This day came before Peter Lott Commissioner
of a taking testimony to be used before the Board
of U. S. Land Commissioners in said State
Thomas Fallon, a witness on behalf of the claim-
ants, James Williams et al in Case No. 651 on the
dock of said Board, and said witness being sworn
on oath deposed as follows, to wit:

U. S. Land Agent is present
Questions by D. S. Gregory for document

1st Question. What is your name
age and residence?

Answer. My name is
Thomas Fallon my age 31 years, my residence
in Santa Clara County California

2^d Question. Do you know
a tract of land in Butte County called
Rancho de Farnwell and sometimes the Chico
Ranch, if you state what you know of its
Occupation.

Answer. I am acquainted with
it. In June 1844 Edward A. Farnwell came
to me and told he had obtained a grant of said
tract from Gov. Mitchell and that the condi-
tion of the grant required him to build a house
on the place within one year and he asked
me if I would go on the place and build
the house for him - I consented to do so. I
went there in June 1844, and built an
adobe house and lived in it till the follow-
ing October. I built also Corral, and we
had horses on the place - Then in October
one Thomas Shaddan came on the place
with his family, under some arrangement
with said Farnwell and I left. He (Shad-
dan) had cattle that had come on to certain
parts of the