considered characteristic and essential:

1. *Requirements to secure breadth of culture.* In the present curriculum no specific courses are required, but the student must select courses within certain designated groups, some of the groups being alternatively elective.

These groups have been chosen to present the more important fundamental types of human intellectual endeavor. At present these requirements are limited to the lower division, but the student is given a wide freedom of election in the upper division to continue cultural studies of his own choice.

2. *Requirements to provide for intensive study* in a field of the student's choice, carried through several years and including work of a distinctly advanced character in the "major."

3. *A reasonable freedom of elective time.* Freedom of election gives the student an opportunity to develop his personal power and initiative, but it also makes possible an unwise selection of courses. The College aims to minimize the dangers of an elective system of studies by moderate requirements to ensure proper distribution and concentration; and by the development of the faculty adviser system.

LOWER DIVISION*

The work of the lower division comprises the studies of the freshman and sophomore years. The junior certificate or its equivalent in the College of Letters and Science is required for admission to the upper division.

Students who transfer from other colleges of the University of California or from other institutions will be required to meet the junior certificate requirements, but will not be held strictly to the time distribution of requirements, if the credit allowed them in the University of California amounts to at least sixty units.

In the lower division of the College of Letters and Science it is expected that the student, in addition to fulfilling the prerequisites for the major work upon which he will concentrate in the upper division, will make an effort to establish a basis for that breadth of culture which will give him a realization of the methods and results of some of the more important types of intellectual endeavor, and a mental perspective that will aid him in reaching sound judgments. The junior certificate requirements were designed to provide in some degree for the accomplishment of this purpose, without unduly limiting the student's opportunity to satisfy his individual tastes and preferences.

Certain courses taken in the high school are accepted as fulfilling in part or in whole some of these junior certificate requirements. It is desirable that the student should so arrange his high school program as to reduce the required work in the fields of foreign language, mathematics, and natural science. This makes his program more flexible, gives him a greater freedom of choice, and prepares him to pass more quickly into advanced work or into new fields of study. In no case, however, does the satisfaction of junior

* See also study-lists regulations below.

certificate requirements in the high school reduce the amount of work required in the University for the junior certificate (60) or for the degree (124).

The degree requirement of 124 units is calculated on the assumption that the student will normally take 64 units of work in the lower division, including the prescribed work in military science and physical education, and 60 units in the upper division. However, the junior certificate will be granted on the completion of not less than 60 units of college work and the fulfillment of the following general and specific requirements:

(a) *General University Requirements*: Subject A; Military, 6 units (men); Physical Education, 2 units.

The examination in Subject A, the course in Subject A, and one-half unit in Physical Education can be completed in the Summer Session (see the description of the courses under departments). Courses listed under (b), (c), and (d) will be accepted toward the reduction of these requirements.

(b) *Foreign Language*. At least 15 units in not more than two languages. Each year of high school work in a foreign language will be counted in satisfaction of 3 units of this requirement. Courses given in English by a foreign language department will not be accepted in fulfillment of this requirement.

1. English, Public Speaking.
2. Foreign Language (additional to *b*). This may be satisfied in whole or in part in the high school, provided the language be Latin.
3. Mathematics: Plane Trigonometry, Plane Analytic Geometry, Introduction to Calculus. This may be satisfied partly in the high school.
4. Social Science.
5. Philosophy.

It is to be noted that requirement (*e*) must be satisfied in its entirety in the fall and spring sessions, or in the University of California Extension Division.

REGULATIONS CONCERNING LETTERS AND SCIENCE COURSES

At least 112 units offered for the degree of A.B. must be in courses chosen from the Letters and Science List of Courses, and the 36 units in upper division courses required in the upper division must be selected from the same list with the exceptions noted below.

The courses in the Intersession or Summer Session, 1933, which are in the Letters and Science List of Courses, are listed below.

Any course not included in the Letters and Science List of Courses but required, or accepted, by a department as part of its major or combination major or as a prerequisite therefor, will, for students offering a major or

combination major in that department at graduation but for no others, be treated as if it were in the Letters and Science List of Courses.

Upper division courses in hygiene will be accepted at graduation as on the Letters and Science List of Courses for students completing the Curriculum in Public Health (see p. 29) and courses in optometry will be so accepted for students completing the Curriculum in Optometry.

Colleges of Applied Science.

For information concerning curricula in these colleges, reference should be made to the following bulletins: for the curriculum of the College of Chemistry—the *Circular of Information*; the curriculum of the College of Engineering—the *Circular of Information* or the *Announcement of the College of Engineering*; the curriculum of the College of Agriculture—the *Prospectus of the College of Agriculture*; the curriculum of the College of Commerce—the *Announcement of the College of Commerce*, or the *Circular of Information*. Copies of these publications may be obtained from the Recorder of the Faculties.

Approval of Study Lists.

Lower division students already regularly matriculated in the University who are prospective candidates for the degree of A.B. (or for the degree of B.S. in the College of Commerce) are required to have their study-lists approved by the Dean of the College or his representative.

Upper division students in the College of Letters and Science are advised to consult the *Announcement of Courses, 1932-33*, for requirements in their major.

Changes in Study Programs.

Changes in study programs after the study-lists have been filed may be made only by permission of the Dean, to be obtained by written petition filed with the Recorder of the Faculties not later than Tuesday, May 30, 4:30 p.m. in the Intersession, and Tuesday, July 18, 4:30 p.m. in the Summer Session.

Curricula in Public Health Nursing and in Nursing Education.

Students who complete the curriculum in public health nursing will be granted certificates which will admit them to the examination conducted by the State Department of Public Health for the credential of Public Health Nurse. Students who complete the curriculum in nursing education will be granted certificates in nursing education. This curriculum is designed to supplement the basic training of nurses who desire to fill administrative, supervisory and teaching positions in schools of nursing.

Requirements for Admission.—Either curriculum is open to graduates of schools of nursing approved by the University of California who possess the California credential of Registered Nurse and who are eligible for admis-

sion to the University as regular undergraduate students. Students of nursing may be admitted to either curriculum for the final eight months period of their elective training when such election is approved by their schools. The general University requirements in relation to physical education and to Subject A (English Composition) apply to students who enroll in either curriculum.

Application for Admission to the University.—A form of application and a form for certificates of the high school or collegiate record will be supplied to any applicant for admission, upon request, by the Recorder of the Faculties.

Application for Admission to the Curricula.—A form for application to either curriculum, a form for the transcript of the applicant's record in the school of nursing, and a form for a certificate of health will be supplied upon request, by the Chairman of the Department of Hygiene.

Both applications should be submitted as far in advance of the date of registration as possible in order to allow time for the evaluation of credentials.

The Curriculum in Nursing Education requires the completion of 32 units approved by the Committee on Curricula for Nurses, with as many grade points as time units in the courses undertaken.

The Curriculum in Public Health Nursing requires the completion of 38 units during three semesters of residence of which six units (taken during the third semester) must consist of field work in Public Health Nursing. Conditions as to approval of program and attainment of grade points are identical with those in the curriculum in Nursing Education.

Prerequisite—Economics 1A (Principles of Economics), 3 units, and Psychology 1A (General Psychology), 3 units, are prerequisite to certain courses in both curricula. Students who have not completed these prerequisites prior to enrollment in the curriculum will be handicapped in planning their program. Both Economics 1A and Psychology 1A are generally available in the Intersession and Summer Session at Berkeley and in the Summer Session in Los Angeles.

Attendance at Intersessions and Summer Sessions.—Not more than 18 units of credit in either curriculum may be secured by attendance at Intersessions and Summer Sessions. The remaining units must be secured in the spring or fall semesters. Students contemplating satisfying some of the requirements in Intersession or Summer Session should consult the Chairman of the Department of Hygiene.

Accommodations and Expenses.

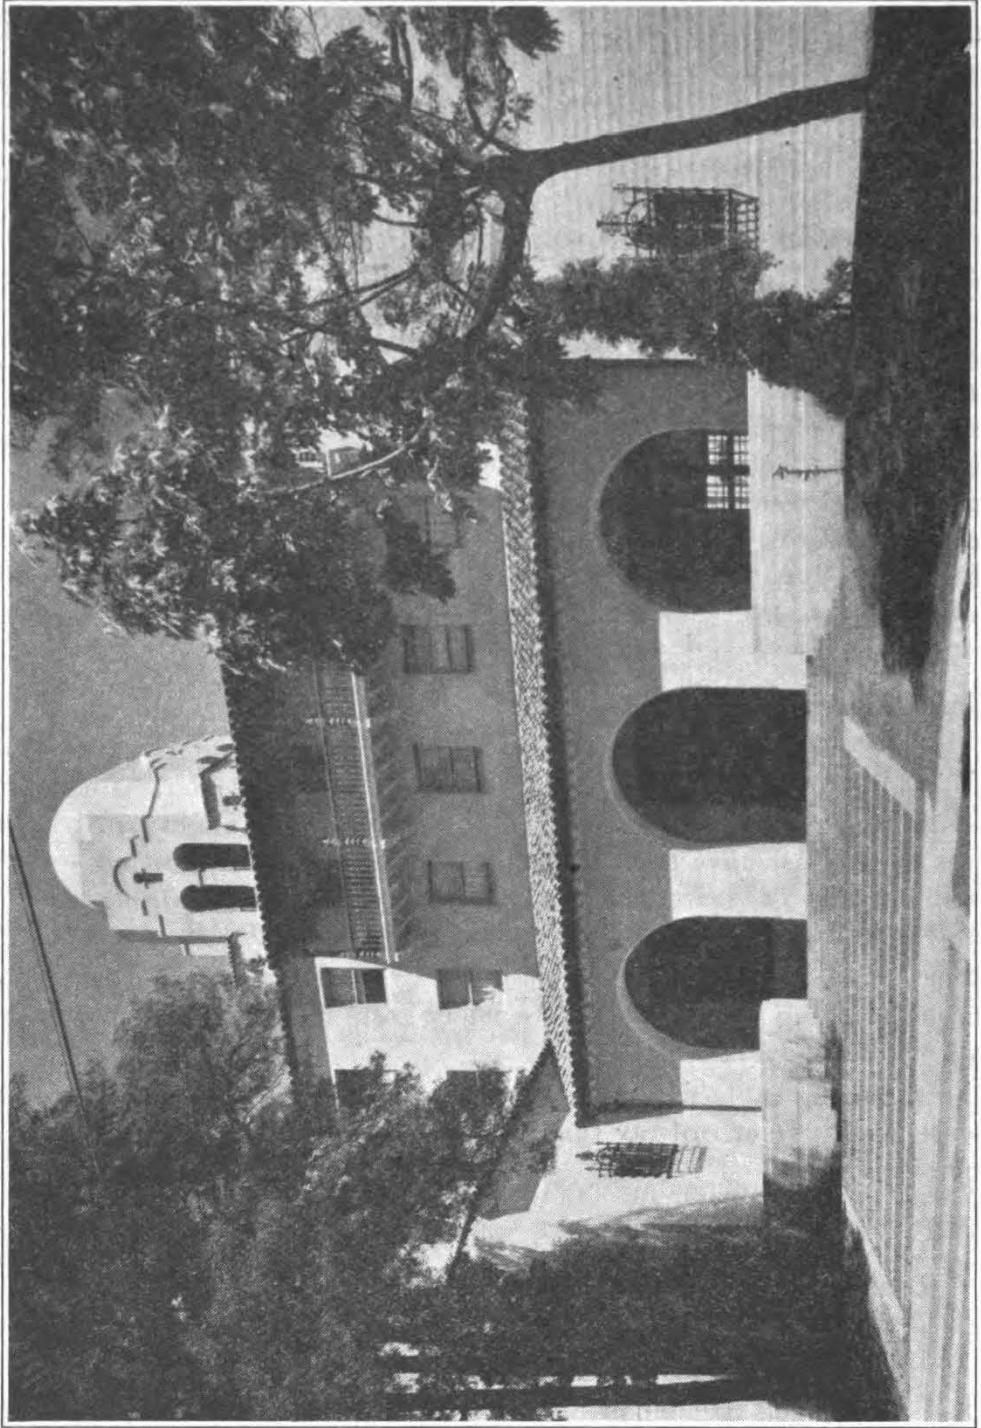

A list of approved living accommodations where students may obtain board and lodging at prices ranging from \$30 to \$65 a month is compiled annually by the Dean of Women and will be available about April 1. The houses on this list have been inspected with a view to sanitation, orderliness and safety. *To insure their protection and comfort, students are urged to consult this list before making their plans for accommodations.*

Every possible assistance will be given to strangers in their search for suitable boarding places. There are many restaurants in Berkeley where meals may be had á la carte.

The following table will enable the student to form an estimate of the expense, exclusive of railway fare, to be met in attending the six weeks of Summer Session:

University tuition fee.....	\$ 35.00—\$ 35.00
Laboratory fees (according to courses taken) ..	00.00— 28.00
Board and room, six weeks.....	45.00— 85.00
Textbooks and stationery.....	5.00— 15.00
Laundry.....	5.00— 12.00
Total.....	\$ 90.00—\$175.00

The Associated Students' Store carries all textbooks for Summer Session courses, as well as stationery and other supplies.

INTERNATIONAL HOUSE

International House.

International House, conveniently located on the campus, not only provides comfortable living accommodations, but large and comfortable social rooms are also placed at the disposal of the students. Kitchenettes, attached to some of the smaller discussion group rooms, may be used for private teas and suppers.

The purpose of International House is to promote international understanding and peace by bringing the representatives of the many races and nationalities together into intimate and friendly association. Its facilities will be available to the registered students of the Intersession and the Summer Session. The residents of International House during this period will have the privilege of partaking also in a program centering around the problems of international relationships. Plans are now being formed with the advice of the International Relations Committee of the University for such a program.

Each individual living in the House will have a single, completely furnished room. Towels, blankets, linen, etc., are included. International House provides the excellent eating facilities of a cafeteria which allows the residents the freedom to come and go as they desire. There will be some minimum requirement for each resident in this matter, but not such as to limit the freedom of the individual to eat elsewhere when he so desires.

The cost of residence in International House is nominal and in spite of the extensive facilities compares favorably with other living accommodations in the community.

A descriptive leaflet of the facilities and proposed program of activities, giving the cost of the same, will be sent on application to the Director of International House, University of California, Berkeley.

Spanish House.

Casa Hispana, located at 2520 Channing Way, will be open to teachers of Spanish and other Summer Session students interested in Spanish conversational practice.

Railroad Rates for the Intersession and the Summer Session.

Prospective students of the Intersession or Summer Session are urged to secure definite information at railroad offices with reference to summer rates from their respective cities.

Library.

Throughout the Summer Session the general Library of the University will be open from 8 a.m. to 10 p.m., Monday to Saturday inclusive, and from 9 a.m. to 5 p.m. Sunday. During the Intersession, the hours will be 8 a.m. to 6 p.m., Monday to Saturday inclusive; closed Sunday.

Full library privileges, including the home use of books, as accorded to regular University students, will be extended, without additional fee, to students in the summer courses, upon presentation of registration certificates.

The Ernest V. Cowell Memorial Hospital.

The University has a well equipped dispensary and hospital on the campus with a full complement of physicians and trained nurses. Every student is entitled to ordinary medical and hospital care at the Ernest V. Cowell Memorial Hospital without charge, it being distinctly understood that the illness to be treated arises after registration in the session. If an operation becomes necessary, a moderate charge is made, the funds received from such operation being used for the benefit of the Hospital. A minimum charge is made for dental service.

Appointment Secretary.

Students of the Intersession and Summer Session, as well as former graduates and students of the University of California, are entitled to the service of the office of the Appointment Secretary at 102 Haviland Hall. Teachers who are candidates for the California positions should, if possible, send for and fill out registration blanks prior to the opening of the session in order that confidential information regarding their scholarship and teaching experience may be secured in advance and their recommendations prepared for distribution. Though there is no fee for placement services, registrants pay five dollars which is used to defray the expense of copying their letters of recommendation. The office is open for the service of school officials from 9 a.m. to 12 m. and from 1 p.m. to 5 p.m., daily, except on Saturday, when it closes at noon. Candidates' hours are from 10:30 a.m. to 12 m. and from 2 p.m. to 5 p.m. The office will render more effective aid to superintendents and principals if it is notified in advance of the specific requirements of positions and the hour at which appointments are desired.

The Daily Californian.

The Daily Californian is issued by the Associated Students five times each week throughout the Summer Session. In addition to Summer Session news, it contains announcements of lectures, concerts, exhibits, meetings of University organizations, and information concerning the library, museums, art galleries, observatories, and other parts of the University of interest to visitors. The subscription price is \$1.00, payable at the office of the Associated Students of the University of California in John Morton Eshleman Hall. Subscription is included with other privileges in the Summer Session Associated Students membership fee of \$1.00. A *Californian* is also issued twice a week during the Intersession.

Special Lectures.

During the session of 1932 numerous special lectures were given both by members of the faculty and by distinguished visitors. Plans for a similar series are under way for this year's session.

Music and Drama.

The Committee on Music and Drama is planning for the Summer Session of 1933 the following activities:

1. A series of modern plays in Wheeler Auditorium.
2. A series of music recitals in Wheeler Auditorium.
3. Sunday Half-Hour of Music weekly in the Greek Theatre.
4. One or more outstanding dramatic productions in the Greek Theatre.

Y. M. C. A.

The University Young Men's Christian Association with its program of social service, religious discussion, and personal counseling is open without cost to all men of the University irrespective of race or creed. A reading room and a recreation room are available for use in its building at 2227 Union Street. The Association secretaries will be glad to render assistance in finding rooms, in arranging contacts with faculty members, or in any way desired.

Y. W. C. A.

The building of the Young Women's Christian Association of the University of California, situated on the corner of Allston Way and Union Street, a block west of Sather Gate, will be open during the Summer Session for the use of all women students. The building provides reading and rest rooms, a sunny patio, a foyer for students from other countries, and an information bureau. Information regarding professional services in the Y.W.C.A. either in this country or abroad, may be obtained at the Y.W.C.A. building.

Excursions.

An excursion to Mount Hamilton and the Lick Observatory will be arranged for the classes in astronomy and others who may be interested.

The student in Berkeley has within easy reach the libraries, museums, parks, concerts, lectures, and theatres of San Francisco and Oakland. During the summer, when the eastern season is over, many of the greater dramatic productions of the year are presented in both San Francisco and Oakland.

Attendants at the Summer Session will find it easy to plan outings in the country about Berkeley or across the bay in Marin County; boating on Lake Merritt or on the bay; a trip to Muir Woods, a national park of

redwoods; tramps in the Berkeley or Piedmont hills, to Lake Chabot, Grizzly Peak, or up Mount Tamalpais; salt water bathing at the Alameda beaches or the Piedmont baths; electric car rides through Oakland to such places as San Leandro, Hayward, and San Lorenzo; sightseeing trips about San Francisco, including Golden Gate Park, the Cliff House, Chinatown, and the Presidio; week end trips to nearby towns such as San Jose, Monterey, Santa Cruz, Santa Rosa, and Napa.

Site and Climate.

The campus of the University of California, situated on the lower slopes of the Berkeley hills, commands a splendid view over San Francisco Bay and the Golden Gate. Its 530 acres of land include a great variety of topography. From a height of some 200 feet above the sea, the gentler slopes on which stand most of the University buildings merge into the bolder slopes of the hills and extend to about 1300 feet elevation. Beyond the campus boundary, and reached by excellent trails, the nearby summits of the hills rise to heights of 1700 to 1900 feet above the sea. Around three sides of the campus lies Berkeley, a city of homes, with a population of about 82,000. San Francisco is a thirty-five minutes' ride from the campus by electric train and ferry; street cars run to the business center of Oakland in twenty-five minutes.

The climate of Berkeley is well suited for uninterrupted university work. The records of the meteorological station maintained by the University, covering a period of forty years, show an average temperature for June, July, and August of about 60°. The highest temperature for the day averages close to 70°, while the lowest temperatures of the nights average about 53°. These favorable temperature conditions are due to the marked prevalence of light southwest winds from the ocean, which give a distinctly invigorating character to the summer weather at Berkeley. "High fogs," which are fairly frequent accompaniment of the ocean winds, serve further to moderate the temperature. Low fogs, often associated with a coastal climate, are relatively infrequent. On rare occasions the moist southwest wind is replaced by a dry north or northeast wind, and at such times the temperature rises during the hottest part of the day to between 85° and 90°. Owing to their low humidity, these land winds are almost never oppressive. Temperatures around 95° have been noted a few times during the period of record. The summer at Berkeley is practically rainless, though the month of June occasionally has showers of short duration. Out-of-door activities of every sort may be planned without fear of interruption by weather. A light overcoat will be found useful, especially during the cool evenings.

CONFERENCES FOR ELEMENTARY SCHOOL PRINCIPALS

During the Summer Session of 1933 a conference for elementary school principals will be held on the Berkeley campus under the direction of the Department of Education. The meetings have been scheduled for July 11, 12, and 13.

A similar conference will be held on the Los Angeles campus, the meetings having been scheduled for July 18, 19, and 20.

Each conference will be planned and conducted in the same manner as the one held at Berkeley in the summer of 1932. The problems will be chosen from those submitted by the principals. A general discussion of each outstanding problem will be followed by a series of round table discussions conducted by the principals attending the conference. The registration fee is \$3.00.

Information concerning the conferences may be obtained by addressing Professor George C. Kyte, School of Education, University of California, Berkeley, California, or Professor Charles W. Waddell, Department of Education, University of California at Los Angeles, Los Angeles, California.

SCHOOL EXECUTIVES CONFERENCE

During the Summer Session of 1933, the third annual conference for school executives will be held under the auspices of the Department of Education. The first conference held in 1931 was attended by sixty superintendents, the program having been built around the problems of city superintendents. The program of the 1933 conference will be expanded over that of 1932 to include problems of the high school principal. General and special sessions will be arranged in accordance with the interests of the different groups.

The conference will be two weeks in length, July 17 to 28, inclusive. No prerequisites of admission will be required, no examinations imposed, and no University credit given. The registration fee will be \$10.00.

The topics to be included in the program, around which the syllabus for the conference will be made, will be selected as in the 1932 session by submitting check lists to school executives throughout the country.

OPPORTUNITIES FOR RECREATION

Hearst Gymnasium. In 1922, the Women's Gymnasium, a gift to the women students of the University by Mrs. Phoebe A. Hearst, was destroyed by fire. To replace the loss of the building, Mrs. Hearst's son, Mr. William Randolph Hearst, has presented to the University the new gymnasium for women, completed in January, 1927. This beautiful building is one of the most completely equipped in the country. It has three large gymnasia, three smaller ones for restricted work and corrective gymnastics; three out-door swimming pools of Italian marble, central control shower plant, complete dressing room and locker equipment; lecture and recreation rooms; offices. Classes in athletics, swimming, and dancing are held in this building during the Summer Session. One pool is open regularly for pleasure swimming. Opportunities are provided for tennis, hiking, riding trips, and informal play.

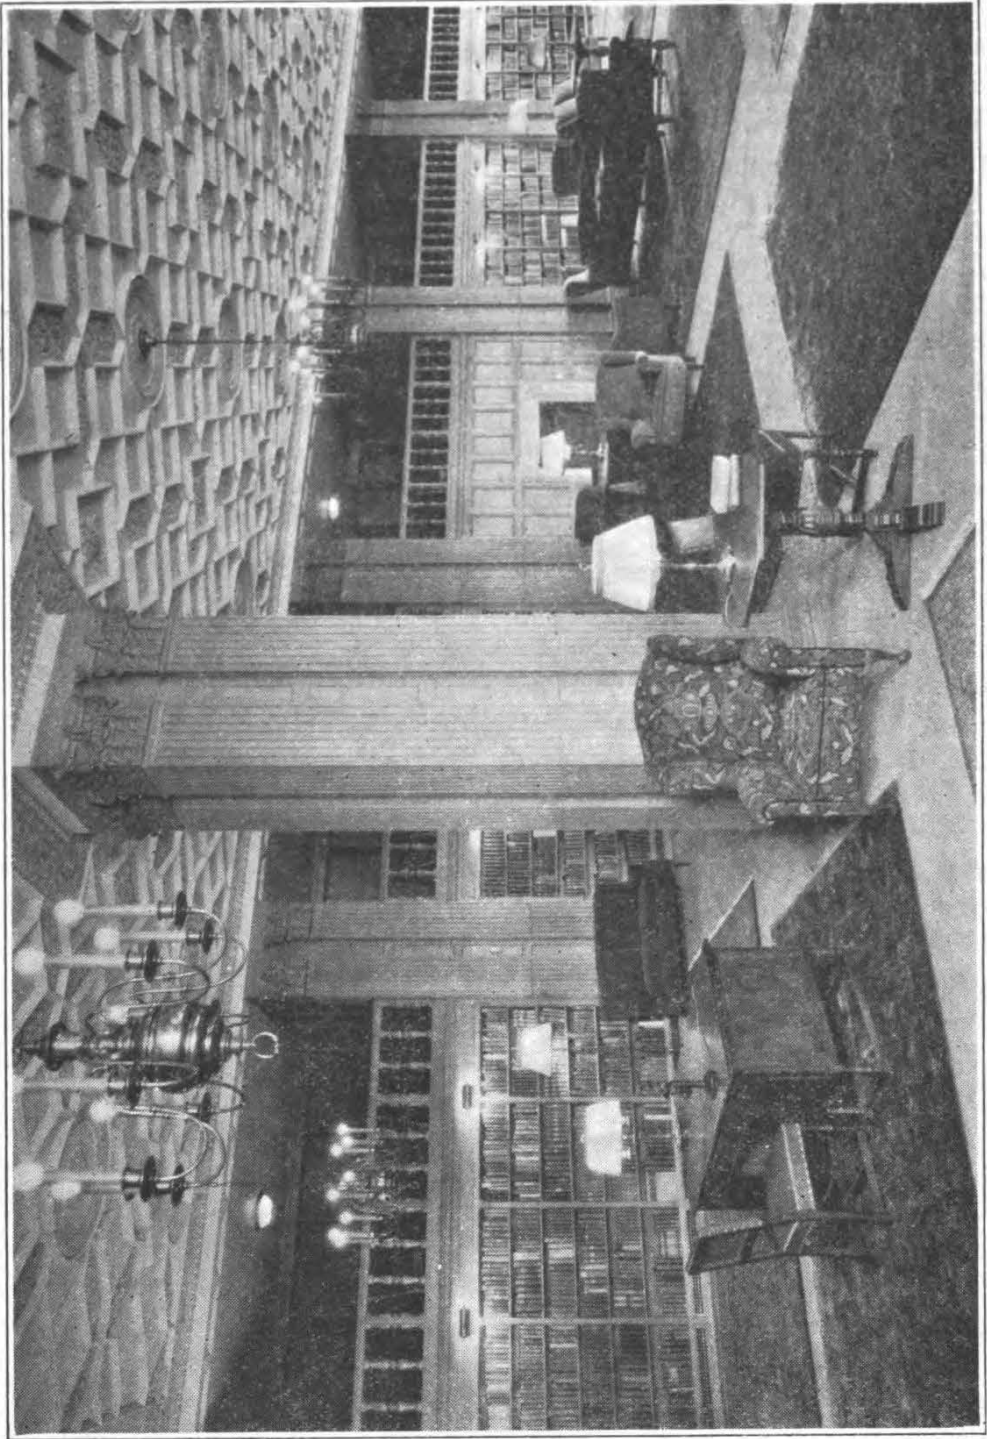

Men's Gymnasium. The new gymnasium, completed in January, 1933, is equipped with every modern facility for competitive sports and recreation. The main basketball auditorium with a floor space of 25,568 square feet and a seating capacity of 7,500 not only provides a floor for basketball but an area available for recreative games such as volley-ball, indoor baseball, hand tennis, and badminton. The building also contains special gymnasia for boxing, wrestling, fencing, and gymnastics. There are five regulation size squash racquets courts. Three tiled shower rooms contain 216 showers. The locker rooms provide accommodations for 3737 individuals. The physiotherapy division provides for massage, hydrotherapy, ultra-violet, rest, and first-aid treatments.

Joining the gymnasium, to the south, two outdoor tiled swimming pools present opportunities for swimming instruction and water sports. The large pool 100 by 60 feet is specially designed for instruction and recreational purposes, and the smaller pool 75 by 40 feet is equipped for competition in swimming, diving and water polo. The pools are protected on the east, west and south sides by a 16-foot wall and by the gymnasium to the north. A cement area 160 by 36 feet on the terrace deck just east of the pools and within the enclosure is equipped with gymnastic apparatus, diving boards with sand pits, and space for recreational games such as table-tennis, badminton, and hand tennis. A third pool located in Strawberry Canyon above the Memorial Stadium offers facilities for recreational water sports, and pageants. This pool is 232 feet long 76 feet wide and 10 feet deep, holding a million gallons of water.

Field and Court Facilities. Nine tennis courts, eight handball courts, the Memorial Football Stadium, the Edwards' track and 6-acre turfied field,

and the 5-acre Hilgard Field, offer opportunities for various outdoor sports. The tennis courts are open for general recreation during the entire Summer Session from 6 a.m. until dark except during the morning hours of 8 to 12, when regular class instruction is in action. Tournaments are arranged for the students interested in participating in this sport.

Henry Morse Stephens Hall. This building fulfills a long-cherished desire of the students and alumni of the University. The basement and mezzanine floor are occupied by the Associated Students' store and the printing office. The office wing is devoted to the activities of students and alumni. The first and second floors in the club wing are arranged as lounging rooms for men and women. The tower room, known as the Henry Morse Stephens Memorial Room, is reserved as a gathering place for students and alumni.

MORRISON LIBRARY

THE UNIVERSITY

The University of California was founded in 1868 and is, by the terms of its charter, an integral part of the educational system of the state. At Berkeley are the Colleges of Letters and Science, Commerce, Agriculture, Engineering, Mining, and Chemistry; the Schools of Architecture, Education, Jurisprudence, Librarianship, and the instruction of the first year of the Medical School. At Mount Hamilton is the Lick Astronomical Department (graduate research). In San Francisco are the Hastings College of the Law, the Medical School (second, third, fourth, and fifth years, including Hospitals), the College of Dentistry, and the California College of Pharmacy. In Los Angeles are the University of California at Los Angeles, the Branch of the College of Agriculture in southern California, and the Los Angeles Medical Department (graduate instruction only). At Riverside is the Branch of the College of Agriculture in southern California including the Citrus Experiment Station and Graduate School of Tropical Agriculture. At La Jolla is the Scripps Institution of Oceanography. At Davis is the Branch of the College of Agriculture. At Berkeley there are 629 principal officers of instruction and administration and 452 other officers; 50 departments of instruction; about 16,963 students in 1932-33, including the Summer Sessions of 1932; the general library, supplemented by the Bancroft, Morrison, Lange, and other collections; museums and laboratories; and the agricultural experiment grounds and station, which are invaluable adjuncts of the farming, orchard, and vineyard interests of the state. In San Francisco there are 551 officers of administration and instruction, including demonstrators and other assistants; and about 921 students in 1932-33. There are at the University of California at Los Angeles 327 officers, and about 9,338 students in 1932-33, including those attending the 1932 Summer Session in Los Angeles.

LIBRARY

The General Library, housed in the building made possible by the bequest of the late Charles Franklin Doe, now contains more than 810,000 volumes. It is constantly augmented by donations and exchanges and by large purchases of books with the income from the Michael Reese, Jane K. Sather, E. A. Denicke, Alumnus, Meyer, Carpentier, and other funds. Books are specially bought each year for the particular courses offered during the

Summer Session. All Summer Session students may enjoy full privileges of the Library, including the drawing of books, upon presentation of registration certificates.

The Bancroft Library contains several thousand books and manuscripts referring to Spanish American and Western American history, all of which are available to graduate students at individual desks, and to undergraduates for work in courses.

Several of the departments of instruction have collections of books, useful for ready reference and classroom work.

MUSEUMS AND LABORATORIES

For students pursuing research and graduate study, laboratories and laboratory equipment are available. With the completion of the Life Sciences Building in 1930, all of the scientific departments are adequately equipped with museums and laboratories.

The Museum of Anthropology, on the Berkeley campus since 1931, contains over 100,000 specimens illustrating the history and development of culture from the earliest times. The Museum was founded by Mrs. Phoebe A. Hearst, and is the largest of its kind west of Chicago.

COURSES OF INSTRUCTION

AGRICULTURE

INTERSESSION COURSES

(May 8 to June 16, 1933)

A qualified student may pursue at Berkeley, Riverside, or Davis, during the period of the Intersession the courses for advanced undergraduates numbered 199* and the graduate courses numbered in the 200 series as announced in the Annual Announcement of Courses, 1932-33, of the University of California, or in the Prospectus of the College of Agriculture. Since the above courses are for advanced and graduate students only, in every case arrangements must be made in advance of registration, if possible, with the instructor concerned.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

In addition to the courses listed below a qualified student may pursue at Berkeley, Riverside, or Davis, during the period of the Summer Session the courses for advanced undergraduates numbered 199* and the graduate courses numbered in the 200 series as announced in the Annual Announcement of Courses, 1932-33, of the University of California, or in the Prospectus of the College of Agriculture. Since the above courses are for advanced and graduate students only, in every case arrangements must be made, in advance of registration, if possible, with the instructor concerned.

* No 199 courses will be offered at Riverside.

AMERICAN INSTITUTIONS

AUSTIN MACDONALD, Ph.D., Professor of Political Science.

INTERSESSION COURSE

(May 8 to June 16, 1933)

S101. American Institutions.

Professor MACDONALD

The formation, sources, and development of the national and state constitutions, the American executives, the national and state administrative systems, American legislative bodies, the national and state judicial systems, American territories and dependencies, American citizenship, the party system, and local government institutions. 2 units.

M Tu W Th F, 9.

Open only to students who have junior standing or the equivalent. Prescribed for all candidates for the bachelor's degree and for all candidates for the High School Teacher's Credential. Not open to students who take or have taken History 171A-171B, 172A-172B, Political Science 151, or Political Science 113.

ANTHROPOLOGY

LESLIE SPIER, Ph.D., Research Associate in Anthropology and Linguistics,
Yale University.

EDWARD W. GIFFORD, Curator of the Anthropological Museum and Lecturer
in Anthropology.

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or equivalent training.

INTERSESSION COURSES

(May 8 to June 16, 1933)

S1A. **General Anthropology: Origin and Antiquity of Man.** Mr. GIFFORD
Man as an animal; fossil man; heredity; races and race problems;
earliest culture. 2 units.
M Tu W Th F, 9.

S105. **The American Indians.** Mr. GIFFORD
Prehistory of America; the native races; development, spread, and
attainments of culture. 2 units.
M Tu W Th F, 10.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

S1B. **General Anthropology: Origin and Growth of Civilization.** Dr. SPIER
The source and growth of institutions, arts, customs, industries,
language, and religion. 2 units.
M Tu W Th F, 9.

123. **Indians of the Southwest.** Dr. SPIER
Life and customs of Pueblo and nomadic tribes. Basket Makers, Cliff
Dwellers, and ancestral Pueblos; time scale and recent archaeological
discoveries; relations with Mexico and elsewhere. Illustrated with
slides, museum specimens, and music. 2 units.
M Tu W Th F, 10.

ART

LEAH I. RINNE, M.A., Instructor in Art, Dominican College.

RAY S. BOYNTON, Lecturer in Art.

CHIURA OBATA, Lecturer in Art.

The Department of Art reserves the right to admit to each of its practice courses only as many students as can be profitably taught in one group.

Courses 105, S115, S132, S215, and 245 may be repeated without duplication of credit; maximum credit obtainable: 4 units in each course.

ASTRONOMY

WILLIAM F. MEYER, Ph.D., Professor of Astronomy.

SUMMER SESSION COURSE

(June 26 to August 4, 1933)

S1. Elements of Astronomy.

Professor MEYER

An introductory course. General facts and principles underlying the science of astronomy in all its branches. Prerequisite: elementary algebra and plane geometry. 2 units.

M Tu W Th F, 9.

BACTERIOLOGY

MAX S. MARSHALL, Ph.D., Associate Professor of Bacteriology, Medical School.

SUMMER SESSION COURSE

(June 26 to August 4, 1933)

Sl. General Bacteriology.

Associate Professor **MARSHALL**

The fields of bacteriology; relationships among bacteria, yeasts, molds, protozoa, filtrable viruses; microscopic examination and cultivation of bacteria; fermentation and putrefaction; sterilization and disinfection; historical background; introduction to the bacteriology of air, soil, sewage, water, milk and milk products, other foods; introduction to the process of infection, the resistance to infection, and certain human, animal and plant diseases. Prerequisite: (1) Chemistry 1A or (2) high school chemistry and Physiology 1. 4 units.

M Tu W Th F, lectures, 1; laboratory, 2-5. Laboratory fee, \$5.00.

BOTANY

LEE BONAR, Ph.D., Associate Professor of Botany.

RICHARD M. HOLMAN, Ph.D., Associate Professor of Botany.

A laboratory fee of \$3 is charged in S2A.

INTERSESSION COURSE

(May 8 to June 16, 1933)

S2A. General Botany.

Associate Professor BONAR

A survey of fundamental biological facts and principles as illustrated by the seed-bearing plants. A study of the properties of protoplasm, the structure and activities of the cell and of the principal organs of the plant, reproduction, and the mechanism of heredity. The equivalent of course 2A in the regular session. 4 units.

M Tu W Th F, lectures, 8; laboratory, 9-12.

SUMMER SESSION COURSE

(June 26 to August 4, 1933)

S2A. General Botany.

Associate Professor HOLMAN

A survey of fundamental biological facts and principles as illustrated by the seed-bearing plants. A study of the properties of protoplasm, the structure and activities of the cell and of the principal organs of the plant, reproduction, and the mechanism of heredity. The equivalent of course 2A in the regular session. 4 units.

M Tu W Th F, lectures, 8; laboratory, 9-12.

On certain week-ends during the Summer Session field trips will be conducted by Professor Holman to regions of botanical interest in the vicinity of Berkeley.

CHEMISTRY

GERALD E. K. BRANCH, Ph.D., Professor of Chemistry.
 ERMON D. EASTMAN, Ph.D., Professor of Chemistry.
 GEORGE E. GIBSON, Ph.D., Professor of Chemistry
 AXEL R. OLSON, Ph.D., Professor of Chemistry.
 GERHARD K. ROLLEFSON, Ph.D., Associate Professor of Chemistry.
 THOMAS D. STEWART, Ph.D., Associate Professor of Chemistry.

The chemical laboratories will be open daily, except Saturdays, from 8 a.m. to 5 p.m. The fee for each of the courses A, S1A, and S1B, is \$14; for course S100 it is \$25; for courses S5 and S6A it is \$17; and for courses S9 and S101 it is \$27.

INTERSESSION COURSES

(May 8 to June 16, 1933)

S1A. General Inorganic Chemistry and Qualitative Analysis.

Professor EASTMAN

Prerequisite: high school chemistry and physics, or either subject alone with a grade of A or B. These prerequisites may be waived for students above the freshman year whose university records are good. 5 units.

Lectures, M Tu W Th F, 9; laboratory, M Tu W Th F, 1-4. The first hour of each laboratory period is reserved for discussion and quiz.

S5. Quantitative Analysis: Short Course.

Professor OLSON

Primarily for students who do not intend to take further work in chemistry. Prerequisite: Chemistry 1A-1B, or its equivalent, with a grade of C or higher. 3 units.

Laboratory, M Tu W Th F, 1-5. The first hour, Tu Th alternating F, is reserved for lecture and quiz.

S6A. Quantitative Analysis: Full Course.

Professor OLSON

Prerequisite: Chemistry 1A-1B with a grade of C or higher. 3 units.

Laboratory, M Tu W Th F, 1-5. The first hour, M W alternating F, is reserved for lecture and quiz.

S8. Elements of Organic Chemistry.

Associate Professor STEWART

An introduction to the study of the carbon compounds. Prerequisite: Chemistry 1A-1B with a grade of C or higher. 3 units.

Lectures, M Tu W Th F, 8; quiz, Tu Th, 10.

S100. Organic Chemistry: Advanced Course.

Associate Professor STEWART

Quantitative analytical methods of organic chemistry. Prerequisite: Chemistry 8 and 9 and either 5 or 6A. 3 units.

Laboratory, M Tu W Th F, 1-5. The first hour, Tu Th alternating F, is reserved for lecture and quiz.

S101. Organic Chemistry: Advanced Course.

Associate Professor STEWART

Synthetic methods of organic chemistry. An introduction to research methods. Prerequisite: course 8, 9, and 100, and a reading knowledge of German. 3 units.

Laboratory, M Tu W Th F, 1-5. The first hour, Tu Th alternating F, is reserved for lecture and quiz.

S199. Special Study for Advanced Undergraduates.

The STAFF (Professor OLSON in charge)

2-3 units.

S280. Research.

The STAFF (Professor OLSON in charge)

2-6 units.

SUMMER SESSION COURSES*(June 26 to August 4, 1933)***A. Elementary Chemistry**

An introduction to general chemistry. Credit for matriculation chemistry will be given for the satisfactory completion of this course. Lectures and experimental illustration, or recitations, and 15 hours of laboratory work per week.

Lectures, M Tu W Th F, 8; laboratory, M Tu W Th F, 9-12.

S1B. General Inorganic Chemistry and Qualitative Analysis.

Professor GIBSON

Continuation of Chemistry S1A. 5 units.

Lectures, M Tu W Th F, 9; laboratory, M Tu W Th F, 1-4. The first hour of each laboratory period is reserved for discussion and quiz.

S8. Elements of Organic Chemistry.

Professor BRANCH

An introduction to the study of the carbon compounds. Prerequisite: Chemistry 1A-1B with a grade of C or higher. 3 units.

Lectures, M Tu W Th F, 8; quiz, Tu Th, 10.

S9. Organic Chemistry: Laboratory.

Professor BRANCH

The preparation of organic compounds; a study of their properties and characteristic reactions. Open to students who have taken or are taking Chemistry S8. 3 units.

Laboratory, M Tu W Th F, 1-5. The first hour, M W F, is reserved for lectures and recitation.

S110. Physical Chemistry.

Associate Professor ROLLEFSON

Lectures and problems. Prerequisite: Chemistry 5 or 6A, and Physics 1A-1B or 2A-2B. 3 units.

Lectures, M Tu W Th F, 10, and Tu Th, 8.

150. Advanced Inorganic Chemistry.

Associate Professor ROLLEFSON

The interpretation of inorganic chemistry in terms of atomic structure and simple thermodynamics. Designed to acquaint teachers with recent advances in this field. Admission on consultation with the instructor. 3 units.

Lectures, M Tu W Th F, 9, and M W, 11.

S199. Special Study for Advanced Undergraduates.

The STAFF (Professor BRANCH in charge)

2-3 units.

S280. Research.

The STAFF (Professor BRANCH in charge)

2-6 units.

CHILD DEVELOPMENT

The following courses in various departments offer material of special interest to students in the field of child development:

The Growth and Development of Children. Associate Professor BAILEY
(See Education S111.)

Health Problems in the Secondary Schools. Associate Professor BAILEY
(See Education S171.)

Mental Hygiene Problems of Childhood and Adolescence. Dr. WILSON
(See Education 393.)

Developmental Psychology. Dr. BURKS
(See Psychology S170.)

The Gifted Child. Dr. BURKS
(See Psychology 177.)

Human Relations. Professor CABOT
(See Social Ethics 100.)

A series of public lectures on the Psychology of Childhood and Youth will be given by Mrs. Ella Lyman Cabot during the period of the Summer Session. The subjects of her lectures are as follows: Periods of Childhood and the Changes Involved—Infancy to Adolescence; The Special Problems of Adolescence; Different Types of Children; The Inner World of Childhood and Youth; The Psychology of Under-Privileged Children; The Problem Child; Fear and Its Near Neighbors; Dishonesty: Causes and Treatment; Methods and Qualities Needed by Parents and Social Workers; Lying and the Development of Truthfulness; Scars of the Soul, or Moral Wounds; Criticism and Blame; Praise and Encouragement; The Dangers of Broken Confidence; Faults Concealing Virtues; Temptations to Rightdoing; The Spiritual Life of Children and Its Guidance.

Attention is called to the Children's Recreation Service under the Department of Physical Education for Men, page 101.

DRAMA

While the University does not maintain a department under the title of the Drama, it offers, in the following courses in other departments, material of special interest to students in that field:

The English Drama. (See English S114B.)	Assistant Professor BUELL
Shakespeare. (See English 117F.)	Assistant Professor BUELL
Contemporary French Drama. (See French S115B.)	Assistant Professor FITE
Dramas and Critical Writings of Lessing. (See German 120.)	Professor PRICE
Principles and Practice of Play Directing. (See Public Speaking 112.)	Miss LUTZ
Poetry Speaking. (See Public Speaking 115.)	Miss GULLAN
Spoken Poetry in the Schools. (See Public Speaking 302.)	Miss GULLAN
The Art of Reading Aloud. (See Public Speaking S2A.)	Miss LUTZ
Russian Novelists and Dramatists of the Nineteenth Century. (See Slavic S130.)	Associate Professor KAUN
An Intensive Study of the Spanish Novel and Drama from 1870. (See Spanish 228.)	Assistant Professor LEONARD
Literary Interpretation. (See Public Speaking S111A—Intersession.)	Associate Professor BLANKS

ECONOMICS

JAMES HERBERT STWARD BOSSARD, Ph.D., Professor of Sociology, Wharton School, University of Pennsylvania.

ROY B. KESTER, Ph.D., Professor of Accounting, Columbia University.

LORNE T. MORGAN, Ph.D., Assistant Professor of Economics, University of Toronto.

IRA B. CROSS, Ph.D., Professor of Economics on the Flood Foundation.

STUART DAGGETT, Ph.D., Professor of Transportation on the Flood Foundation.

CHARLES A. GULICK, JR., Ph.D., Associate Professor of Economics.

CHARLES C. STAEHLING, M.S., C.P.A., Associate Professor of Accounting.

MARVEL M. STOCKWELL, Ph.D., Assistant Professor of Economics, University of California at Los Angeles.

MALCOLM M. DAVISSON, Ph.D., Instructor in Economics.

ALLEN BUCHANAN, A.B., Lecturer in Economics.

LEO ROGIN, Ph.D., Lecturer in Economics.

MARGUERITE SPIERS, A.B., Lecturer in Social Economics.

Prerequisite for all upper division courses: Economics 1A-1B and junior standing.

INTERSESSION COURSES

(*May 8 to June 16, 1933*)

S1A. Principles of Economics.

Professor CROSS

An introductory study of the principles of economics, including fundamental economic concepts, value, price, business organization, monopoly, money, banking, and international trade. Prerequisite: sophomore standing. Five hours of lectures and two hours of quiz sections. 3 units.

M Tu W Th F, 9, and two quiz sections.

S10. Industrial and Commercial History of Europe.

Mr. BUCHANAN

A general survey from the eleventh century to modern times, with special emphasis upon the growth and development of English industry and commerce. No prerequisite. 2 units.

M Tu W Th F, 10.

S14A. Principles of Accounting.

Associate Professor STAEHLING

Basic course in principles of accounting. Treated from the standpoint of the business executive. Accounting statements, the theory of debit and credit, the books and records, modern business papers, the accounting process, working sheets, summaries, interpretation of accounting reports. Prerequisite: sophomore standing. 3-4 units. Fee, \$5.

M Tu W Th F, 8; laboratory, M W F, 3-5, for students seeking 3 units; laboratory, M Tu W Th F, 3-5, for students seeking 4 units.

S100. Economic Theory.

Mr. BUCHANAN

Required of all students majoring in Economics. Prerequisite: Economics 1A-1B and at least junior standing. 2 units.

M Tu W Th F, 11.

S133. Corporation Finance.

Associate Professor STAEHLING

A study of the instruments and methods of financing a corporation with reference primarily to the effect on the corporation and its stockholders. 2 units.

M Tu W Th F, 9.

S135. Elements of Money, Banking, and Foreign Exchange.

Professor CROSS

The nature and principles of money, the principles of banking with practical applications, historical treatment of chief monetary and banking systems with special reference to their present status. 2 units.

M Tu W Th F, 10.

S173. Inland Transportation.

Professor DAGGETT

Discussion of steam railroads, motor vehicles, aircraft, street and interurban railways, and inland waterways; traffic carried, rates, terminal problems, consolidations, regulations. 2 units.

M Tu W Th F, 11.

255. Medical Social Work.

Miss SPIERS

Advanced studies in medical social work. Limited to students who have completed the first and second semesters required in Option II of the Curriculum in Social Service. 4 units.

M Tu W Th F, 10-12.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

S1A. Principles of Economics.

Dr. DAVISSON

An introductory study of the principles of economics, including fundamental economic concepts, value, price, business organization, monopoly, money, banking, and international trade. Prerequisite: sophomore standing. Five hours of lectures and two hours of quiz sections. 3 units.

M Tu W Th F, 9, and two quiz sections.

S1b. Principles of Economics.

Assistant Professor STOCKWELL

A continuation of course S1A. Distribution, including rent, interest, wages, profits, with special reference to current economic and social problems. Prerequisite: S1A. Five hours of lectures and two hours of quiz sections. 3 units.

M Tu W Th F, 9, and two hours of quiz sections.

S10. Industrial and Commercial History of Europe.

Assistant Professor MORGAN

A general survey from the eleventh century to modern times, with special emphasis upon the growth and development of English industry and commerce. No prerequisite. 2 units.

M Tu W Th F, 11.

S14A. Principles of Accounting.

Professor KESTER

Fundamentals of accounting, the accounting process, the proprietorship equation, accounting records, preparation of balance sheets and profit and loss statements. Prerequisite: sophomore standing. No previous knowledge of bookkeeping required. 3-4 units. Fee, \$5.

M Tu W Th F, 8. Laboratory, M W F, 1-3, for students seeking 3 units; laboratory, M Tu W Th F, 1-3, for students seeking 4 units.

S14B. Principles of Accounting.

Professor KESTER

Prerequisite: course S14A. 3-4 units. Fee, \$5.

M Tu W Th F, 9. Laboratory, M W F, 1-3, for students seeking 3 units; laboratory, M Tu W Th F, 1-3, for students seeking 4 units.

S100. Economic Theory.

Dr. ROGIN

Required of all students whose major is Economics. Prerequisite: Economics 1A-1B and at least junior standing. 2 units.

M Tu W Th F, 2.

S123. Marketing.

Dr. DAVISSON

The principles of marketing; the organization of the market; functions of middlemen; channels of distribution. 2 units.

M Tu W Th F, 8.

S135. Elements of Money, Banking, and Foreign Exchange.

Assistant Professor MORGAN

The nature and principles of money, the principles of banking with practical applications, historical treatment of chief monetary and banking systems with special reference to their present status. 2 units.

M Tu W Th F, 10.

S150. Labor Economics.

Associate Professor GULICK

The social background of labor legislation and trade unionism, and the economic forces which result in their development. 2 units.

M Tu W Th F, 9.

S155. History of Labor.

Associate Professor GULICK

 MELLEN W. HASKELL, Ph.D., Professor of Mathematics.
 FRANK IRWIN, Ph.D., Associate Professor of Mathematics.
 ELMER C. GOLDSWORTHY, Ph.D., Assistant Professor of Mathematics.
 BING C. WONG, Ph.D., Assistant Professor of Mathematics.
 DEWEY C. DUNCAN, Ph.D., Instructor in Mathematics.
 EDWARD B. ROESSLER, Ph.D., Instructor in Mathematics.

INTERSESSION COURSES

(May 8 to June 16, 1933)

S2. Mathematical Theory of Investments.

Assistant Professor GOLDSWORTHY

Prerequisite: plane trigonometry and two years of high school algebra, or course 1. Prescribed in the College of Commerce. 2 units.

M Tu W Th F, 8.

S111. Theory of Algebraic Equations.

Professor HASKELL

Prerequisite: courses 8 and 9. 2 units.

M Tu W Th F, 9.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

B. Plane Geometry.*

Dr. DUNCAN

This course is acceptable in lieu of one unit of matriculation credit in plane geometry.

M Tu W Th F, 7:40-9 a.m.

SC. Plane Trigonometry.

Associate Professor IRWIN

The development of the general formulae of plane trigonometry with application to the solution of triangles, and practice in the use of logarithmic tables. Prerequisite: the high school course in algebraic theory. 2 units.

M Tu W Th F, 8.

S1. Intermediate Algebra.

Dr. ROESSLER

Prerequisite: one year of high school algebra. 2 units.

M Tu W Th F, 9.

* Students registering in Plane Geometry may not enroll for more than four units of credit.

- S3B. Differential Calculus.** Assistant Professor WONG
Prerequisite: course 3A or course 5. 3 units.
M Tu W Th F, 7:40–9 a.m.
- S4B. Advanced Integral Calculus.** Dr. ROESSLER
Prerequisite: Mathematics 4A. 3 units.
M Tu W Th F, 7:40–9 a.m.
- S102. Elementary Algebra for Advanced Students.** Professor BERNSTEIN
Prerequisite: courses 8 and 9. Selected topics with particular refer-
ence to modern points of view. 2 units.
M Tu W Th F, 11.
- S104A. History of Greek Mathematics.** Dr. DUNCAN
A non-technical course. 2 units.
M Tu W Th F, 10.
- S112. Analytic Geometry of Space.** Associate Professor IRWIN
Prerequisite: courses 5 and 9. 2 units.
M Tu W Th F, 9.
- S208. Logic of Geometry.** Professor BERNSTEIN
The foundation of geometry. Designed especially for teachers and
prospective teachers in mathematics. 2 units.
M Tu W Th F, 9.

MECHANICAL ENGINEERING

FRANKLIN O. ROSE, M.A., Assistant Professor of Mechanical Engineering.
 MORRIS ASIMOW, B.S., Assistant in Mechanical Engineering.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

S2. Descriptive Geometry.

Assistant Professor ROSE

The fundamental principles of descriptive geometry and their application to engineering problems. Lectures and drafting. Prerequisite: geometrical drawing and a working knowledge of analytical geometry. 2 units.

M Tu W Th F, 1-4.

S6. Machine Drawing.

Assistant Professor ROSE

Preparation of technical freehand sketches and of working drawings. Introduction to the elements of theoretical design. Lectures and drafting. Prerequisite: course 2. 2 units.

M Tu W Th F, 1-4. Universal drafting machines are available for student use in courses S2 and S6. Fee, \$1.00

S10A-S10B. Materials Treatment Analysis.

Mr. ASIMOW

Laboratory experiments in the use of measuring instruments and machine tools, jigs, fixtures and gauges in mass production; heat treatment and welding of ferrous metals. Lectures on manufacturing processes, the mechanical treatment of metals and the theory of heat-treating as aids in economic and scientific fabrication of parts. Experiments to be conducted in the Engineering Production Laboratory. Prerequisite: sophomore standing. 3 units. Laboratory fee, \$4.00.

Lectures, M Tu Th F, 10; laboratory, M Tu Th F, 1-4.

MUSIC

EDMUND A. CYKLER, Ph.D., Associate Professor of Music and Chairman of the Department of Music, Los Angeles Junior College.

PHYSICAL EDUCATION FOR MEN

HARRY BEAL TORREY, Ph.D., M.D., Professor of Hygiene and Physical Education, Stanford University.

HARRY E. TROXEL, A.B., Director of Educational Dramatics and Supervisor of Boys' Recreation, City of Oakland.

HOWARD HOLMAN, A.B., Assistant Supervisor of Boys' Recreation, Oakland Recreation Department.

MARION DONALDSON, A.B., Playground Supervisor for Girls, Oakland Recreation Department.

ELMER C. GOLDSWORTHY, Ph.D., Assistant Professor of Mathematics.

CHARLES A. PEASE, Associate Supervisor of Physical Education.

ALBERT W. DOWDEN, A.B., Assistant Supervisor of Physical Education, Coach of Varsity Swimming, Diving and Water Polo.

HENRY A. STONE, M.A., Assistant Supervisor of Physical Education, Coach of Varsity Wrestling.

JOHN L. RAYMOND, Varsity Fencing Coach and Olympic Club Fencing Coach.

HENRY H. CARLSEN, Physiotherapist and Nurse, United States Veterans' Hospital, Palo Alto, and Alameda County Hospital; Head Trainer for the Associated Students.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

Qualified men students may accomplish one-half unit toward fulfillment of the University requirements in Physical Education through satisfactory completion of any activity course offered during the Summer Session. Qualifications for enrollment for this purpose must be determined through consultation with Mr. Pease. Not more than two units are credited by the University toward a degree for work done in lower division courses in Physical Education.

A Supplies and Service fee of \$2.50 is charged all persons wishing to make use of the gymnasium facilities. For details see Special Announcement of the Department of Physical Education for Men.

Recreation: The Gymnasium for Men, the athletic fields, the handball and squash courts, and swimming pool facilities will be available to men for recreational purposes at the following hours: M Tu W Th F, 9 a.m. to 6 p.m.

9. Fencing (Women and Men).

Mr. RAYMOND

Instruction in the technique of the foil and epee. All equipment is furnished in connection with the course. $\frac{1}{2}$ unit.

M Tu W Th F, 11.

- 10A. **Elementary Swimming.** Mr. DOWDEN and Assistants
 Open to non-swimmers only. Floating, breathing, relaxation, and simple propulsion; back stroke and underarm side stroke. Especial attention to those who are afraid of the water. $\frac{1}{2}$ unit.
 M Tu W Th F, 12.
- 10B. **Intermediate Swimming.** Mr. DOWDEN and Assistants
 Open to students who can swim 20 yards free style. The four scissor kick strokes, viz., underarm side, single overarm, "trudgeon," and "trudgeon" crawl. Plain diving. $\frac{1}{2}$ unit.
 M Tu W Th F, 2, 3, 4.
- 10C. **Advanced Swimming.** Mr. DOWDEN and Assistants
 For those who wish to learn the speed strokes. The American crawl, the racing back stroke, the racing dive, the turn, the breast stroke. $\frac{1}{2}$ unit.
 M Tu W Th F, 2, 3, 4.
19. **Squash Racquets.** Assistant Professor GOLDSWORTHY
 Drill in fundamental strokes and the principles of court tactics. $\frac{1}{2}$ unit.
 M Tu W Th F, 10.
20. **Combative Sports: Boxing and Wrestling.** Mr. STONE
 $\frac{1}{2}$ unit.
 M Tu W Th F, 4.
96. **Tennis (Women and Men).** Mr. PEASE
 $\frac{1}{2}$ unit.
 Secs. 1-4, M W F, 8-12; Secs. 5-8, Tu Th S, 8-12.

GENERAL THEORY COURSES (WOMEN AND MEN)

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or its equivalent.

139. **School Pageantry.** Miss SHAMBAUGH
 The planning and production of simple school pageants, festivals and special events, especially those based on dancing and other physical education activities. 2 units.
 M Tu W Th F, 1.
142. **Physiology of Exercise.** Professor TORREY
 Present knowledge of the mechanism of muscular activity. The nutrition, respiration and blood supply of muscles. The rôle of the nervous system in stimulation, coordination and control. Fatigue. Types of exercise and their availability in physical education. 2 units.
 M W F, 9, and Tu Th, 9-11.
- S200. **Research.** Professor TORREY
 1-4 units.
244. **Special Problems in Applied Physiology.** Professor TORREY
 For advanced students interested in research; individual investigation, with conferences and group discussion. 2 units.
 M W F, 8; other hours to be arranged.

METHODS COURSES

- S301A. The Teaching of Gymnastics, Mass Tumbling and Mass Athletics.** Mr. PEASE
1 unit.
M Tu W Th F, 2.
- S301B. The Teaching of Gymnastics: Heavy Apparatus.** Mr. PEASE
1 unit.
M Tu W Th F, 1.
- 310A. The Teaching of Swimming.** Mr. DOWDEN
Progressive land and water drills, as used in the instruction of elementary, intermediate, and advanced swimmers. Methods of class and individual instruction. Comparison of American technique with that of the Japanese and Europeans as revealed in the Olympic Games. Auditors may enroll. 1 unit.
M Tu W Th F, 2.
- 310B. The Teaching of Life Saving (Women and Men).** Mr. DOWDEN
For advanced swimmers and teachers of swimming. Opportunity to earn certification in the Senior Red Cross Life Saving Test. Those demonstrating marked ability and qualified to serve may be certified as Examiners. Prerequisite: ability to swim 50 yards with underarm and simple back strokes. Auditors may enroll. 1 unit.
M Tu W Th F, 1.
- 310C. The Coaching of Diving (Women and Men).** Mr. DOWDEN
For teachers and advanced performers. Work from the three and ten-foot boards, and from the fifteen-foot tower. Special instruction in form over the sand pits through the use of the suspension harness. Prerequisite: ability to execute a plain front dive from the low board. Auditors may enroll. 1 unit.
M Tu W Th F, 3.
- 310D. The Coaching of Speed Swimming (Women and Men).** Mr. DOWDEN
Open to teachers of swimming and advanced performers. Methods of training, use of kick boards and tubes, starts, turns, pacing, and stroke technique. Comparison of American, Japanese, and European methods as revealed by the Olympic Games. Auditors may enroll. 1 unit.
M Tu W Th F, 5.
- 310E. The Coaching of Water Polo.** Mr. DOWDEN
Drills in teaching fundamentals, handling the ball, goal shooting, types of offense and defense, rules, and officiating. Auditors may enroll. 1 unit.
M Tu W Th F, 4.
- 318. Athletic Training.** Mr. CARLSEN
Methods of training and conditioning for athletic competition in football, baseball, basketball, and track; methods of first-aid treatment for the common injuries occurring in connection with other sports. Bandaging, massage, diathermy, hydro and ultra violet therapy. 1 unit.
M Tu W Th F, 11.

396. The Teaching of Tennis (Women and Men).

Mr. PEASE

Lectures, moving pictures, and other demonstrations emphasizing importance and methods of developing correct technique. 1 unit.

M Tu W Th F, 11.

SOCIAL RECREATION

Program elements suitable for the promotion of social evenings will be presented. The selection and organization of these activities in relation to their adaptability to different size, age, sex, social, and national groups will be carefully considered. Students will be given the opportunity of practice in the technique of performance and leadership. This work is designed especially to meet the interests and needs of teachers of physical education and playground and community center directors. Monday and Wednesday evenings from 7 to 9 will be reserved primarily for teachers and directors; Friday evenings will be open to all Summer Session students upon the presentation of their registration cards. Mr. Harry E. Troxel, Director of Educational Dramatics and Supervisor of Boys' Recreation for the City of Oakland, will be in charge of this program.

CHILDREN'S RECREATION SERVICE

Mr. DOWDEN, Miss DONALDSON, Mr. HOLMAN

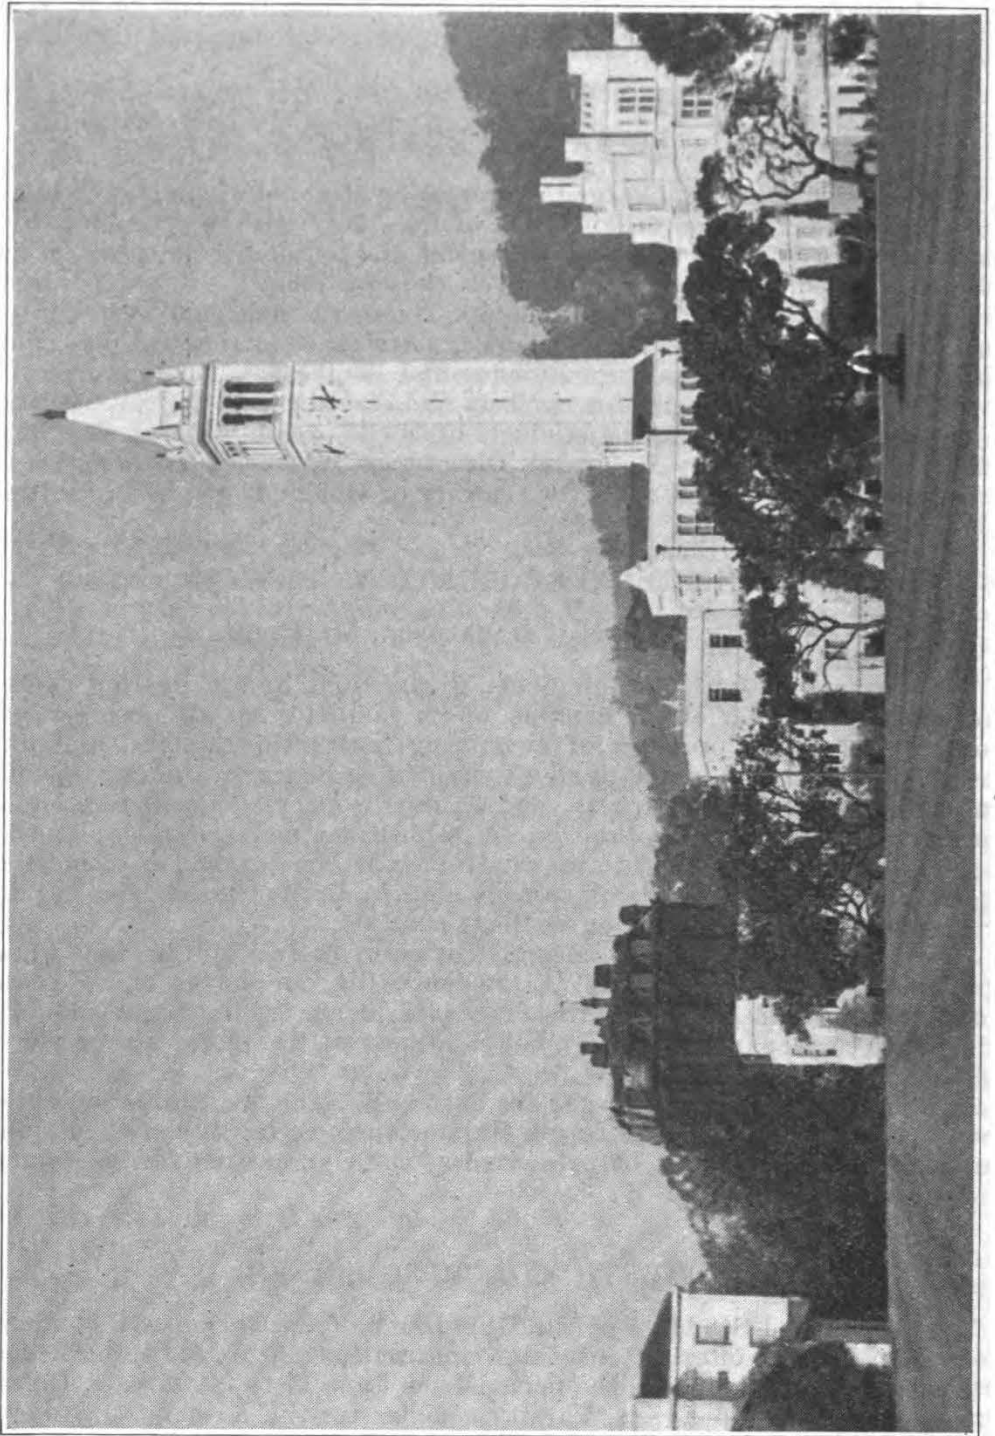

The University, with its new fields, gymnasium, and swimming pools in the southwest corner of the campus, offers facilities for children's recreation. A systematic program of swimming instruction, games, and quiet activities will be conducted during the morning hours, 9 to 12, on Monday, Tuesday, Wednesday, Thursday, and Friday. Supervision will be provided for the various groups. Appropriate classifications and programs of sports, rest periods, swimming, and quiet activities will be arranged to meet the needs of the boys and girls of various ages. A limited number of children from six to sixteen years of age will be enrolled.

Parents wishing to insure the registration of their children should make application early. Mr. Albert W. Dowden will be in charge of the recreational service and of the details of organization. Applications should be addressed to Department of Physical Education for Men, University of California.

A fee of \$10.00 will be charged for each child. The fee will be payable at the Comptroller's Office, California Hall, on the opening day of the Summer Session; the receipt must be presented at the Gymnasium for Men during the morning of June 26.

ATHLETIC COACHING SCHOOL

The Associated Students of the University of California will conduct a Coaching School, offering intensive instruction in football, basketball, track, and baseball, during the period from June 17 to 30. Messrs. Ingram, Price, Hamilton, and Evans, Varsity coaches for the Associated Students, will conduct the courses in their respective sports. Mr. William Monahan, Executive Manager of the Associated Students, will direct the administration of the School. A fee of \$15.00 will be charged for enrollment in the Coaching School.

WOMEN'S ATHLETIC FIELD

PHYSICAL EDUCATION FOR WOMEN*

HARRY BEAL TORREY, Ph.D., M.D., Professor of Hygiene and Physical Education, Stanford University.

ELINE VON BORRIES, M.A., Director of Physical Education, Goucher College.

IRENE FIELD, B.S., Instructor in Physical Education for Women, University of Michigan.

CECILIA O'NEIL, Head of Girls' Department of Physical Education, High School, San Jose.

EDITH A. BOYS, B.S., Graduate in Physical Education, University of Wisconsin.

PAULINE HODGSON, Ph.D., Assistant Professor of Physical Education (in charge of the Department for the Summer Session).

CHARLES A. PEASE, Associate Supervisor of Physical Education, in charge of instruction in Tennis.

M. EFFIE SHAMBAUGH, M.A., Assistant Supervisor of Physical Education for Women, University of California at Los Angeles.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

Qualified students may accomplish one-half unit toward fulfillment of the University requirements in Physical Education through satisfactory completion of any activity course offered during the Summer Session. Qualifications for enrollment for this purpose must be determined through consultation with Assistant Professor Hodgson. Not more than two units are credited by the University toward a degree for work done in lower division courses in Physical Education.

A fee of \$2.50 is charged all persons wishing to make use of the gymnasium facilities.

COURSES FOR WOMEN

62A. **Elementary Interpretative Dancing.** Miss Boys
A study of fundamental natural movements of the body, rhythm training, and music in relation to the dance. $\frac{1}{2}$ unit.
M Tu W Th F, 9.

62B. **Intermediate Interpretative Dancing.** Miss Boys
A continuation of 62A; a more advanced study of music and dance forms. Permission of the instructor must be obtained for admission to this course. $\frac{1}{2}$ unit.
M Tu W Th F, 10.

* Attention is called to the following courses in the Department of Physical Education for Men which are open to women students: 9, 396, 322, 310B, 310C, and 310D.

- 63. Folk Dancing.** Miss SHAMBAUGH
A study of authentic folk dances suitable for use from grade school through college. Simple representative dances, chiefly of European and American peoples. $\frac{1}{2}$ unit.
M Tu W Th F, 3.
- 64A. Elementary Character Dancing and Clogging.** Assistant Professor HODGSON
Clog and character dancing for students with little or no experience. $\frac{1}{2}$ unit.
M Tu W Th F, 1.
- 74A. Elementary Swimming.** Miss FIELD
Open to all non-swimmers. Floating, treading water, elementary back stroke, side stroke, and simple diving. $\frac{1}{2}$ unit.
M Tu W Th F, 10, 3.
- 74B. Intermediate Swimming.** Miss FIELD and Assistants
Open to students who are familiar with two swimming strokes, preferably the elementary back stroke and side stroke, and who are able to handle themselves in deep water. $\frac{1}{2}$ unit.
M Tu W Th F, 10, 11.
- 74C. Advanced Swimming.** Miss FIELD
Open to experienced swimmers who have a knowledge of several strokes including the crawl or trudgeon, and the ability to execute in good form a plain front dive. $\frac{1}{2}$ unit.
M Tu W Th F, 2.
- 96. Tennis (Women and Men).** Mr. PEASE
Secs. 1-4, M W F, 8-12; Secs. 5-8, Tu Th S, 8-12. $\frac{1}{2}$ unit.
- 162A. Theory of Rhythmic Activity.** Miss BOYS
A study of the principles underlying rhythmic expression in music and the dance. The dance and its place in education. 2 units.
M Tu W Th F, 11.
- 351. The Teaching of Physical Education for Girls in Secondary Schools (Women).** Miss O'NEIL
The problems of organization of physical education activities for girls in high schools, examination, classification and grouping of pupils, selection of activities, technique of teaching activities, management of intramural sports, organization of interschool play days, emblems and awards. Lecture and discussion. 2 units.
M Tu W Th F, 2.
- 375. The Theory and Practice of Team Games.** Assistant Professor HODGSON, Miss VON BORRIES
General principles underlying the performance and the teaching of the motor skills of athletic games; study of rules and teaching methods; practice in the techniques and in officiating.
Students enrolling for 3 units will meet for 5 lectures and 10 laboratory periods weekly; those enrolling for 2 units will meet for 4 lectures and 5 laboratory periods weekly.
M Tu W Th F, 8, 9, 10. 3 units.
M Tu W Th F, 8 and one other hour. 2 units.

GENERAL THEORY COURSES (WOMEN AND MEN)

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or its equivalent.

139. **School Pageantry.**

Miss SHAMBAUGH

The planning and production of simple school pageants, festivals and special events, especially those based on dancing and other physical education activities. 2 units.

M Tu W Th F, 1.

142. **Physiology of Exercise.**

Professor TORREY

Present knowledge of the mechanism of muscular activity. The nutrition, respiration and blood supply of muscles. The rôle of the nervous system in stimulation, coordination and control. Fatigue. Types of exercise and their availability in physical education. 2 units.

M W F, 9 and Tu Th, 9-11.

S200. **Research.**

Professor TORREY

1-4 units.

244. **Special Problems in Applied Physiology.**

Professor TORREY

For advanced students interested in research; individual investigation, with conferences and group discussions. 2 units.

M W F, 8; other hours to be arranged.

S250A. **Seminar in Physical Education.**

The STAFF (Assistant Professor HODGSON in charge)

The meaning, methods, and techniques of research procedure as applied to physical education; a critical review of selected studies, literature, practices and procedures in the field; application of this training to the independent solution of a problem. 2 units.

Hours to be arranged.

NOTE: S250B will be offered in the Summer Session of 1934.

S256. **Research.**

The STAFF (Assistant Professor HODGSON in charge)

1-4 units.

PHYSICS

ROBERT B. BRODE, Ph.D., Professor of Physics.

LEONARD B. LOEB, Ph.D., Professor of Physics.

WILLIAM H. WILLIAMS, Graduate, United States Military Academy, Professor of Physics.

OSCAR E. ANDERSON, M.A., Assistant in Physics.

KENNETH R. MORE, M.A., Assistant in Physics.

The Physics Laboratory will be open daily, except Saturday, from 9 a.m. to 12 m. and from 1 p.m. to 4 p.m.

Laboratory fees: \$18, \$4.00 per unit of work assigned.

INTERSESSION COURSES

(May 8 to June 16, 1933)

S1c. General Physics.

Professor LOEB

Lectures with experimental illustrations and assigned problems in electricity and magnetism. This course, together with one unit of laboratory work under S18-1c in the Summer Sessions or Physics 18 in the regular session, is the equivalent of course 1c in the fall session. This course together with S1d listed below may be offered as the equivalent of course 2B as prescribed for students of medicine. Prerequisites: high school physics or chemistry, or course 10, and trigonometry. 2 units.

M Tu W Th F, 9.

S1d. General Physics.

Professor LOEB

Lectures with experimental illustration and assigned problems on wave motion, sound, and light. This course together with course S1c may be offered as the equivalent of course 2B of the regular session as prescribed for students of medicine. Together with one unit of laboratory work under S18-1d in the Summer Sessions, or Physics 18 of the regular session, it is the equivalent of course 1d of the regular session. Prerequisite: high school physics or chemistry, or course 10, and trigonometry. 2 units.

M Tu W Th F, 11.

S18. Physical Measurements.

Professor LOEB, Mr. ANDERSON

A laboratory course in general physics offering opportunity for experimental work in any part of the field of general physics, properties of matter, mechanics, heat, sound, light, electricity, or magnetism. The course in detail will be adapted to the needs of individual students and may cover any portion of the laboratory work of the fall or spring sessions as given in courses 1A-1B, 1C-1D, 3A-3B, 3C-3D.

M Tu W Th F, 9-12, 1-4.

Enrollment should be made under one or more of the following titles:

S18-1A. Physical Measurements.

Mechanics and properties of matter. 1 unit.

S18-1B. Physical Measurements.

Properties of matter and heat. 1 unit.

S18-1C. Physical Measurements.

Electricity and magnetism. 1 unit.

S18-1D. Physical Measurements.

Sound and light. 1 unit.

S18-3A. Physical Measurements.

Properties of matter, heat, mechanics and sound. 1 unit.

S18-3B. Physical Measurements.

Electricity and magnetism, and light. 1 unit.

One unit of credit is given for the satisfactory completion of thirteen laboratory exercises, together with the accompanying examination.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

S1A. General Physics.

Professor WILLIAMS

Lectures with experimental illustration and assigned problems in the mechanics of solid bodies including both statics and kinetics. This course together with S1B listed below, may be offered as the equivalent of course 2A of the regular session as prescribed for students of medicine. If offered with one unit of laboratory work taken under S18-1A in the Summer Sessions it is the equivalent of course 1A prescribed in the College of Engineering. Prerequisite: high school physics or chemistry, or course 10, and trigonometry. 2 units.

M Tu W Th F, 9.

S1B. General Physics.

Professor BRODE

Lectures with experimental illustrations and assigned problems in the mechanics of liquids and gases, properties of matter, and heat. This course together with S1A may be offered as the equivalent of course 2A of the regular session as prescribed for students of medicine. Together with one unit of S18-1B in the Summer Sessions or Physics 18 of the regular session, it is the equivalent of course 1B prescribed in the College of Engineering. Prerequisite: high school physics or chemistry, or course 10, and trigonometry; Physics 1A or S1A (may be taken concurrently). 2 units.

M Tu W Th F, 11.

S18. Physical Measurements.

Professor BRODE, Mr. MORE

A laboratory course in general physics offering opportunity for experimental work in any part of the field of general physics, properties of matter, mechanics, heat, sound, light, electricity, or magnetism. The course in detail will be adapted to the needs of individual students and may cover any portion of the laboratory work of the fall or spring sessions as given in courses 1A-1B, 1C-1D, 3A-3B, 3C-3D.

M Tu W Th F, 9-12, 1-4.

Enrollment should be made under one or more of the following titles:

S18-1A. Physical Measurements.

Mechanics and properties of matter. 1 unit.

S18-1B. Physical Measurements.

Properties of matter and heat. 1 unit.

S18-1C. Physical Measurements.

Electricity and magnetism. 1 unit.

S18-1D. Physical Measurements.

Sound and light. 1 unit.

S18-3A. Physical Measurements.

Properties of matter, heat, mechanics and sound. 1 unit.

S18-3B. Physical Measurements.

Electricity and magnetism, and light. 1 unit.

One unit of credit is given for the satisfactory completion of thirteen laboratory exercises, together with the accompanying examination.

S111A. Introduction to Atomic Structure.

Professor BRODE

An introduction to atomic physics treating cathode and positive rays, the electron, thermionic emission, the photo-electric effect, the structure of the atom and the interpretation of spectra, and X-rays. Prerequisite: Physics 1A-1B, 1C-1D, or 2A-2B, and a working knowledge of calculus. 2 units.

M Tu W Th F, 9.

S290. Seminar in Theoretical Physics.

Professor WILLIAMS

Meetings for discussion of selected topics in the recent development of physics. 2 units.

Five hours weekly. Time to be arranged.

PHYSIOLOGY*

SHEBBURNE F. COOK, Ph.D., Associate Professor of Physiology and Lecturer in Optometry.

INTERSESSION COURSE

(May 8 to June 16, 1933)

S1. Elementary Physiology.

Associate Professor Cook

An introduction to the principles governing the activities of living organisms with particular reference to the higher animals. Prerequisites: Matriculation Chemistry or Chemistry 1A, and Matriculation Biology, or Zoology 1A; or their equivalents. Fee, \$5.00. 4 units.

M Tu W Th F: lectures, 1; laboratory, 2-5.

* Attention is called to the course on Physiology of Exercise, page 99.

POLITICAL SCIENCE

RAYMOND G. GETTELL, M.A., Professor of Political Science.
 AUSTIN MACDONALD, Ph.D., Professor of Political Science.
 SAMUEL C. MAY, M.A., LL.B., Professor of Political Science.
 FRANK M. RUSSELL, Ph.D., Professor of Political Science.
 N. WING MAH, Ph.D., Assistant Professor of Political Science.

Prerequisites for all upper division courses: Political Science 1A-1B, and one of the following courses: Political Science 2, Economics 1A-1B, 10-11, History 4A-4B, 5A-5B, 8A-8B. Jurisprudence 10A-10B, Geography 1 and 2, or a satisfactory equivalent.

INTERSESSION COURSES*

(May 8 to June 16, 1933)

- S135. **Political Development of China.** Assistant Professor MAH
 The struggle for constitutional government; international position of the Chinese Republic as determined by diplomatic relations with the great powers. 2 units.
 M Tu W Th F, 8.
- S138. **International Relations of the Far East.** Assistant Professor MAH
 The relations of China and Japan with the western world and with each other, particularly since the first war with China. 2 units.
 M Tu W Th F, 11.
- S162. **Municipal Government.** Professor MACDONALD
 Designed to familiarize the student with the outstanding facts of municipal government; the manner in which our cities are organized and what they are doing. Emphasis on the newer forms of government, such as the commission and city manager plans. 2 units.
 M Tu W Th F, 10.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

- S111. **Theory of the State.** Professor GETTELL
 The nature of the state, its organization and activities, and its relation to individuals and to other states. 2 units.
 M Tu W Th F, 10.

* Attention is called to the course in American Institutions, page 44.

S113. American Political Theory.

Professor GETTELL

Fundamental theory underlying the American system of government and the principles of American governmental policy. This course may be taken to satisfy the requirement of a course in the Constitution of the United States for teachers' certificates. The general requirements of a course in the American Constitution and in American ideals for all candidates for a bachelor's degree are also satisfied by this course. 2 units.

M Tu W Th F, 9.

S124. International Organizations.

Professor RUSSELL

Unions and commissions established prior to the Great War; the treaty of Versailles and the attempt at world organization. 2 units.

M Tu W Th F, 11.

S128. Recent American Foreign Policy.

Professor RUSSELL

2 units.

M Tu W Th F, 9.

S163. Municipal Administration.

Professor MAY

Problems and activities of modern cities; traffic regulation, city and regional planning, zoning, police and fire protection, budget making; the war against crime. 2 units.

M Tu W Th F, 9.

S181. Principles of Public Administration.

Professor MAY

Development of public administration and its relation to other branches of government; problems of personnel and organization for different types of public service. 2 units.

M Tu W Th F, 11.

PSYCHOLOGY

- OLGA L. BRIDGMAN, M.D., Ph.D.,** Professor of Psychology and Pediatrics.
SHEPHERD IVORY FRANZ, Ph.D., M.D., LL.D., Professor of Psychology, University of California at Los Angeles.
HAROLD E. JONES, Ph.D., Professor of Psychology and Director of Research, Institute of Child Welfare.
ROBERT CHOATE TRYON, Ph.D., Assistant Professor of Psychology.
BARBARA BURKS, Ph.D., Psychologist, Institute of Child Welfare.
DONALD A. MACFARLANE, Ph.D., M.D., Assistant Visiting Psychiatrist, University of California Hospital.

Prerequisite: Psychology 1A, 1B, 5, and junior standing are prerequisite to all upper division courses.

INTERSESSION COURSES

(May 8 to June 16, 1933)

- S1A. General Psychology.** Professor **BRIDGMAN**
 An introduction to the facts and principles of psychology. 2 units.
 M Tu W Th F, 10.
- S5. Introduction to Psychological Measurements.** Assistant Professor **TRYON**
 Arrays of experimental measurements, central tendencies, variability, correlation, significance of measures; elementary reliability and validity of tests. Prerequisite: Psychology 1A. 2 units. Fee, \$1.50.
 M Tu W Th F, 9.
- S166. Clinical Psychology.** Professor **BRIDGMAN**
 A consideration of tests used in the clinical examination of children. 2 units.
 M Tu W Th F, 11.
- S170. Developmental Psychology.** Professor **JONES**
 Psychological problems considered with reference to data from studies of child development. The development of motor function, perception, emotional processes, social behavior, and language. 2 units.
 M Tu W Th F, 9.

SUMMER SESSION COURSES*

(June 26 to August 4, 1933)

- S1A. General Psychology.** Dr. MACFARLANE
An introduction to the facts and principles of psychology. 2 units.
M Tu W Th F, 10.
- 101. Neurological Basis of Learning.** Professor FRANZ
The fundamental factors in learning; modification of reflex action; the sensory and motor components; differences in voluntary actions; effects of fatigue and other states. 2 units.
M Tu W Th F, 11.
- S102. Applied Psychology.** Professor FRANZ
The bearing of modern psychology on the work of the lawyer, the physician, the teacher, the clergyman, and the merchant, and on the daily life of the student and citizen. Prerequisite: Psychology 1A. 2 units.
M Tu W Th F, 10.
- S168. Abnormal Psychology.** Dr. MACFARLANE
The relations of psychology to the psycho-neuroses and insanity; the appearance of abnormal traits in incipient stages of mental disturbance. Prerequisite: six units of upper division psychology. 2 units.
M Tu W Th F, 9.
- S170. Developmental Psychology.** Dr. BURKS
Psychological problems considered with reference to data from studies of child development. The development of motor function, perception, emotional processes, social behavior, and language. 2 units.
M Tu W Th F, 9.
- 177. The Gifted Child.** Dr. BURKS
Concepts of the nature and the contributions of talent and genius; mental, physical, scholastic, and personality development of the gifted child; atypical gifted children. Source material from experimental studies, biography, and follow-ups of gifted children. 2 units.
M Tu W Th F, 10.

* Attention is called to the courses in Social Ethics, page 117, and to the series of public lectures on the Psychology of Childhood and Youth, page 53.

PUBLIC SPEAKING

MARJORIE I. M. GULLAN, Director of the Speech Institute, London, and Lecturer in Speech Training and Voice Production, Institute of Education, University of London.

FLORENCE LUTZ, formerly Dean of the Curry School of Expression (Boston), Assistant Professor, University of California, and Instructor in Pantomime, American Academy of Dramatic Art (New York City).

ANTHONY F. BLANKS, Ph.D., Associate Professor of Public Speaking.

ALAN R. THOMPSON, Ph.D., Associate Professor of Public Speaking.

ARNOLD PERSTEIN, Ph.M., Assistant Professor of Public Speaking.

INTERSESSION COURSES

(May 8 to June 16, 1933)

- S1A. Elements of Public Speaking.** Associate Professor **THOMPSON**
 A forum of organized student discussion centering about an intensive study of selected essays chosen from the writings of Newman, Arnold, Huxley, and later English and American authors. Prerequisite: Subject A. 2 units.
 M Tu W Th F, 9.
- S2A. Fundamentals of Expression and Interpretation.** Associate Professor **BLANKS**
 The principles of effective oral interpretation. Practice in reading and speaking. Prerequisite: Subject A. 2 units.
 M Tu W Th F, 10.
- S107A. The Principles of Argumentation.** Associate Professor **THOMPSON**
 Prerequisite: Public Speaking 1A-1B, or English 1A-1B, and upper division standing or its equivalent. 2 units.
 M Tu W Th F, 10.
- S111A. Literary Interpretation.** Associate Professor **BLANKS**
 The study of typical literary forms such as the ballad, the lyric, the essay and the short story. Prerequisite: Public Speaking 2A. 2 units.
 M Tu W Th F, 11.

SUMMER SESSION COURSES

(June 26 to August 4, 1933)

- S1A. Elements of Public Speaking.** Assistant Professor PERSTEIN
A study of the basic principles of effective speaking, with special emphasis on outlining. Practice in preparing and presenting short speeches. The end sought is proficiency in extemporaneous speaking. 2 units.
M Tu W Th F, 9.
- S2A. The Art of Reading Aloud.** Miss LUTZ
A review of the fundamentals of voice training and tone production, together with a critical application of the principles of oral interpretation to such typical literary forms as the ballad, the lyric, the essay, the short story, and the drama. 2 units.
M Tu W Th F, 10.
- S107A. The Principles of Argumentation.** Assistant Professor PERSTEIN
Prerequisite: Public Speaking 1A-1B, or English 1A-1B, and upper division standing or its equivalent. 2 units.
M Tu W Th F, 10.
- 112. The Principles and Practice of Play Directing.** Miss LUTZ
A general outline of the technique of preparing plays for public presentation. Play analysis, conduct of rehearsals, character portrayal, pantomime, the management of dramatic dialogue. Prerequisite: upper division standing in either English or Public Speaking. 2 units.

THE UNIVERSITY

The University of California was founded in 1868 and is, by the terms of its charter, an integral part of the educational system of the state. At Berkeley are the Colleges of Letters and Science, Commerce, Agriculture, Engineering, Mining, and Chemistry; the Schools of Architecture, Education, Jurisprudence, Librarianship, and the instruction of the first year of the Medical School. At Mount Hamilton is the Lick Astronomical Department (graduate research). In San Francisco are the Hastings College of the Law, the Medical School (second, third, fourth, and fifth years, including Hospitals), the College of Dentistry, and the California College of Pharmacy. In Los Angeles are the University of California at Los Angeles, the Branch of the College of Agriculture in southern California (including station at Riverside), and the Los Angeles Medical Department (graduate instruction only). At Riverside is the Branch of the College of Agriculture in southern California including the Citrus Experiment Station and Graduate School of Tropical Agriculture. At La Jolla is the Scripps Institution of Oceanography. At Davis is the Branch of the College of Agriculture. At Berkeley there are 629 principal officers of instruction and administration and 452 other officers; 50 departments of instruction; about 16,963 students in 1932-33, including the Summer Sessions of 1932; the general library, supplemented by the Bancroft, Morrison, Lange, and other collections; museums and laboratories; and the agricultural experiment grounds and station, which are invaluable adjuncts of the farming, orchard, and vineyard interests of the state. In San Francisco there are 551 officers of administration and instruction, including demonstrators and other assistants; and about 921 students in 1932-33. There are at the University of California at Los Angeles 327 officers, and about 9,338 students in 1932-33, including those attending the 1932 Summer Session in Los Angeles.

Sessions of 1933 in Los Angeles.

The sixteenth annual University of California Summer Session in Los Angeles will begin Wednesday, June 28, 1933, and will continue until Wednesday, August 9, the session covering six weeks. The Summer Session will be followed by a Post Session covering the period of three weeks from August 10 to September 1, 1933.

In the Los Angeles Summer Session the number of students registered in 1918, the first session, was 630; in 1932, 2,223. The sessions are held in the new buildings of the University of California at Los Angeles, 405 Hilgard Avenue, Los Angeles, California.

Purpose of the Sessions.*The Summer Session.*

The courses in the Summer Session are designed to meet the needs of the following persons:

1. Teachers who wish to increase their professional skill, to revise and extend their knowledge of a chosen field, or to qualify in new subjects, preparing to meet the special demand for instruction in various fields.

Teachers who desire to prepare for service in vocational schools and classes maintained under the provisions of the State and Federal Vocational Education acts and the State Continuation Education Act. Courses designed primarily for this purpose are listed under the Department of Education in this bulletin.

2. School superintendents, supervisors, and other officers.

3. Graduate students.

4. Undergraduate students, and especially those registered in the fall or spring sessions of the University, who may use a portion of the vacation to take up studies which they are unable to include in their regular programs, or to make up deficiencies, or to shorten their courses.

5. High school graduates who are about to enter upon regular university courses and who desire to broaden their preparation for university work. To meet their needs, courses are offered in French, German, Spanish, mechanic arts, and mathematics.

6. Housewives, graduate nurses, social workers, Americanization workers, students of public health, and all adults who are qualified to pursue with profit any course given, whether or not they are engaged in teaching or study.

The Post Session.

The courses in the Post Session are designed primarily for students attending, or about to attend, the courses of the fall or spring sessions, and for those who are seeking teaching credentials or advanced degrees.

1. Lower Division students will find opportunity to enroll in a number of courses which may be offered in satisfaction of junior certificate requirements in the College of Letters and Science and in Teachers College as well as in courses prerequisite to advanced study in several fields.

2. Upper Division students in the larger departments will find opportunity to continue their work.

3. Graduate students will find opportunity to enroll in Upper Division major courses and seminars which may be offered in satisfaction of general secondary certificate requirements.

In general, by attending the Summer Session and the Post Session, students taking graduate courses (courses in the 200 series) may obtain in a single summer credit for six units of work, and students taking undergraduate courses may obtain credit for nine units of work.

Faculty; Application for Admission; Admission Requirements 15

Faculty.

The faculty of the Summer Session will include not only members of the regular faculties of the University, but also a number of scholars from other American universities, and from abroad.

Applications for Admission.

All persons who desire to attend any of the courses are urgently requested to notify the Dean of the Summer Session in Los Angeles, 405 Hilgard Avenue, Los Angeles (OXford 1071, or West Los Angeles 31171), on or before Wednesday, June 14, using the blank form of application at the end of this bulletin.

All persons who desire to attend any of the Post Session courses are urgently requested to notify the Dean of the Summer Session in Los Angeles on or before Wednesday, July 19, using the blank form of application at the end of this bulletin.

Compliance with this request will facilitate the making of adequate arrangements by the University, and will make possible prompt communication with prospective students in case of change in the program.

Summer Session students who do not wish to enter the regular sessions of the University of California are not required to submit transcripts of record.

New students who plan to offer work taken in the Summer Session or Post Session toward a degree or certificate at the University of California should submit full credentials (*see Credentials Fee*, page 17) covering high school and collegiate studies, to the Recorder of the Faculties, Berkeley, or to the Recorder of the University of California at Los Angeles. This should be done at least three weeks before the opening of the session in order that they may be properly advised regarding their status.

Admission Requirements.

Attendants upon the exercises of the Summer Session and Post Session are divided into two broad classes:

A. Auditors.—Any adult is permitted to attend all the regular exercises of the sessions, as an auditor, upon the filing of an application and the payment of the regular tuition fee of \$35.00 for the Summer Session and \$17.50 for the Post Session. An auditor does not participate in recitations, does not take examinations, and hence does not receive credit.

***B. Students.**

(1) Persons under 21 years of age. Admission will be granted to persons who are under 21 years of age provided they are graduates of high schools or other secondary schools.

* Admission to the Summer Session does not carry with it a guarantee of admission to the regular session. For further information regarding admission requirements, and regulations concerning credit, please address the Examiner, University of California at Los Angeles, 405 Hilgard Avenue, Los Angeles, California.

(2) Persons over 21 years of age. The University does not attempt, in general, to make inquiry concerning the educational qualifications of applicants for admission to the Summer Session and Post Session who are over 21 years of age. In granting admission to the Sessions in the case of an applicant over 21 years of age, it is assumed by the University that the applicant is either a high school graduate or that he has maturity and special fitness for the type of work he proposes to undertake. The instructor in charge of any Summer Session course may himself require of those who present themselves as students in his course any preliminary test, formal or informal, which he may deem essential to the work proposed.

Subject A.

The examination in Subject A will be given at 9 o'clock on Monday, June 26. All students entering the University for the first time, who wish to take work in English composition during the Summer Session, are required to take this examination. The place of examination will be announced on the University bulletin boards.

Registration Dates.

Registration for Summer Session students will be conducted on the campus of the University of California at Los Angeles, Tuesday, June 27, and Wednesday, June 28. Registration for Post Session students will be conducted Wednesday, August 9, and Thursday, August 10.

Students who find it impossible to register on the opening days of either session may register as late as the second Wednesday of the Summer Session and the first Monday of the Post Session, but such students may enroll in the courses desired only when, in the opinion of the instructor, they can satisfactorily make up the work already done by the class.

Fees.

The tuition fee, regardless of the number of courses taken,* will be thirty-five dollars (\$35.00) (there is no non-residence fee) for the Summer Session and seventeen dollars and fifty cents (\$17.50) for the Post Session; fifty-two dollars and fifty cents (\$52.50) for both. The fee must be paid at the time of registration. Payment of fees by cash is preferred. If checks are presented they must not exceed the total amount of fees to be paid. Checks should not be mailed in advance. Laboratory fees will be charged in certain courses. The amount in each case is stated in the description of the course and is payable at the time of registration.

Persons desiring to attend courses or occasional lectures without examination or formal credit may secure for this purpose an auditor's ticket upon

* Not more than six units of credit may be earned by a student in the Summer Session, nor more than three units of credit, by a student in the Post Session.

payment of the regular fee, \$35.00 for the Summer Session, or \$17.50 for the Post Session, or they may secure from the cashier in 42 Library, window number 2, tickets admitting to single lectures, for which a charge of fifty cents each is made.

The entrance fee of \$35.00 for the Summer Session, or \$17.50 for the Post Session, must be paid at the time of registration. Refunds in cases of withdrawal are made *only* when the admission card and fee receipt are returned, and when the reasons for withdrawal are satisfactory. If the admission card and fee receipt are returned during the first week of the Summer Session, a refund of not more than \$30.00 may be granted; during the second week, of \$17.50; during the third week, of \$7.00. After the third week, no refund will be granted. If the admission card and fee receipt are returned during the first week of the Post Session, a refund of not more than \$10.00 may be granted; during the second week, of \$5.00. After the second week, no refund will be granted. Any student who is obliged to request a refund must do so *at the time of withdrawal*, and must, *at that time*, return admission card and fee receipt to the Recorder.

Credentials Fee.—A fee of three dollars (\$3.00) will be charged for the examination or evaluation of credentials of persons seeking admission to the University of California on the basis of work completed at other institutions of collegiate grade. This fee is payable to The Regents of the University of California, and should accompany all transcripts of record.

Classification and Numbering of Courses; Admission to Courses.

Courses are classified and numbered as follows:

I. UNDERGRADUATE COURSES.

(1) *Lower Division Courses* (numbered 1–99, or sometimes indicated by letters if in subjects usually given in a high school). A lower division course is a course open to freshmen or to sophomores and not counting as upper division work in any department.

(2) *Upper Division Courses* (numbered 100–199). An upper division course is an advanced course in a department of study that has been pursued in the lower division or of elementary work in a subject of such difficulty as to require the maturity of upper division students. Students will not be permitted to register in upper division courses unless they have completed the courses named as prerequisites, or, if no courses are definitely named as prerequisites, have attained junior standing in the University; accepted professional training, however, will be regarded as sufficient preparation to justify admission to upper division courses in the field in which the student has been trained, e.g., normal school graduation for upper division courses in education, or practical experience in social work for upper division courses in social economics.

Students should note carefully prerequisites stated for the courses they desire to elect.

II. GRADUATE COURSES (numbered 200–298). As a condition for enrollment in a graduate course the student must submit to the instructor in charge of the course satisfactory evidence of preparation for the work proposed; adequate preparation will consist normally of the completion of at least 12 units of upper division work, basic to the subject of the graduate course, irrespective of the department in which such basic work may have been completed.

The admission of undergraduates to graduate courses is limited to seniors who have an average grade of at least B in the basic courses; the study-list limits in such cases are the limits imposed by the rules of the Graduate Division.

A student who includes in his program a graduate course (i.e., one of the courses numbered from 200–298) is not permitted to register for more than four units* in the Summer Session, or for more than two units in the Post Session. In general, auditors will not be admitted to graduate courses. Further directions concerning graduate study will be found on pages 19 and 31.

III. TEACHERS' COURSES.—*Professional Teacher-Training Courses* (numbered 300–399) in the Department of Education and courses in other departments that are specially intended for teachers or prospective teachers.

IV. CERTAIN PROFESSIONAL COURSES (numbered 400–499) in departments other than Education.

All Summer Session courses which are identical, or nearly so, with courses given during the fall or spring sessions at Los Angeles; or which are identical, or nearly so, with courses given during the fall or spring sessions at Berkeley where departments exist only at Berkeley, are distinguished by the letter "S" prefixed to the regular number of the course.

In each department in which Post Session courses are given, such courses are listed separately from the Summer Session courses.

All Post Session courses which are identical, or nearly so, with courses given during the fall or spring sessions at Los Angeles are distinguished by the letter "P" prefixed to the regular number of the course.

Changes in Study Programs.

Changes in study programs after the study-lists have been filed may be made only by permission of the Dean, to be obtained by written petition filed with the Recorder not later than *Wednesday, July 26*.

* In the case of graduate students exceptions to this rule may be made only by permission of the Dean of the Graduate Division, or his representative. In the case of undergraduate students, no exceptions will be made.

Credit.

Credit toward a university degree is given only to attendants who are qualified to do systematic university work, and is in every case subject to the requirement that the student shall at some time qualify in the University as a regular matriculant, either by passing the entrance examinations or otherwise.

Acceptance of a particular course toward any university degree is subject to the approval of the authorities of the college offering the degree. For the requirements for the several degrees given by the departments at Berkeley, see the CIRCULAR OF INFORMATION, Undergraduate Division, University of California, Berkeley. For the University of California at Los Angeles requirements, see the CIRCULAR OF INFORMATION, UNIVERSITY OF CALIFORNIA AT LOS ANGELES.

In general, credit will be given at the rate of one unit for fifteen exercises. A course of five recitations or lectures weekly during six weeks may receive a credit of two units or during three weeks may receive a credit of one unit. Credit may be given, in due proportion, for a smaller number of exercises, when these are of more than the usual length (which for lectures and recitations is about fifty minutes). A recitation or lecture presupposes about two hours of study outside of the classroom; laboratory or other exercises which do not require outside preparation are estimated at a lower rate than recitations or lectures.

The *maximum* amount of credit obtainable by a student who devotes his entire time to courses strictly of university grade during the Summer Session is from four to six units, and during the Post Session from two to three units, according to the character of the work selected; a student who includes in his program a graduate course is not permitted to register for more than four units of credit in the Summer Session or for more than two units in the Post Session.* A bachelor's degree represents 124 or more units of credit, distributed according to the special requirements of the college in which the student is enrolled.

For the master's degree there are required from 20 to 24 units of work in upper division and graduate courses, according to the department selected for the major work. (See the ANNOUNCEMENT OF THE GRADUATE DIVISION for detailed requirements.)

The work for the Ph.D. and Ed.D. is not estimated in units of credit, but must be specially planned for each candidate. There are required normally four years of university residence for a bachelor's degree, one graduate

* In the case of graduate students exceptions to this rule may be made only by permission of the Dean of the Graduate Division, or his representative. In the case of undergraduate students, no exceptions will be made.

year for a master's degree, and at least two graduate years for a doctor's degree; and though advanced credit may be given for work done at other universities, the candidate's final year of residence for any degree must ordinarily be spent in the University of California. Except by special arrangement, work for the Ph.D. can be pursued only during regular sessions. While one Summer Session is not accepted toward the minimum residence for the Ph.D. degree, an Intersession and Summer Session immediately following (constituting the equivalent of a continuous semester) may be accepted toward the minimum residence requirement.

Two Summer Sessions, or one Summer Session and one Intersession (Berkeley) may be rated as the equivalent of one half-year for purposes of residence for the master's degree. A student is not regarded as a student in residence unless he is actually attending regularly authorized university exercises amounting to at least 4 units per week of upper division or graduate grade during a regular session, or of at least 2 units of similar work during a Summer Session.

Two Summer Sessions are accepted as the equivalent of one half-year of residence for the bachelor's degree; but the amount of credit (the number of units) that may be completed during two Summer Sessions will not exceed three-fourths of the amount that could be completed by an undergraduate student during a single fall or spring session. Students will find it almost impossible to meet the requirements of the senior year by attendance in two successive summer terms, and one spring or fall session of the University.

In every case students desiring credit for upper division or graduate courses should make definite arrangements therefor with the instructor at the beginning of the session. A list of the specific courses which will be recognized as upper division or graduate courses toward a higher degree, will be found on pages 31 to 33 of the bulletin and will also be published in the supplementary announcement to be issued shortly before the opening of the session. Students electing work in the Summer Session as part of a program for a higher degree should write or consult the Dean of the Graduate Division, California Hall, Berkeley, for information regarding facilities and departmental requirements. See the ANNOUNCEMENT OF THE GRADUATE DIVISION.

Transcripts of record for Summer Session work, whether of matriculation or of university grade, will be issued by the Recorder upon application of any student in the session; and personal recommendations from instructors may be obtained by school officers and others through the office of the Appointment Secretary.

Final Examinations.

By a general University rule, final examinations must be held in all courses with certain exceptions to be determined and announced during the first week of the session. In general, the final examination will be held in lieu of the last recitation or other scheduled period for the course in question. Special examinations to suit the convenience of individuals will not be given.

If in a given course a final examination is required there can be no individual exemption from this examination. A student who fails to pass the examination does not receive credit for the course. Special examinations and re-examinations in summer courses are not permitted.

Other Requirements Concerning Credit.

Students who apply for credit in any course will be expected not only to complete all the work and examinations of the course but also to continue in regular attendance upon the class exercises until the *close of the session*; and students will be required to hand in all their work by that time, in order that the instructor may make his report in due season. Students are not authorized to continue any part of the work beyond the close of the session. No provision is made for re-examination or supplementary work for the removal of deficiencies.

Scholarship Grades.

The final result of the work of students in every course of instruction (graduate and undergraduate) in the Summer Session will be reported to the Recorder in the same grades* as are employed in the regular sessions.

Undergraduate Curricula.

The University maintains at Berkeley six academic colleges, in each of which there is an undergraduate curriculum of four years, leading to a bachelor's degree, namely:

The College of Letters and Science: to the degree of Bachelor of Arts

The Colleges of Applied Science: to the degree of Bachelor of Science—
in the College of Commerce;

in the College of Agriculture—in any one of the following: plant science,
animal science, entomology and parasitology, agricultural economics,
forestry, landscape design;

* Grades—A, excellent; B, good; C, fair; D, barely passing; E, conditioned; F, failure. It should be noted with respect to grade E that in the Summer Session, no re-examinations or special examinations are provided for the removal of conditions.

Grade points or quality units will be assigned as follows: grade A, three points per unit; B, two points per unit; C, one point per unit; D, no points per unit; E or F, minus one point per unit. For students graduating in certain curricula there are required grade points equal in number to the number of units of work undertaken. For further information, see the Circular of Information, Undergraduate Division at Berkeley, and the Circular of Information, University of California at Los Angeles.

in the College of Engineering—in any one of the following branches of engineering: agricultural, electric communications, electric power, irrigation, marine engineering and naval architecture, mechanical, railroad, sanitary and municipal, transportation;
 in the College of Mining—in mining, metallurgy, economic geology, or petroleum engineering;
 in the College of Chemistry—in chemistry, or chemical technology.

The University maintains at the University of California at Los Angeles three colleges, in each of which there is an undergraduate curriculum of four years, leading to a bachelor's degree, as follows:

The College of Letters and Science: to the degree of Bachelor of Arts.

The Teachers College: to the degree of Bachelor of Education.

The Branch of the College of Agriculture in Southern California: to the degree of Bachelor of Science, in the curriculum in subtropical horticulture.

There is also given at the University of California at Los Angeles the work of the first two years of the following curricula:

Chemistry
 Commerce

Engineering
 Mining

The University has no preparatory department.

Professional Curricula.

Professional curricula leading to appropriate degrees in architecture, education, jurisprudence, medicine, public health, optometry, dentistry, and pharmacy are described in separate bulletins, obtainable free upon application to the University of California Press, Berkeley, California.

College of Letters and Science.

The curriculum of the College of Letters and Science includes three elements that may be considered characteristic and essential:

1. *Requirements to secure breadth of culture.* In the present curriculum no specific courses are required, but the student must select courses within certain designated groups, some of the groups being alternately elective. These groups have been chosen to represent the more important fundamental types of human intellectual endeavor. At present these requirements are limited to the lower division, but the student is given a wide freedom of election in the upper division to continue cultural studies of his own choice.

2. *Requirements to provide for intensive study* in a field of the student's choice, carried through several years and including work of a distinctly advanced character in the "major."

3. *A reasonable freedom of elective time.* Freedom of election gives the student an opportunity to develop his personal power and initiative, but it also makes possible an unwise selection of courses. The College aims to minimize the danger of an elective system of studies by moderate requirements to insure proper distribution and concentration; and by the development of the faculty adviser system.

LOWER DIVISION*

The work of the lower division comprises the studies of the freshman and sophomore years. The junior certificate in the College of Letters and Science is required for admission to the upper division.

Students who transfer from other colleges of the University of California or from other institutions will be required to meet the junior certificate requirements but will not be held strictly to the time distribution of requirements, if the credit allowed them in the University of California amounts to at least sixty units.

In the lower division of the College of Letters and Science it is expected that the student, in addition to fulfilling the prerequisites for the major work upon which he will concentrate in the upper division, will make an effort to establish a basis for that breadth of culture which will give him a realization of the methods and results of some of the more important types of intellectual endeavor, and a mental perspective that will aid him in reaching sound judgments. The junior certificate requirements were designed to provide in some degree for the accomplishment of this purpose, without unduly limiting the student's opportunity to satisfy his individual tastes and preferences.

Certain courses taken in the high school are accepted as fulfilling in part or in whole some of these junior certificate requirements. It is desirable that the student should so arrange his high school program as to reduce the required work in the fields of foreign language, mathematics, and natural science. This makes his program more flexible, gives him a greater freedom of choice, and prepares him to pass more quickly into advanced work or into new fields of study. In no case, however, does the satisfaction of junior certificate requirements in the high school reduce the amount of work required in the University for the junior certificate (60) or for the degree (124).

The degree requirement of 124 units is calculated on the assumption that the student will normally take 64 units of work in the lower division, including the prescribed work in military science and physical education, and 60 units in the upper division. However, the junior certificate will be granted on the completion of not less than 60 units of college work and the fulfillment of the following general and specific requirements, toward the satisfaction of which the courses listed under (b), (c), and (d) will be accepted:—

(a) *General University Requirements.*

Subject A.

Military, 6 units (men).

Physical Education, 2 units.

* See also study-list regulations below.

(b) *Foreign Language.* At least 15 units in not more than two languages. Each year of high school work in a foreign language will be counted in satisfaction of 3 units of this requirement. Courses given in English by a foreign language department will not be accepted in fulfillment of this requirement.

* The student's work in natural science must include at least one course in laboratory science. Any of the courses marked with an asterisk in the above list will be accepted in fulfillment of this requirement. Courses with but one unit of laboratory science are not accepted as fulfilling this requirement and are not marked above, unless they have as prerequisite a course that also requires one unit of laboratory work.

(e) *Year Courses.* A year course in each of *three* of the following groups:

- (1) English, Public Speaking.
- (2) Foreign Language (additional to *b*). This may be satisfied in whole or in part by high school Latin.
- (3) Mathematics.
- (4) Social Sciences.
- (5) Philosophy.

But it is to be noted that requirement (*e*) must be satisfied in its entirety in the fall and spring sessions or in the University of California Extension Division. Students who desire to satisfy the specific subject requirements for the Junior Certificate in the Extension Division may use only those courses which are the equivalents of courses offered in the fall or spring sessions listed as acceptable, in meeting junior certificate requirements.

REGULATIONS CONCERNING LETTERS AND SCIENCE COURSES

At least 112 units offered for the degree of A.B. must be in courses chosen from the Letters and Science List of Courses, and the 36 units in upper division courses required in the upper division must be selected from the same list with the exceptions noted below.

The courses in the Summer Session in Los Angeles, 1933, which are in the Letters and Science List of Courses are given below.

Any course not included in the Letters and Science List of Courses but required, or accepted, by a department as part of its major or combination major or as a prerequisite therefor, will, for students offering a major or combination major in that department at graduation but for no others, be treated as if it were in the Letters and Science List of Courses.

Upper division courses in hygiene will be accepted at graduation as on the Letters and Science List of Courses for students completing the Curriculum in Public Health (see page 99).

UPPER DIVISION

For further information consult the Circular of Information, Undergraduate Division, University of California, Berkeley, California, or the Circular of Information, University of California at Los Angeles.

Teachers College.

The Teachers College is organized on the basis of four years of combined academic and professional work leading to the degree of Bachelor of Education and one or more of the following teaching credentials:

1. The Kindergarten-Primary Credential, valid in the kindergarten and grades one, two, and three of the elementary school.
2. The Elementary Credential, valid in the eight grades of the elementary school.
3. The Junior High School Credential, valid in the junior high school.
4. The Secondary Special Credential of the following types: Art, Commerce, Home Making, Industrial Arts, Education, Music, and Physical Education. These credentials are valid in the high school, junior high school, and elementary school.

* In addition to the courses named above, Art 175, Economics 136, Education S160, Music S109A-109B and Physical Education S120 are accepted by the College of Letters and Science at Berkeley.

† Art P22N, Economics S121, S134, S120, Education P1030, and 184, Geography 11, Mechanic Arts SD, Music S111c and 113, Political Science P18A, Public Speaking 88, Sociology P187 are not accepted by the College of Letters and Science at Berkeley.

Requirements for the Degree of Bachelor of Education 27

Requirements for the Degree of Bachelor of Education.

- I. Completion of 124 units of credit with corresponding grade points.
- II. Presentation of a certificate of physical fitness from the Medical Examiners of the University of California at Los Angeles.
- III. Recommendation of the major department and of the Department of Education.
- IV. Satisfactory completion of the following program:

1. Lower Division.

The work of the freshman and sophomore years, leading to the junior certificate of the Teachers College ordinarily comprises 64 units of university credit. The junior certificate, however, is awarded on completion of a minimum of 60 units of university credit, including:

(a) General University requirements:

Subject A.

Military Science and Tactics, 6 units (men).

Physical Education, 2 units.

(b) Foreign Language. At least 15 units in not more than two languages. Each year of high school work in a foreign language will count in satisfaction of 3 units of this requirement but will not reduce the number of units required for the junior certificate or the degree.

(c) Matriculation Mathematics. Elementary Algebra and Geometry. Instruction in these subjects is not given in the fall or spring sessions of the University.

(d) Natural Science. Twelve units chosen from the following list, at least 2 units of which must include laboratory work. (Courses marked with an asterisk meet the laboratory requirement.) Physics and Chemistry taken in the high school will each count in satisfaction of 3 units of this requirement but will not reduce the number of units for the junior certificate or the degree.

Zoology 1A*, 1B*.

(e₁) English 1A, 1B, or Public Speaking 1A, 1B.

(e₂) Psychology 1A-1B.

(e₃) A year course chosen from the following:

Economics 1A-1B.

Geography 1A-1B.

History 4A, 4B, or 5A, 5B, or 8A, 8B.

Political Science 3A, 3B.

Philosophy 1A-1B, 3A-3B.

Mathematics—6 units chosen from the following: C, F, 2, 5, 6, 8, 9A, 9B, 3A, or 3B. High school plane trigonometry and plane analytic geometry will be accepted in partial satisfaction of this requirement, each to count 2 units. This will not reduce the number of units required for the junior certificate or the degree.

2. Upper Division.

- (a) The junior certificate is required as a prerequisite to registration in the upper division, except for students who have been granted 60 or more units of advanced standing.
- (b) The student must complete at least 54 units of credit after qualifying for the junior certificate, of which a minimum of 36 units must consist of upper division courses.
- (c) The final year of residence,* including at least 24 units of credit, must be completed in the Teachers College. Courses taken in the summer sessions may be offered in satisfaction of 12 units of this requirement. Courses offered in the extension division are not acceptable as a part of the final year of instruction.
- (d) The course in American Institutions 101, or its equivalent, is required of all candidates for the degree of Bachelor of Education.
- (e) A major consisting of from 24 to 30 units of approved upper division courses, must be completed in one of the following departments:

Art, Commerce, Education, Home Economics, Mechanic Arts, Music, Physical Education.

The major in education is designed primarily to prepare students for teaching in the elementary schools of the state with specialization for either the kindergarten and primary grades, or for the upper grades and the junior high school. Ordinarily the student pursuing a major in education may so plan his program as to qualify for either the general elementary and kindergarten-primary credentials or the general elementary and junior high school credentials.

Majors in Art, Commerce, Home Economics, Mechanic Arts, Music, and Physical Education prepare the student to teach these subjects in the secondary schools, and lead to the special

* In case the candidate for a teaching credential is the holder of a bachelor's degree he must complete at least one semester of not less than 15 units in residence instruction in the Teachers College. Ordinarily, credentials are not obtainable from this institution on the basis of summer sessions alone.

secondary credential. By careful planning it is possible for major students in these fields to qualify for the junior high school credential. Requirements for both special secondary and elementary credentials cannot ordinarily be met within the limits of the four-year course.

The student must attain an average scholarship of "C" grade or better for all courses comprising the major.

Full descriptions of the specific requirements for the various majors will be found listed under the appropriate heads in the Announcement of Courses, University of California at Los Angeles.

- (f) In addition to the major, two minors are required. A minor is defined as from 12 to 18 units of coordinated courses in any University department. Descriptions of approved minors will be found in the Announcement of Courses, University of California at Los Angeles. Students majoring in Art, Commerce, Home Economics, Mechanic Arts, Music, and Physical Education must complete as one minor 18 units of approved courses in Education.

Curricula in Public Health Nursing and in Nursing Education.

Students who complete the curriculum in public health nursing will be granted certificates which will admit them to the examination conducted by the State Department of Public Health for the credential of Public Health Nurse. Students who complete the curriculum in nursing education will be granted certificates in nursing education. This curriculum is designed to supplement the basic training of nurses who desire to fill administrative, supervisory, and teaching positions in schools of nursing.

Requirements for Admission. Either curriculum is open to graduates of schools of nursing approved by the University of California who possess the California credential of Registered Nurse and who are eligible for admission to the University as regular undergraduate students. Students of nursing may be admitted to either curriculum for the final eight months period of their elective training when such election is approved by their schools. The general University requirements in relation to physical education and to Subject A (English composition) apply to students who enroll in either curriculum.

Application for Admission to the University. A form of application and a form for certificates of the high school or collegiate record will be supplied to any applicant for admission, upon request, by the Recorder of the Faculties.

Application for Admission to the Curricula. A form for application to either curriculum, a form for the transcript of the applicant's record in the school of nursing, and a form for a certificate of health will be supplied upon request, by the Chairman of the Department of Hygiene.

Both applications should be submitted as far in advance of the date of registration as possible in order to allow time for the evaluation of credentials.

The Curriculum in Nursing Education requires the completion of 32 units approved by the Committee on Curricula for Nurses, with as many grade points as time units in the courses undertaken.

The Curriculum in Public Health Nursing requires the completion of 38 units during three semesters of residence, of which 6 units (taken during the third semester) must consist of field work in Public Health Nursing. Conditions as to approval of program and attainment of grade points are identical with those in the curriculum in Nursing Education.

Prerequisites. Economics 1A (Principles of Economics), 3 units, and Psychology 1A (General Psychology), 3 units, are prerequisite to certain courses in both curricula. Students who have not completed these prerequisites prior to enrollment in the curriculum will be handicapped in planning their program. Both Economics 1A and Psychology 1A are generally available in the Intersession and Summer Session at Berkeley and in the Summer Session at Los Angeles.

Attendance at Intersession and Summer Sessions. Not more than 18 units of credit in either curriculum may be secured by attendance at Intersessions and Summer Sessions. The remaining units must be secured in the spring or fall semesters at Berkeley. Students contemplating satisfying some of the requirements in Summer Session should consult the Chairman of the Department of Hygiene.

Physical Education.

General Information.—Gymnasium costumes will be required for all floor and field courses. Women should provide themselves with middy blouses, bloomers, and gymnasium or tennis shoes.

No visitors will be admitted to physical education classes except by special arrangement with the instructor upon approval of the Dean.

Physical examinations will be required of all those taking the practical courses. Special examinations for women will be conducted in Room 8, Royce Hall, during the first week of the session. Appointments must be made in the Women's Physical Education Building the first day of the session. Physical examinations for men will be conducted in Room 15, Library, during the fourth and fifth days of the session. Appointments for these examinations must also be made the first day of the session in the Men's Physical Education Building.

Graduate Division.

A representative from the office of the Dean of the Graduate Division of the University will hold office hours at the University of California at Los Angeles during the opening days of the Summer Session for conference with advanced students desiring information with reference to graduate study. The office will be open Tuesday to Friday, June 27-30, from 8:30 a.m. to 12 m. and 1 to 4:30 p.m., and Saturday, July 1, from 8:30 a.m. to 12 m.

Summer Session Work toward Higher Degrees.—In planning a program for a higher degree it must be borne in mind that the members of the regular

staff are not on duty in the summer months. Admission to candidacy does not constitute a claim upon the vacation time of members of the faculty for direction of thesis work.

Students who plan to offer Summer Session courses in partial fulfillment of the requirements for the master's degree should be careful to select only courses especially designated as acceptable for this purpose. Not all the upper division courses offered in the Summer Session and Post Session may be offered in satisfaction of the requirements for the master's degree. Following is the complete list of courses given at Los Angeles during the Summer Session and Post Session of 1933 which will be accepted in partial fulfillment of the minimum requirement of 20-24 units of advanced work for the master's degree or 20 units for the Certificate of Completion of the teacher-training curricula. With reference to the distribution of upper division and graduate work, the student should consult the Announcements of the Graduate Division and of the School of Education. Before undertaking any of the courses listed below, the student should seek proper advice.

Graduate Students.—No student is assumed to be in graduate standing until his credentials have been evaluated and approved. To secure an adjustment of status, all prospective candidates for higher degrees or for certification of completion of the teacher-training curricula should file their credentials with the Dean of the Graduate Division, University of California, Berkeley, at least four weeks before the opening of the Summer Session. (For credentials fee, see page 17.)

After evaluation of credentials, such students should submit their study-lists to the graduate adviser in the department of the major subject for approval on the basis of the Dean's statement regarding their status.

The Announcement of the Graduate Division containing a statement of requirements for advanced academic degrees will be sent free by the University of California Press, Berkeley, upon application.

Requirement of Study of the Constitution of the United States.

Political Science S101 in the Summer Session or Political Science P101 in the Post Session may be offered to satisfy the requirement of a course in the Constitution of the United States for a university degree or for a teacher's certificate.

Teachers' Certificates.

During the opening days of the session a representative of the State Department of Education will keep office hours on the campus for the purpose of explaining requirements for teachers' certificates.

Conference for Junior College Principals, Deans, and Teachers.

During the Summer Session for the year 1933, from July 10 to 14, there will be held a conference for junior college administrators and teachers.

Topics.

The topics to be considered are:

1. The underlying philosophy of the junior college.
2. Problems of curricula.
3. Problems of administration.
4. The guidance program in the junior college.
5. Relations of the junior college to higher institutions.
6. Forward movement in the junior college field.
7. Additional problems to be suggested by members of the conference.

Plan.

The program for the week will be announced later. Junior college teachers and administrators will be on the program each day of the conference. Sessions will be held from 9:30 to 11:30 a.m. and from 1:30 to 3:30 p.m.

Fees.

There will be no charge connected with the conference.

Information.

The conference will be under the direction of Dr. Merton E. Hill. Information may be obtained from Dr. Hill, 210 Education Building, 405 Hilgard Avenue, Los Angeles, or 101 California Hall, University of California, Berkeley.

Conferences for Elementary School Principals.

During the Summer Session of 1933 a conference for elementary school principals will be held on the Los Angeles campus under the direction of the Teachers College. The meetings have been scheduled for July 18, 19, and 20.

A similar conference for elementary school principals will be held on the Berkeley campus on July 11, 12, and 13.

Each conference will be planned and conducted in the same manner as in previous years. The problems will be chosen from those submitted by the principals. A general discussion of each outstanding problem will be followed by a series of round table discussions.

Information concerning the conferences may be obtained by addressing Professor Charles W. Waddell, Teachers College, University of California at Los Angeles, Los Angeles, California, or Professor George C. Kyte, School of Education, University of California, Berkeley, California.

Appointment Secretary.

During the session Miss M. Burney Porter, Appointment Secretary of the University of California at Los Angeles, will keep office hours daily in Room 123, Education Building. Those desiring positions in the elementary schools, the junior high schools, and the high schools should register with her.

Registrants for all positions must pay at the office of the Comptroller a fee of five dollars (\$5.00) to cover the cost of clerical work.

More effective aid will be rendered to superintendents and principals if the secretary is notified in advance of the specific requirements of positions and the hours at which appointments are desired.

Library Hours.

Throughout the Summer Session the Library will be open daily from 7:45 a.m. to 6 p.m., Monday to Friday inclusive, and from 7:45 a.m. to 12 m. Saturday.

Upon presentation of admission card, full library privileges, including the home use of books, as accorded to regular University students, are extended, without additional fee, to students registered in the Summer Session.

The Los Angeles Public Library, on South Hope street between Fifth and Sixth streets, the West Los Angeles Branch Library, Purdue street and Santa Monica boulevard, and the Santa Monica Public Library, 503 Santa Monica boulevard, are open every week day. Summer Session students may obtain readers' cards by filing with their application blanks cards signed by the Recorder, stating that they are students in the University.

Summer Session Bruin.

The *Summer Session Bruin* is issued twice each week throughout the session. In addition to Summer Session news, it contains announcements of lectures, concerts, exhibits, meetings of University organizations, and general information of interest to visitors. The subscription price is 50 cents, payable with other fees at the office of the Comptroller.

Recreation and Excursions.

The neighborhood of Los Angeles offers many opportunities for recreation. Swimming facilities are afforded at the numerous beaches along the coast line; a network of automobile drives covers all southern California; week-end excursions are possible to the old missions of California, to the observatories of Mt. Lowe and of Mt. Wilson, to Catalina Island with its submarine gardens and its fishing, to Santa Barbara and Riverside, to Pasadena and San Diego, to Big Bear Lake and other mountain resorts, and to La Jolla Biological Station.

The general recreation of the Summer Session is under the direction of Mr. Frampton, who will personally conduct a number of excursions to nearby points of interest. These include Mt. Wilson, Catalina Island, the Huntington Library, the Lion Farm at El Monte, San Diego, and a trip into Old Mexico.

Information as to special recreational events may be obtained at the office of the Comptroller or from Mr. Frampton.

Accommodations and Expenses.

There are privately owned dormitories for men and for women, fraternity houses, and private homes in the vicinity of the University where students may obtain room and board at prices ranging from \$45.00 to \$60.00 per month. A list of addresses where either board or lodging or both may be obtained will be ready for distribution at the office of the Summer Session in Los Angeles, Room 131, Education Building, or at the office of the Dean of Women, 116 Royce Hall, University of California at Los Angeles, 405 Hilgard avenue, by May 15. Copies will be mailed on request. Every possible assistance will be given to strangers in their search for suitable accommodations.

The following table will enable the student to form an estimate of the expenses, exclusive of railway fare, to be met in attending the six weeks of the Summer Session:

University tuition fee.....	\$35.00-	\$35.00
Laboratory fees (according to courses taken)....	00.00-	25.00
Board and room, six weeks.....	67.50-	90.00
Textbooks and stationery.....	5.00-	15.00
Laundry.....	5.00-	12.00
	<hr/>	
Total.....	\$112.50-	\$177.00

The Associated Students' Store carries all textbooks for Summer Session courses, as well as stationery and other supplies.

Y. W. C. A.

The building of the Young Women's Christian Association situated at 574 Hilgard avenue, near the east entrance to the campus, will be open during the Summer Session for the use of all women students. The building provides reading and rest rooms, a cool patio, and lunch room. A limited number of persons desiring to be near the campus may procure dormitory sleeping accommodations in the building at a reasonable rate. A secretary attached to the regular staff will be in attendance during the session and available for consultation.

Railroad Rates for the Summer Session.

Prospective students of the Summer Session are urged to procure definite information at railroad offices with reference to summer rates from their respective cities. The railroad companies have announced a large reduction in rates from May 15 to October 15.

Location and Transportation.

The campus of the University of California at Los Angeles, comprising 384 acres, is within the corporate limits of the city of Los Angeles, west of Beverly Hills. It extends along the south side of Beverly Boulevard from Hilgard Avenue to Veteran Avenue, and is bounded on the south by LeConte and Gayley Avenues.

Eight or more bus lines are operated by the Los Angeles Motor Coach, Pacific Electric Railway, and Bay Cities Transit companies connecting Pershing Square, Pico, Wilshire, Beverly, Sunset, and Hollywood boulevards and districts of Santa Monica, Ocean Park, Venice, Brentwood Heights, West Los Angeles, Culver City, Palms, Inglewood, Pasadena, Eagle Rock, Glendale, Van Nuys, and San Fernando Valley with the University.

Site and Climate.

Los Angeles, the chief city of southern California, is situated about eighteen miles north of San Pedro Bay and about the same distance east of the Pacific Ocean at the foot of the San Gabriel Range.

The daily average of maximum temperature during June, July, and August is about 70°, 75°, and 81°, respectively. Owing to the prevailing summer wind, the humidity is fairly low. The nights are usually cool. During the summer months morning fogs are frequent, but are almost always dissipated early in the forenoon.

Buildings and Equipment.

The present buildings of the University of California at Los Angeles are situated on a ridge of land running south from Beverly boulevard, and are approached from the east by a monumental bridge and from the west by the West Stairway. The central esplanade is flanked by four buildings, all in ruffled red brick and artificial stone, with tile roofs, in a style of architecture inspired by the Romanesque of North Italy.

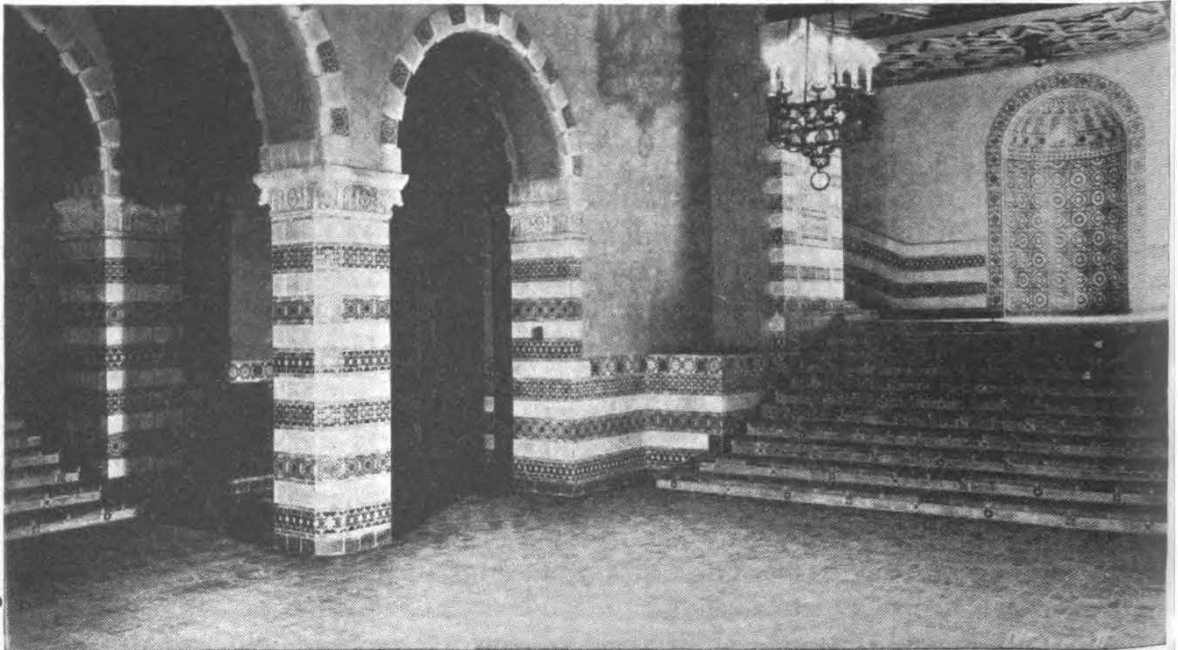

The administrative offices are on the first floor and basement of the Library, the building which faces the south side of the esplanade. Located on the second floor are the main reading room, the catalogue, the reference, and the general circulation desks. In the west wing, first floor, is the reserved book reading room. The Library contains 192,000 volumes, and 1,534 periodicals are regularly received.

Josiah Royce Hall, facing the north side of the esplanade, contains forty-seven classrooms of various sizes, many faculty offices, and the

auditorium, seating 1,902, and having a spacious stage, fully equipped for theatrical and musical productions. A Skinner pipe organ, a gift to the University, is in the auditorium.

The Chemistry Building, east of Royce Hall, contains classrooms and laboratories, and a lecture hall seating nearly 400. The Physics-Biology Building, east of the Library, also has a lecture room of the clinical theatre type, seating 250. The court on the west side is planted with a collection of rare cycad palms.

South of the Library and facing east is the Education Building, housing the departments of education, music, art, and home economics, as well as the administrative offices of the Teachers College and the Summer Session. Two lecture rooms are particularly adapted for musical and dramatic productions appealing to audiences of smaller size.

West of the Education Building is Kerckhoff Hall, erected by Mrs. William G. Kerckhoff of Los Angeles as a memorial to her husband. It serves as a center for the social activities of students and faculty. Here will be found the Cooperative Store, several dining-rooms and lounges, and the offices of the publications.

Two new buildings, a Physical Education Building for Women and a Men's Gymnasium and Armory, were recently constructed on the campus. Both structures have been designed in accordance with the most modern ideas in physical education, and are believed to be of sufficient size to accommodate a student body of nearly twice the present enrollment. Swimming pools and large gymnasium floors, modernly equipped, are provided in each building, as well as special training rooms for those who are physically handicapped.

Outdoor playing fields include running track, hockey field, basketball and tennis courts.

University of California Summer Session in Berkeley.

During the period from June 26 to August 4, 1933, the University will also conduct its Summer Session in Berkeley. An Intersession will be conducted in Berkeley from May 8 to June 16, 1933. Bulletins describing the courses offered in both the Intersession and Summer Session are available at the office of the Summer Session in Los Angeles, 131 Education Building, 405 Hilgard Avenue, Los Angeles, and at the office of the Dean of the Summer Sessions, 102 California Hall, University of California, Berkeley.

Information.

Full information concerning the Summer Sessions of the University of California may be secured at the office of the Summer Session in Los Angeles, 131 Education Building, 405 Hilgard Avenue, Los Angeles (telephone OXford 1071 or West Los Angeles 31171), which is open daily.

COURSES OF INSTRUCTION

ART

PORTIA N. MINER, Ed.B., formerly Associate in Fine Arts.

LAURA FRANCES ANDRESON, Ed.B., Instructor in San Bernardino City Schools.

GEORGE JAMES COX, A.R.C.A., Professor of Art.

LOUISE PINKNEY SOOY, Associate Professor of Fine Arts.

CLARA BARTRAM HUMPHREYS, M.A., Associate in Fine Arts.

NATALIE WHITE, M.A., Supervisor of Training, Art.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

The work of the Department of Art is under the general direction of Professor Cox.

Art 1 and 2A (or 22N), or equivalent courses, are prerequisite to all other courses in the department.

S1. Art Appreciation

Miss MINER

Principles of aesthetics; prehistoric and primitive art; ancient, early mediaeval, and Gothic art; Renaissance architecture and crafts. 2 units.

M Tu W Th F, 12.

S2A. Art-Structure.

Associate Professor SOOY

Fundamental principles of design. Development of appreciation of harmony produced through the organization of the elements of line, mass, and color. 2 units.

M Tu W Th F, 8-10.

S4A. Freehand Drawing.

Miss MINER

Principles of perspective, line, and mass drawing of still-life, buildings, interiors, and furniture. 2 units.

M Tu W Th F, 1-3.

S18. Elementary Construction.

Miss ANDRESON

Fundamental craft experiences, in three groups: clay, cardboard construction with paper, cloth, and leather; processes in reed, raffia, wood, etc. 2 units. Laboratory fee, \$1.00.

M Tu W Th F, 1-3.

S21. Costume Appreciation and House Furnishing.

Associate Professor SOOY

Lectures, discussion, and demonstration; modern costume and house furnishings. 2 units.

M Tu W Th F, 10-12.

30. Fine and Industrial Art Education.

Education 135B will be accepted as a substitute for Art 30.

S131A. History of Art.

Professor COX

Illustrated lectures; the significant developments of Art in the creative periods in Egypt, Greece, and China; their contemporary implications; the establishment of critical standards of appreciation. 2 units.

M Tu W Th F, 10.

Industrial Arts for the Elementary Grades. (Education 135B.)

Miss WHITE

For teachers and supervisors who wish to make industrial arts an integral part of the elementary school curriculum. The meaning of industrial arts; their place in the elementary schools; their content. The relationship of industrial arts to other elementary school subjects. The planning of an industrial arts curriculum for the first six grades. The use of tools and various materials suitable for the elementary schools. Practical work in the following fields: clothing, shelter, utensils, and records. Various phases of this work will be shown in the Demonstration School. Laboratory fee, \$2.00. 2 units.

Lecture (for all sections), F, 1.

Laboratory and lectures: Sec. 1, M W, 1-4, Elementary Grades; Sec. 2, Tu Th, 1-4, Kindergarten-Primary.

S158. Textile Decoration and Pictorial Block Printing. Miss ANDRESON

Processes of dyeing and printing textiles: tie-dyeing, batik, painting, stencilling. Laboratory fee, 50 cents. 2 units.

M Tu W Th F, 10-12.

175. Figure Drawing and Composition.

Professor COX

The figure, its proportions, construction, rhythmic movement. Exercises in various media. Illustrated lectures and original composition. Students who have had Art 175 in the regular session will not be permitted to take this course for credit. Prerequisite: Art 134A-B and 164 or 6 units of equivalent work. 2 units.

M Tu W Th F, 8-10.

POST SESSION COURSE*(August 10 to September 1, 1933)***P22N. Art Structure.**

Mrs. HUMPHREYS

Fundamental course in design and art appreciation given to students in Letters and Science, Home Economics, and Elementary and Kindergarten-Primary Education. 2 units.

M Tu W Th F, 8-10.

ASTRONOMY

FREDERICK C. LEONARD, Ph.D., Associate Professor of Astronomy.

SUMMER SESSION COURSE

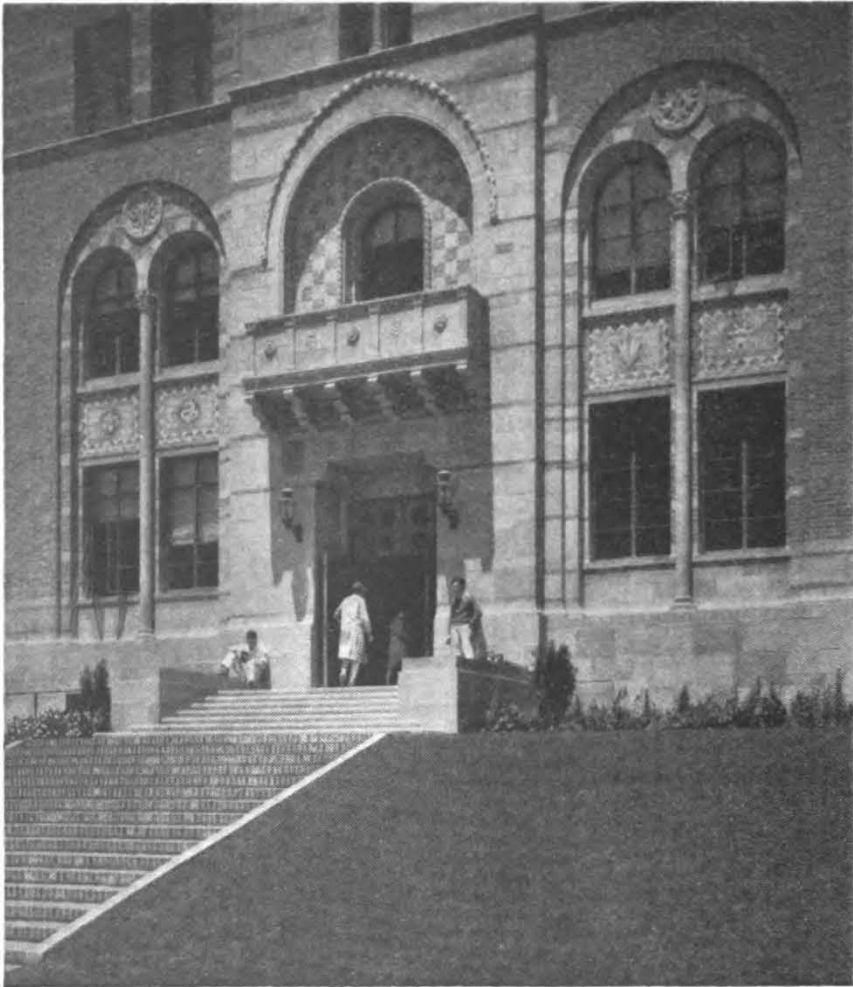

(June 28 to August 9, 1933)

S1. Elementary Astronomy.

Associate Professor LEONARD

An introductory course in the general principles and the fundamental facts of astronomy, presented as far as possible in non-technical language and without mathematics. Prerequisites: elementary algebra, plane geometry, and high school physics or chemistry. 2 units.

M Tu W Th F, 8.

AN ENTRANCE TO THE PHYSICS AND BIOLOGY BUILDING

BIOLOGICAL SCIENCES

BENNET M. ALLEN, Ph.D., Professor of Zoology.

LOYE HOLMES MILLER, Ph.D., Professor of Biology.

RAYMOND B. COWLES, Ph.D., Assistant Professor of Biology.

CARL C. EPLING, Ph.D., Assistant Professor of Botany.

EDGAR L. LAZIER, Ph.D., Assistant Professor of Zoology.

EUGENE PAUL CAMPBELL, A.B., Assistant in Physiology in the Summer Session.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

BIOLOGY

S12. Field Biology; Nature Study. Assistant Professor COWLES

Systematic and ecologic biology with emphasis on the local environment. An introduction to the commoner plants and animals, their life histories and distribution. Lectures, conferences, and field observations. 3 units.

M Tu W Th F, lecture, 8; field laboratory, supplemented by indoor work where necessary, Tu Th, 1-4, or to be arranged.

BOTANY

S1. General Botany. Assistant Professor EPLING

A general introductory course emphasizing the structure, functions, and life-relations of the seed-plants. One lecture and one laboratory period daily. Laboratory fee, \$1.00. 4 units.

M Tu W Th F, lecture, 8; laboratory, 9-12.

S104B. Taxonomy of the Seed Plants. Assistant Professor EPLING

Practice in the use of manuals based chiefly on field work. Designed for botany majors, teachers of nature study, and students in the College of Agriculture. Prerequisites: Botany 1 and 2, or the equivalent. 2 units.

Tu Th, 11; M W F, 9-12.

PALEONTOLOGY

S1. General Paleontology. Professor MILLER

The general principles of paleontology, the influences that surrounded the ancient life of the earth, and some of the ways in which animals respond to such influences. 2 units.

M Tu W Th F, 11.

PHYSIOLOGY

S1. Elementary Human Physiology.

Mr. CAMPBELL

The processes of life in the human body. Prerequisite: high school chemistry. Laboratory fee, \$3.00. 3 units.

M Tu W F, lectures, 11; M W F, laboratory, 1-4.

ZOOLOGY

S1A. General Zoology.

Professor ALLEN

An introduction to the facts and principles of animal biology, with special reference to the structure, functions, and evolution of animal life. This course fulfills part of the Zoology requirement for the pre-medical and agricultural curricula. Laboratory fee, \$3.00; additional charge will be made for all apparatus broken. 5 units.

Lectures, M Tu W Th F, 8; laboratory, 9-12, and one afternoon per week.

S1B. General Zoology.

Assistant Professor LAZIER

An introduction to vertebrate morphology, with special emphasis in the laboratory on the anatomy of the dogfish and mammal and the early development of the chick. This course fulfills part of the requirement for the pre-medical curriculum. Prerequisite: Zoology 1A. Laboratory fee, \$3.00. 5 units.

Lectures, M Tu W Th F, 8; laboratory, M Tu W Th F, 9-12; and one afternoon lecture and laboratory to be arranged.

S1c. Embryology.

Assistant Professor LAZIER

Designed for students who transfer to this University from other institutions without having had the work covered in the latter half of Zoology 1B. Not open to students who have taken Zoology 1B at this University. Laboratory fee, \$2.00. 2 units.

Lectures, M W F, 8; laboratory, M W F, 9-12.

S105. Advanced Vertebrate Embryology.

Professor ALLEN

A study of mammalian embryology. Prerequisite: Zoology 1A and either 1B or 35, or the equivalent courses. Laboratory fee, \$3.00. 3 units.

Lectures, M W F, 1; laboratory, M Tu W Th F, 9-12.

S106. Comparative Anatomy of the Higher Vertebrates.

Assistant Professor LAZIER

Structural relationships of the higher vertebrates. Dissection of the cyclostome, amphibian, reptile, and mammal. Prerequisite: Zoology 1A-1B (including embryology). Laboratory fee, \$7.50. 4 units.

Lectures, M Tu W Th F, 1; laboratory, M Tu W Th F, 2-5.

S113. Zoology of the Higher Vertebrates.

Professor MILLER

The habits, distribution, and ecology of the avifauna of California. Prerequisite: Zoology 1A-1B. 2 units.

M Tu W Th F, 8.

S199. Problems in Zoology.

Professor MILLER and the STAFF

Prerequisite: Zoology 1A-1B and junior standing, with such special preparation as the problem may demand. Laboratory fee, \$3.00. 2 units.
Hours to be arranged.

POST SESSION COURSES

(August 10 to September 1, 1933)

BIOLOGY

P12. Field Biology; Nature Study.

Assistant Professor COWLES

Systematic and ecologic biology with emphasis on the local environment. An introduction to the commoner plants and animals, their life histories and distribution. Lectures, readings, reports on materials, and field observations. 2 units.

M Tu W Th F, laboratory or field trip, 8-10; lecture, 10.

BOTANY

102. Plant Geography of California.

Assistant Professor EPLING

A course of field work designed to familiarize the student with the principal botanical provinces of California and the plants which dominate them. A three weeks' trip by auto bus through the Sierra, Coast Ranges, and desert, travelling approximately 3000 miles. Transportation cost approximately \$40.00. Bedding rolls are required and, if desired, a light canvas cot may be taken. Meals will be obtained along the route. Prerequisite: Botany 1 and 2, or the equivalent. 3 units.

CHEMISTRY

FRANCIS E. BLACET, Ph.D., Instructor in Chemistry.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

The chemical laboratories will be open daily, except Saturday, from 12 to 5. The fee required for course S9 is \$27.00 No part of this fee is returnable.

These two courses satisfy the entrance requirement of medical schools in organic chemistry.

S8. Elements of Organic Chemistry.

Dr. BLACET

An introduction to the study of the carbon compounds, including a consideration of the more important general organic reactions and a descriptive study of the principal classes of aliphatic and aromatic compounds. Prerequisite: one year's course in college inorganic chemistry. 3 units.

M Tu W Th F, 8; Tu Th, 9.

S9. Organic Chemistry: Laboratory.

Dr. BLACET

The preparation of organic compounds. A laboratory course offering practical experience in synthetic processes. Open to students who are taking or who have completed course 8. 3 units.

Lectures, M F, 9; laboratory, M Tu W Th F, 1-5.

S199A. Problems in Chemistry.

The STAFF

Prerequisite: junior standing with such special preparation as the problem may demand. Laboratory fee, \$15.00. 2 units.

Hours to be arranged individually.

S199B. Problems in Chemistry.

The STAFF

Prerequisite: junior standing with such special preparation as the problem may demand. Laboratory fee, \$15.00. 2 units.

Hours to be arranged individually.

GEORGE W. ROBBINS, M.B.A., Assistant Professor of Economics.

JOHN C. CLENDENIN, M.S., Lecturer in Economics.

PAUL A. DODD, Ph.D., Lecturer in Economics.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

Economics 1A-1B, or its equivalent, and at least 60 units of university credit, are prerequisite to upper division Summer Session courses in the Department of Economics.

S1A. Elements of Economics. Assistant Professor CALKINS

An introductory course devoted to the study of the evolution of economic society; production; consumption; value and price; business organization; monopoly; money, banking, and foreign exchange; international trade; protection and free trade. 3 units.

M Tu W Th F, 8, and two hours of quiz sections.

S1B. Elements of Economics. Dr. DODD

An introductory course devoted to the study of distribution as an economic problem; rent; wages; interest; profits; labor problems; transportation; insurance; socialism and radical movements; agricultural problems. Prerequisite: Economics 1A. 3 units.

M Tu W Th F, 10, and two hours of quiz sections.

S14A-14B. Principles of Accounting. Mr. CLENDENIN

A basic course in the principles of accounting. The theory of debit and credit; the underlying principles of the various accounting records; modern business papers; working sheets; the balance sheet and the income statement; the sole proprietorship, the partnership, and the corporation from the viewpoint of accounts; special aspects of the buying, selling, and financial functions of a business; balance sheet valuation; the analysis and interpretation of financial statements. 6 units.

Note: Students who have completed Economics 14A will be permitted to enter this course on July 19 in order to complete the first year work in accounting. With special permission of the instructor, students will be permitted to register for S14A alone.

M Tu W Th F, 8-12.

- S100. Advanced Economic Theory.** Assistant Professor CALKINS
An advanced study of the principles of economics, including an analysis of such fundamental concepts as value, price, cost, rent, interest, wages, and profits. The relation of these to the current problems of production, distribution, and exchange. 2 units.
M Tu W Th F, 11.
- S120. Industrial Management.** Associate Professor NOBLE
Factory organization including the planning department, functional foremen, and production control; plant location and buildings; layout of machinery; stocking of materials; routing of production orders. Reports on visits to local industrial plants. 2 units.
M Tu W Th F, 9.
- S121. Business Administration.** Associate Professor NOBLE
The problems of business administration by the case method. Emphasis is placed upon the correlation of functions and activities of operating departments. Prerequisites: Economics 14A-14B and 12 units of upper division economics. 2 units.

**COURSES FOR TRAINING TRADE AND INDUSTRIAL
TEACHERS**

The Summer Session courses under this heading are designed primarily to prepare men and women for service in vocational schools and departments maintained under the provisions of the State and Federal Vocational Education acts and the State Continuation Education Act. The courses here listed will also be of interest to teachers of related technical subjects and those desiring to prepare for an advanced credential.

Courses for shop teachers will be open to those who qualify under the California state plan. The courses are open to men and women between the ages of twenty-four and forty-five years, who have had at least three years of schooling beyond the eighth year of the elementary school and who have had at least three years' experience as journeymen workers in the trade which they wish to teach, in addition to an adequate training period or apprenticeship, and whose personal characteristics would seem to fit them for teaching in vocational schools; and to those who are now engaged in such teaching.

Persons meeting the above requirements who desire to begin their teacher-training work will be required to take courses 361, 362, and S160 or S164. Candidates who have completed the first half of the teacher-training program in any of the centers maintained by the University of California will take courses 365, 366, 367, and in certain cases, S164.

Advanced courses are offered for the holders of the vocational education credential who have completed the 16 units of the teacher-training course. Course 363, Analysis and Organization of Related Technical Curricula, 90 hours, 6 units, when completed entitles the candidate to the credential for giving full-time instruction in related technical subjects. The six credits also apply in securing the long-term credential for those who have filed their applications prior to June 1, 1932.

Any of the other educational courses may also be applied in satisfaction of the six units required for the long-term credential. Course S164 is recommended to vocational teachers who have not taken vocational guidance as a part of the regular teacher-training course. The up-grading courses, 167M and 168, are offered for those desiring to qualify for the credential in coordination or departmental and special supervision in trade and industrial education. A course in Secondary Education may be taken with these making 6 units of work for the session.

Approval must be secured in advance if credit is to be applied toward a vocational credential.

Further information may be obtained from Benjamin W. Johnson, Assistant Director, Division of Vocational Education, University of California at Los Angeles, 405 Hilgard Avenue, Los Angeles.

361. Occupational Analysis and Curriculum Construction. Mr. JOHNSON

Analysis and classification of the trade knowledge and experience which the worker possesses, methods of teaching, and demonstration teaching. (No credit.)

M Tu W Th F, 8-10.

362. Technique of Vocational Instruction. Mr. JOHNSON

Outline of instructional and administrative problems involved in the actual teaching of a trade; related problems, and suggested solutions. (No credit.)

M Tu W Th F, 10.

363. Analysis and Organization of Related Technical Curricula.

Mrs. DONOVAN, Mr. WRIGHT

This course satisfies the requirement of the California State Department of Education for holders of the vocational arts type credential who desire to earn the credential in related technical subjects. Prerequisite: State credential in trade and industrial education. 6 units.

M Tu W Th F: Sec. 1, 9-12, Wright; Sec. 2, 9-12, Donovan.

365. Problems of Trade Technical Instruction. Mr. JACKEY

Related material inherent in the trades presented in terms of science, mathematics, and drawing; how to use this related material as a means to more effective teaching. (No credit.)

M Tu W Th F, 8-10.

366. Part-time, Cooperative, and Trade Extension Education. Mr. JACKEY

The problems incident to the organization and administration of the part-time, cooperative, and trade extension phases of a vocational program. The purpose and content of the short-unit course, advisory committee, organization, apprenticeship programs, and plant training. (No credit.)

M Tu W Th F, 10.

367. Civic and Employment Relations. Dr. MALLARY

For applied subjects teachers; attitude toward citizenship and industrial relations of potential workers. (No credit.)

M Tu W Th F, 11.

THE DEMONSTRATION SCHOOL

ORGANIZATION AND OBJECTIVES

The Demonstration School, in session daily from 9 to 12, will comprise a complete elementary school unit from the first through the sixth grade. Classes are open for observation by Summer Session students, especially those enrolled in the related courses.

The work of each group is planned to illustrate concretely how a completely integrated child experience draws upon and utilizes curricular materials from the various subject-matter fields. The aims, objectives, methods of procedure, and the outcomes of the activity approach to child education will be made evident through observation and by discussion. The constant aim is to work from and to illustrate the use of basic principles of teaching and learning.

THE CHILDREN

Enrollment of children in the Demonstration School should be secured by advanced application to insure acceptance. Applications for enrollment should be made between May 15 and June 24 to Miss Corinne A. Seeds, Principal of the Demonstration School, University of California at Los Angeles, 725 Woodruff Avenue, Los Angeles, California. Registration of applicants will take place on Tuesday, June 27. The fee for the six weeks is \$7.50. The fee must be paid on registration day. Checks should be made payable to the Regents of the University of California.

RELATED COURSES

The courses which require registration for observation in the Demonstration School are Education 131A, 131B, 135B, and 235.

The work of the Department of Physical Education will be under the general direction of Associate Professor Cozens.

Not more than two units are credited by the University toward a degree for work done in lower division courses in Physical Education.

Properly qualified students who wish to obtain the master's degree in the field of Physical Education should mail credentials to the Dean of the Graduate Division, California Hall, Berkeley, California, and make formal application for admission to the curriculum as far in advance of the opening of the session as possible.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

ATHLETICS

10. **Swimming for Men.** (Course fee, \$2.50.)

Mr. OSTER

Personal instruction in the various strokes as well as class drills in special exercises arranged to facilitate and strengthen necessary coordinations. Demonstrations and practice in methods of rescue and resuscitation. Instruction in the principles of diving. Men desiring to take the Red Cross life saving tests may do so under the supervision of the instructor. $\frac{1}{2}$ unit.

M Tu W Th F, Sec. 1, 12-12:30; Sec. 2, 12:30-1.

74A. **Elementary Swimming for Women.** (Course fee, \$2.50.) Miss SPROUL

Open to non-swimmers. Floating, treading water, preliminary strokes, and simple diving. $\frac{1}{2}$ unit.

M Tu W Th F, Sec. 1, 10:10-10:40; Sec. 2, 11:40-12:10; Sec. 3, 1:10-1:40.

74B. Intermediate Swimming for Women. (Course fee, \$2.50.)

Miss SPROUL

Open to students who can swim any stroke in deep water. Instruction in strokes, especially the crawl, and diving. $\frac{1}{2}$ unit.

M Tu W Th F, Sec. 1, 10:40-11:10; Sec. 2, 12:40-1:10.

74C. Advanced Swimming for Women. (Course fee, \$2.50.) Miss SPROUL

Open to students who can swim the crawl and dive from the board. Review of all strokes with special emphasis on the crawl, breast, and racing back strokes; swimming for speed and advanced diving. $\frac{1}{2}$ unit.

M Tu W Th F, 11:10-11:40.

74D. Life Saving (Women.) (Course fee, \$2.50.)

Miss SPROUL

Open to swimmers who can pass the preliminary test in distance swimming. Instruction and practice in life saving methods and the test prescribed for senior Red Cross life savers. $\frac{1}{2}$ unit.

M Tu W Th F, 1:40-2:10.

96. Tennis (Men and Women). (Course fee, \$1.00.)

Mr. JOHNS

For those who wish to become more proficient in tennis, whether they are interested primarily in physical education or not. Both elementary and advanced work will be offered. Classes limited to forty students. $\frac{1}{2}$ unit.

M W F, Sec. 1, 7; Sec. 2, 8.

Open hours on the tennis courts for students in Summer Session, daily, 9-5 p.m.; Saturday, 7 a.m. to 1 p.m.

373A. The Technique of Teaching Field Sports for Junior and Senior High Schools: Soccer, Volleyball, and Speedball (Women). (Course fee, \$1.00.)

Miss COOPER

Participation in the sports; the development of ability in analysis of fundamental coordination and the acquirement of skill in coaching proper technique of performance. 1 unit.

M Tu W Th F, 9.

373B. The Technique of Teaching Field Sports for Junior and Senior High Schools: Baseball, Basketball, and Field Hockey (Women). (Course fee, \$1.00.)

Miss COOPER

Participation in the sports; the development of ability in analysis of fundamental coordination and the acquirement of skill in coaching proper technique of performance. 1 unit.

M Tu W Th F, 10.

DANCING

62A. Elementary Natural Dancing. (Course fee, \$1.00.) Mrs. BLANCHARD

Dancing based upon free and natural movements; musical interpretations and dramatic pantomime. $\frac{1}{2}$ unit.

M Tu W Th F, 9.

- 62c. Natural Dancing: Advanced.** (Course fee, \$1.00.) Mrs. BLANCHARD
Dancing based upon free and natural movements; musical interpretation and pantomimic dancing. Prerequisite: Elementary Natural Dancing. $\frac{1}{2}$ unit.
M Tu W Th F, 10.
- 364. Technique of Teaching Character Dancing and Clogging.** (Course fee, \$1.00.) Mrs. BLANCHARD
Clog dancing built on the fundamental principles of soft shoe dancing, combined with stunts and characterizations. 1 unit.
M Tu W Th F, 8.

GENERAL THEORY COURSES

(Open to both men and women)

- S120. Principles of Physical Education.** Mr. FRAMPTON
The scope of the field of physical education, and its relation to modern educational theory; brief history of physical education with emphasis on determining principles; the philosophies of physical education; the varying objectives at different age periods; principles which govern the instructional, competitive, and corrective programs. 2 units.
M Tu W Th F, 8.
- S140. Physical Education Tests and Measurements.** Associate Professor COZENS
The historical background of tests and measurements in physical education; typical tests now in use in the field; the use of tests; criteria for evaluation; methods of scoring; construction of tests. Prerequisite: advanced physical education standing. 2 units.
M Tu W Th F, 11.
- S182. Corrective Physical Education.** Mr. FRAMPTON
Historical review of physio-therapy; organization of corrective physical education in school systems; the application of massage and exercise to the correction of posture, foot conditions, and conditions of the circulation, respiration, and nervous system; adjustment of the physical education program to individual needs. Ten clinic hours to be arranged. 2 units.
M Tu W Th F, 9.
- S190. Physiology of Exercise.** Mr. FRAMPTON
The physiology of muscular exercise and the relationship of the muscular system and circulation, respiration, digestion, excretion, internal secreting glands; also the effect upon the strength, speed, and endurance of muscular effort. Advanced physical education training and a working knowledge of physiology desirable. 2 units.
M Tu W Th F, 10.
- 311E. Principles of Teaching and Adaptation in Physical Education.** Miss COOPER
Designed to meet the needs of general elementary teachers handling activities in schools having no specialist in physical education. Not open to students who have had Physical Education 111E. 2 units.
M Tu W Th F, 11.

GRADUATE COURSES

As a condition for enrollment in a graduate course the student must submit to the instructor in charge of the course satisfactory evidence of his qualifications for the work proposed. Required preparation for admission to a graduate course is normally 12 units of upper division work or its equivalent, basic to the subject of the graduate course, irrespective of the department in which such basic work may have been completed.

Students taking a graduate (i.e., a 200) course are not permitted to register for more than 4 units of work.

- 235. Problems of Physical Education.** Associate Professor COZENS
For advanced students in the field of physical education. Individual investigation with conferences and group discussions. Admission on consultation with instructor. 2 units.
M W, 8-10.
- 245. Test Construction in Physical Education.** Associate Professor COZENS
For physical education teachers. The technique of physical education test construction. Theory and practice in the validation and standardization of actual test materials. Prerequisite: Physical Education Tests and Measurements. 2 units.
Tu Th, 8-10.

POST SESSION COURSES

(August 10 to September 1, 1933)

The tennis courts will be open for students of the Post Session daily from 8 to 5 and Saturdays from 8 to 1.

Recreational swimming for men, daily from 12:30 to 1.

Recreational swimming for women, daily from 12 to 1.

- 10. Swimming for Men.** (Course fee, \$1.25.) Mr. JOHNS
Personal instruction in the various strokes as well as class drills in special exercises arranged to facilitate and strengthen necessary coordinations. Demonstrations and practice in methods of rescue and resuscitation. Instruction in the principles of diving. $\frac{1}{4}$ unit.
M Tu W Th F, 12-12:30.
- 74A. Elementary Swimming for Women.** (Course fee, \$1.25.) —
Open to non-swimmers. Floating, treading water, preliminary strokes, deep water emergency test and simple diving. $\frac{1}{4}$ unit.
M Tu W Th F, 11-11:30.
- 74B. Intermediate Swimming for Women.** (Course fee, \$1.25.) —
Open to students who can swim the back, side, or crawl strokes in deep water. A review of the emergency test, analysis of the crawl stroke, plain diving. $\frac{1}{4}$ unit.
M Tu W Th F, 11:30-12.
- P140B. Physical Education Tests and Measurements.** Associate Professor COZENS
A continuation of course S140 with special application to the technique to be developed in scoring tests and in setting up various types of physical education scales. Prerequisite: Physical Education 140 or a working knowledge of educational statistics. 1 unit.
M Tu W Th F, 11.

GRADUATE COURSES

As a condition for enrollment in a graduate course the student must submit to the instructor in charge of the course satisfactory evidence of his qualifications for the work proposed. Required preparation for admission to a graduate course is normally 12 units of upper division work or its equivalent, basic to the subject of the graduate course, irrespective of the department in which such basic work may have been completed.

Students taking a graduate (i.e., a 200) course in the Post Session are not permitted to register for more than 2 units of work.

235A. Problems of Physical Education. Associate Professor COZENS

A continuation of 235. Students may select a special problem or continue the problem selected in 235. 1 unit.
M W, 8-10.

245A. Test Construction in Physical Education.

Associate Professor COZENS

A continuation of 245. A special unit of work for the Post Session will be selected. Prerequisite: Physical Education 245 or the consent of the instructor. 1 unit.
Tu Th, 8-10.

The following courses in other departments apply on the special credential in Physical Education:

	Units
Physiology S1, Elementary Human Physiology.....	3
Zoology S1A, General Zoology.....	5
Education S100, Growth and Development of the Child.....	2
Hygiene 101, Child Health.....	2
Hygiene 103, School Hygiene.....	2
Psychology S1A, General Psychology.....	2
Psychology S1B, General Psychology.....	2

Attention is called to the following courses in other departments which are closely related to the field of Physical Education:

	Units
Education S120, Principles of Education.....	2
Education 129, Modern Developments in Educational Practice	2
Education S102, Educational Tests and Measurements.....	2
Education S170, Secondary Education.....	2
Education 173, The Activity Curriculum in the Secondary School	2

Psychology 218, The Psychology of Learning.....	2
Sociology 180, The Control of Poverty.....	2

PHYSICS

JOHN MEAD ADAMS, Ph.D., Associate Professor of Physics.
ARTHUR H. WARNER, Ph.D., Instructor in Physics.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

A laboratory fee of \$4.00 per unit of work will be required in course S3 and an additional charge will be made for all apparatus lost or broken.

Prerequisite for S1A, S1B, S3: either (1) the high school course in physics, or (2) three years of high school mathematics, including trigonometry, and the high school course in chemistry.

Premedical Physics. Three of the eight units of physics prescribed in the premedical curriculum may be met by a satisfactory completion of courses S1A and S3-2A.

S1A. General Physics. Mechanics of Solids.

Dr. WARNER

Lectures with experimental illustration and assigned problems in the mechanics of solid bodies, including both statics and kinetics. This course, together with one unit of laboratory work taken under S3-1A in the Summer Session is the equivalent of Course 1A, prescribed in the College of Engineering. When offered with S1B and S3-2A it is the equivalent of Course 2A of the regular session. 2 units.

M Tu W Th F, 8.

S3. Physical Measurements.

Dr. WARNER

A laboratory course in general physics offering opportunity for experimental work in any part of the field of general physics, properties of matter, mechanics, heat, sound, light, electricity or magnetism. The course in detail will be adapted to the needs of individual students and may cover any portion of the laboratory work of the fall or spring sessions, as given in courses 1A-1B, 1C-1D, 2A-2B. 1-3 units.

M Tu W Th F, 9-12.

Enrollment should be under one, or more, of the following titles:

S3-1A. Physical Measurements.

Mechanics and properties of matter. 1 unit.

S3-1B. Physical Measurements.

Heat and properties of matter. 1 unit.

S3-1C. Physical Measurements.

Electricity and magnetism. 1 unit.

S3-1D. Physical Measurements.

Sound and light. 1 unit.

S3-2A. Physical Measurements.

Mechanics, sound, and heat. 1 unit.

S3-2B. Physical Measurements.

Light, electricity, and magnetism. 1 unit.

One unit of credit is given for the satisfactory completion of thirteen laboratory exercises, together with the accompanying examinations.

POST SESSION COURSE

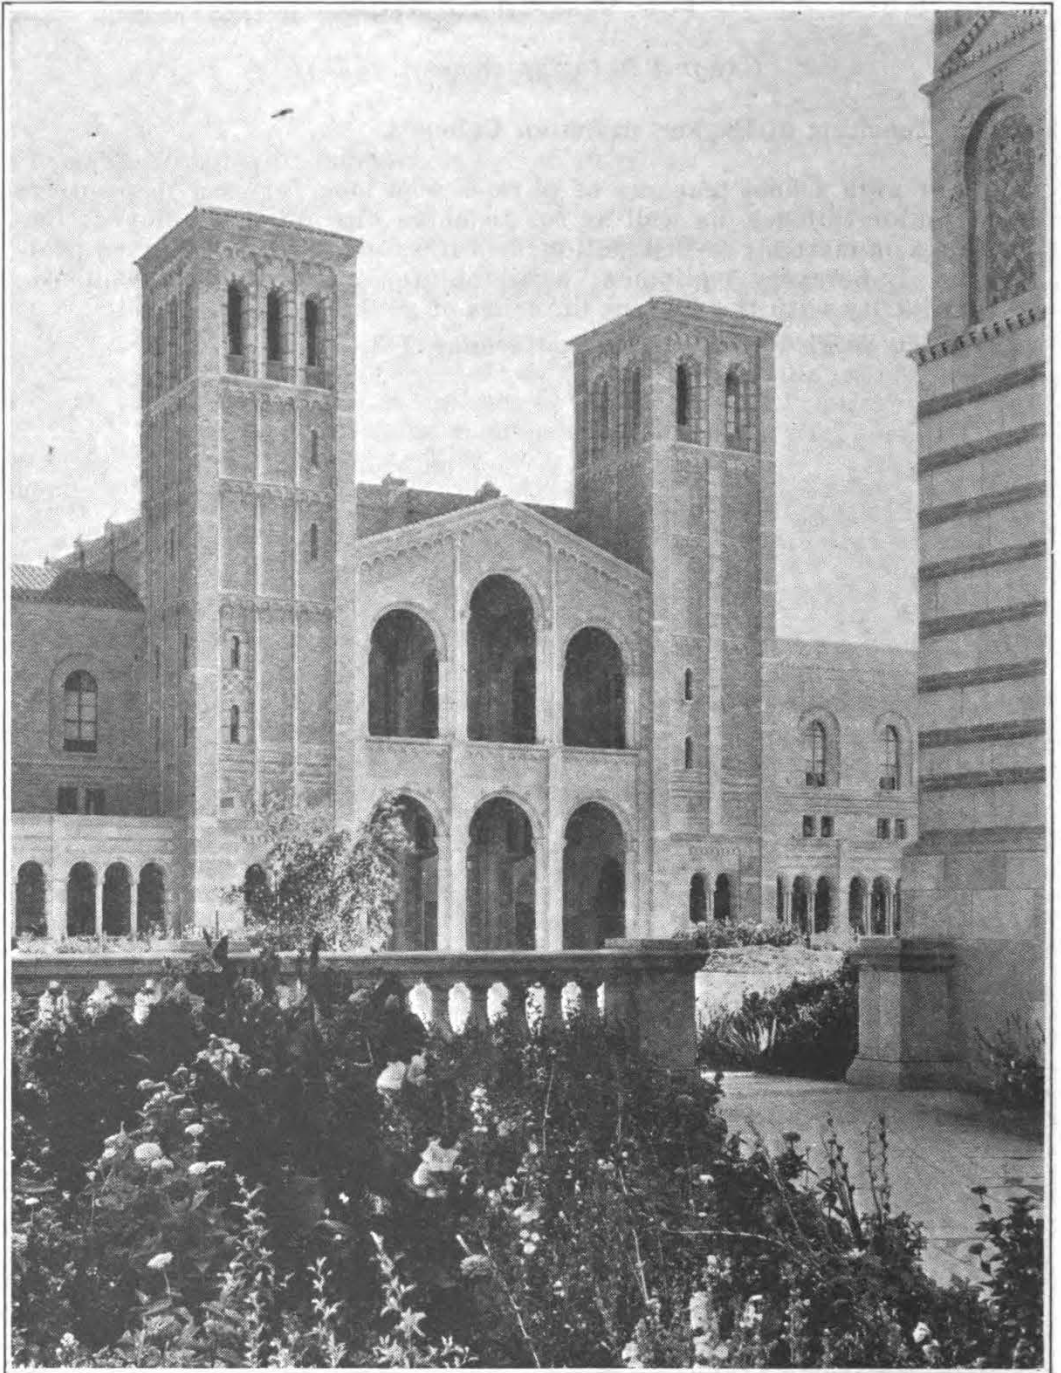

(August 10 to September 1, 1933)

379. The Teaching of Physics in Junior Colleges.

Associate Professor ADAMS

For high school teachers of physics who look forward to positions in junior colleges, as well as for teachers already so employed. Emphasis on methods of instruction: lectures, quizzes, and assigned problems. Laboratory equipment available for inspection. Prerequisite: familiarity with the various branches of general physics. 3 units.

M Tu W Th F, lecture, 10; conference, 1-3.

PSYCHOLOGY

HENRY EDWARD GARRETT, Ph.D., Assistant Professor of Psychology, Columbia University.

WARNER BROWN, Ph.D., Professor of Psychology.

KATE GORDON, Ph.D., Associate Professor of Psychology.

JOSEPH A. GENGERELLI, Ph.D., Assistant Professor of Psychology.

FRANK C. DAVIS, Ph.D., Instructor in Psychology.

HOWARD C. GILHOUSEN, Ph.D., Instructor in Psychology.

General prerequisite for all upper division courses: Psychology 1A-1B, or equivalent.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

S1A. General Psychology.

Associate Professor GORDON

The general history and development of psychology; will and personality; the nature, distribution, measurement, and grades of intelligence; feeling and emotion; attitudes; learning, conditioning, human and animal learning; basic activities, instincts, important skills; nervous structures and functions; sensations. Lectures, readings, and demonstrations. Not open to freshmen. 2 units.

M Tu W Th F, 8.

S1B. General Psychology.

Dr. GILHOUSEN

A detailed treatment of special topics: association; perception; attention; imagination; memory and forgetting; current psychological doctrines. Acceptable as an introductory course in Educational Psychology. Prerequisite: Psychology 1A, or equivalent. 2 units.

M Tu W Th F, 9.

S107A. Psychological Measurement and the Use of Statistics.

Assistant Professor GARRETT

Statistical methods and their use in relation to psychological problems, including illustrations and problems from the field of education and experimental psychology and group mental tests. Lectures, clinical demonstrations, laboratory exercises, outside reading, and conferences. Laboratory fee, \$2.00. 2 units.

M Tu W Th F, 9.

S107B. Psychological Measurement.

Assistant Professor GARRETT

Standard intelligence tests, and their applications. Lectures, clinical demonstrations, laboratory exercises, outside reading, and conferences. Laboratory fee, \$2.00. 2 units.

M Tu W Th F, 11.

S110. Educational Psychology (Experimental).

Dr. GILHOUSEN

Discussion of special topics pertaining to fundamental educational problems and their applications to educational procedures. Laboratory and clinical or teaching experiments pertaining to the problems of learning, memory, etc., in children and adults. Laboratory fee, \$1.00. 2 units.

M Tu W Th F, lecture, 12-12:30; laboratory, 12:30-2.

PUBLIC HEALTH AND NURSING EDUCATION

(HYGIENE)

ELINOR LEE BEEBE, M.A., Director of Child Development and Parent Education, Albany (New York) City Schools.

ANNA E. RUDE, M.D., Director, Division of Child Hygiene, Los Angeles County Health Department.

HELEN D. HALVORSEN, R.N., A.B., formerly Associate in Public Health Nursing.

PEARL IDA CASTILE, M.A., Director of Nursing, Pasadena Hospital.

JOHN N. FORCE, M.D., M.S., Dr.P.H., Professor of Epidemiology.

ESCHSCHOLTZIA L. LUCIA, Ph.D., Assistant Professor of Biometry.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

For information concerning the Curricula in Public Health Nursing and in Nursing Education, students are referred to page 29.

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or its equivalent.

S3. Elementary Epidemiology. Professor FORCE, Assistant Professor LUCIA

The evolution of methods of disease prevention and control based on studies of the history, prevalence, etiology, sources, and modes of infection of the principal preventable diseases. 3 units.

M Tu W Th F, 4; M W, 3.

S4. Elementary Public Health. Assistant Professor LUCIA

The field of public health in the United States; the causes of death, sickness, and disability; the conservation of infant and child life; the home and the industrial environment; the non-communicable diseases; and the presentation of health instruction. 3 units.

M Tu W Th F, 2; Tu Th, 3.

101. Child Health. Dr. RUDE

For teachers, nurses, social service workers, and others. The principal activities for child health from the prenatal period to adolescence, with special stress upon the newer aspects of the subject; the development of child welfare in this country; modern standards of child health. Lectures, assigned readings, discussions, and as far as possible, field work in various types of child hygiene. 2 units.

M Tu W Th F, 10.

103. School Hygiene.

Dr. RUDE

For school nurses, physical education instructors, principals, and teachers. Public health aspects of school hygiene; organization and administration of health work in public schools and the relation of school physicians, nurses, principals, and teachers to it; physical defects of school children and practical methods of correction and prevention; the detection and control of communicable diseases; modern methods of health education in personal hygiene, school sanitation, and health habits; possibilities of the correlation of health with the various subjects of the curriculum. Lectures, assigned readings and discussions. 2 units.

M Tu W Th F, 9.

S415A. Preventive Medicine.

Hygiene S3 will be accepted as a substitute for Hygiene 415A.

S415B. Preventive Medicine.

Hygiene S4 with an additional unit of laboratory practice taken at Berkeley at some future time will be accepted for Hygiene 415B.

S418A. Principles and Practice of Public Health Nursing.

Mrs. HALVORSEN and Assistant

History and development; principles and objectives; procedures and technique in the various branches of public health nursing including maternal and child hygiene, school nursing, communicable disease, industrial nursing and mental hygiene. 3 units.

M Tu W Th F, 11; M W, 8.

S418B. Principles and Practice of Public Health Nursing.

Mrs. HALVORSEN and Assistant

The principles of organization and administration in public health nursing; consideration of the relationship to other health and social agencies; discussion of special problems. S418A is not prerequisite to S418B, but the two courses may not be taken concurrently. 3 units.

Mr. KARR

The basic principles of effective speech building, with special emphasis on outlining. Practice in preparing and presenting short speeches. 2 units.
M Tu W Th F, 10.

S2A. Fundamentals of Expression and Interpretation.

Mrs. HUNNEWELL

The essentials of effective oral interpretation. Practice in reading and speaking. 2 units.
M Tu W Th F, 9.

S10A. The Art of Acting: Introductory Course.

Mr. FREUD

Adapted to the needs of beginners and designed as a systematic introduction to more advanced dramatic work. The elements of acting; diction, pose, reading, pantomime, character portrayal, etc. 2 units.
M Tu W Th F, 8.

88. The Development of the Speaking Voice.

Mr. KARR

Discussion of basic principles in effective voice production. Study of individual needs, with suggestions of suitable exercises for personal development. This course will be accepted as the equivalent of 2B in the regular session. 2 units.
M Tu W Th F, 11.

S111A. Literary Interpretation.

Mrs. HUNNEWELL

Play cutting and technique in public presentation. Oral study of literary masterpieces and monologues. Prerequisites: Public Speaking 2A-2B, or consent of the instructor. 2 units.
M Tu W Th F, 10.

S155A. Play Production in Theory and in Practice.

Mr. FREUD

Practical work in presentation of Greek dramas, Shakespeare, Ibsen, Shaw, and modern comedy. Voice, gesture, pose, pantomime, characterization. 2 units.
M Tu W Th F, 9.

SLAVIC

ANDRÉ LOBANOV-ROSTOVSKY, Assistant Professor of History.

Where prerequisites to upper division courses are not stated, it is understood that these courses are open only to students who have junior standing or its equivalent.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

S130. Russian Literature.

Assistant Professor LOBANOV

Representative novelists and dramatists from Gogol to Tolstoy. 2 units.

M Tu W Th F, 9.

S140. Modern Russia.

Assistant Professor LOBANOV

Russian institutions and currents of thought from about 1800 to our day, with special emphasis on the revolutionary movements. 2 units.

M Tu W Th F, 11.

Attention is called to History S149B and Political Science S155.

SOCIOLOGY

ALBION GUILFORD TAYLOR, Ph.D., Professor of Economics and Head of the School of Economics and Business Administration, College of William and Mary.

Junior standing, or its equivalent, is prerequisite to all courses in this department.

SUMMER SESSION COURSES

(June 28 to August 9, 1933)

105. Social Progress.

Professor TAYLOR

The evolution of human institutions; the concept of progress; the criteria of progress; factors conditioning social advancement; the agencies of social control. 2 units.

M Tu W Th F, 10.

S180. The Control of Poverty.

Professor TAYLOR

Poverty in relation to native ability, health, education, family life, leisure time, and economic organization. Programs for the prevention of poverty. 2 units.

M Tu W Th F, 12.

S183. Crime as a Social Problem.

Professor TAYLOR

Nature and causes of crime; its extent and cost; the history of its treatment; juvenile delinquency; criticism of methods of repression; machinery of justice. 2 units.

M Tu W Th F, 9.

POST SESSION COURSE

(August 10 to September 1, 1933)

DIRECTIONS

Summer Session in Los Angeles, June 28–August 9

1. **On or before Wednesday, June 14**, if possible, file application with the office of the Summer Session in Los Angeles, 131 Education Building, 405 Hilgard Avenue, Los Angeles, California. This may be done by mail. See Application Form at the end of this bulletin.
2. **Before Wednesday, June 21**, if possible, select lodgings in West Los Angeles (see page 36).
3. **Tuesday, June 27—Registration at the University of California at Los Angeles.** (a) Register with the Recorder on the card provided for that purpose; (b) pay necessary fees*, and (c) obtain *admission card* and registration forms. The *admission card* is to be shown on demand to the officers in charge of classes, at the first meeting of the classes, or at any time during the session. Students may register between 8:30 a.m. and 3 p.m. on Tuesday or Wednesday. Students are urged to register on Tuesday, June 27.
4. *The regular class exercises will begin Wednesday, June 28, at 8 a.m.*
5. **On or before Thursday, July 6**, return your *registration form*, duly filled out, to Recorder. It is necessary for auditors, as well as regular students, to file *registration forms*.
6. **Wednesday, July 26**, last day to add or drop a course from the study-card. Obtain proper petition blank from the Recorder.
7. **To obtain a transcript of record**, showing the courses elected during the session and the grades attained in them, make application on regular form to be obtained from the Recorder at the close of the session, and a transcript will be mailed to you.
8. It is suggested that students from out of the state will avoid much inconvenience, if they provide themselves with cashier's or traveler's checks.

CIRCULARS OF INFORMATION

For circulars of information concerning the several colleges and departments of the University please write to the *Recorder of the Faculties, University of California, Berkeley, California*, mentioning the department or study in which you are interested. For information concerning the colleges of the University of California at Los Angeles, write to the *Recorder, University of California at Los Angeles, 405 Hilgard Avenue, Los Angeles, California*.

Before filling out Application Blank please read carefully:

All Summer Session courses which are identical, or nearly so, with courses given during the fall or spring sessions at Los Angeles; or which are identical, or nearly so, with courses given during the fall or spring sessions at Berkeley where departments exist only at Berkeley, are distinguished by the letter "S" prefixed to the regular number of the course.

The maximum program which a student in the Summer Session is permitted to carry is six units; if a graduate course (numbered 200–298) is included, the maximum is four units.†

* The tuition fee must be paid at the time of registration. Checks should not be mailed in advance.

† In the case of graduate students exceptions to this rule may be made only by permission of the Dean of the Graduate Division, or his representative. In the case of undergraduate students, no exceptions will be made.

HOLLYWOOD BOWL

THE STAR-SPANGLED BANNER

Oh, say can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars, thro' the perilous fight,
O'er the ramparts we watched were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still there.
Oh, say, does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

On the shore dimly seen thro' the mists of the deep,
Where the foe's haughty host in dread silence reposes,
What is that which the breeze, o'er the towering steep,
As it fitfully blows, half conceals, half discloses?
Now it catches the gleam of the morning's first beam,
In full glory reflected now shines on the stream:
'Tis the star-spangled banner: oh, long may it wave
O'er the land of the free and the home of the brave!

THE UNIVERSITY HYMN

O God, our help in ages past,
Our hope for years to come,
Our shelter from the stormy blast,
And our eternal home.

Before the hills in order stood,
Or earth received her frame,
From everlasting Thou art God,
To endless years the same.

A thousand ages in Thy sight
Are like an evening gone;
Short as the watch that ends the night
Before the rising sun.

O God, our help in ages past,
Our hope for years to come,
Be Thou our guard while troubles last,
And our eternal home.

Names of buildings at the Branch of the College of Agriculture at Davis are abbreviated as follows: AE, Agricultural Engineering Building; AnS, Animal Science Building; Ch, Chemistry Building; CRB, Classroom Building; DI, Dairy Industry Building; Gym, Gymnasium Building; Hort, Horticultural Building; PI Path, Plant Pathology Building; PH, Poultry Husbandry Building; SI, Soils and Irrigation Building; VS, Veterinary Science Building.

Officers of colleges or departments situated elsewhere than in Berkeley are designated by an abbreviation following the title, viz.: (D) College of Dentistry, (A) California School of Fine Arts, (Br Col Agr) Branch of the College of Agriculture at Davis, (H) Hastings College of the Law, (HF) George Williams Hooper Foundation for Medical Research, (Hosp) University of California Hospital, (LO) Lick Observatory, (M) Medical School, (N) Training School for Nurses, (Ph) California College of Pharmacy, (R) Graduate School of Tropical Agriculture at Riverside.

The dagger (†) marks the names of officers who are married; the asterisk (*) the names of those absent on leave throughout the year; the superior figure ¹ means in residence first semester only; ² second semester only.

In the CATALOGUE OF STUDENTS, the college or school is indicated in the case of UNDERGRADUATES as follows: LS, Letters and Science; Com, Commerce; Agr, Agriculture; Eng, Engineering (with curricula in civil, electrical, or mechanical engineering); Med, Medicine (first year); Min, Mining; Chem, Chemistry. The status of the student is regular, unless indicated special by s, following the number showing the class. The number 1, 2, 3, 4, etc., prefixed to the abbreviation showing the college indicates the class or year of residence; for graduate students in the School of Jurisprudence and in the Medical School the numeral denotes the class, not the year of residence in the Graduate Division. Students admitted this year with advanced standing are designated (1) prefixed to the figure indicating the class; ¹ means in residence first semester only; ² second semester only. The asterisk (*) marks the names of students who received the bachelor's degree in December, 1932. PreA following the abbreviation showing the college, indicates that the student is enrolled in the course preparatory to the School of Architecture; PreD, in the pre-dental curriculum; PreM, in the pre-medical course. GRADUATE STUDENTS are not registered in colleges, and for these students the school (Med, Juris, Arch, Ed, Libr) or major subject is indicated. For students enrolled in the School of Education, the teaching major is listed preceding the abbreviation Ed indicating the School. The double dagger (‡) marks the names of graduate students who are registered for work in absence. Registration of graduate students in departments away from Berkeley is indicated by an abbreviation following the major subject: (HF) Hooper Foundation for Medical Research at San Francisco, (Br Col Agr) Branch of the College of Agriculture at Davis, (LO) Lick Observatory at Mt. Hamilton, (S) Scripps Institution of Oceanography at La Jolla, (R) Graduate School of Tropical Agriculture at Riverside, (D) College of Dentistry at San Francisco.

The place from which the student first registered at this University is given immediately following the student's name; all such places are in California, unless stated to be elsewhere. In the lines following the name and home are given the student's status and his address and telephone number while attending the University.

ABBREVIATIONS IN ADDRESSES. All addresses are in Berkeley unless stated to be elsewhere. The following abbreviations are used: st, street; av, avenue; ter, terrace; rd, road; pl, place; apts, apartments; ct, court; dr, drive; S F, San Francisco; L A, Los Angeles; O, Oakland; A, Alameda; P, Piedmont; R, Richmond; S L, San Leandro; H, Hayward; Pt R, Point Richmond; S R, San Rafael; U C, University of California.

MEDICAL SCHOOL

BERKELEY-SAN FRANCISCO

NOTE.—The medical classes of the first year are conducted in Berkeley; all other medical instruction is given in San Francisco. Medical students in the first year are listed also among graduate or undergraduate students in the foregoing pages. Names marked with an asterisk (*) are those of students fulfilling the fifth year requirement in advance of the final year of residence. With the approval of the Medical Faculty, students are permitted to substitute research work during any period after the third half-year of the medical curriculum in lieu of the fifth or intern year. Names marked with a double asterisk (**) are those of students enrolled in the school who are fulfilling the fifth year requirement in institutions other than the University of California. The superior figure (¹) marks the names of students who were registered first semester only; (²) second semester only.

UNIVERSITY OF CALIFORNIA AT LOS ANGELES

Catalogue of Officers and Students for 1932-33

(To October 15, 1932)

Comprises (a) the names, titles, addresses, etc., of officers and assistants for the first half of the academic year 1932-33 in the University of California at Los Angeles; (b) the names, addresses, classification, etc., of students in attendance at the University of California at Los Angeles for the first half-year, 1932-33. A supplement, to include the names of officers and students in residence during the second half-year only, will be issued in March, 1933.

This catalogue (with supplement) will constitute Section II of the Catalogue of Officers and students in all departments of the University for the year 1932-33 to be published in the annual register for 1932-33. Section I of the Catalogue contains the names, addresses, etc., of officers and students in departments of the University other than the University of California at Los Angeles.
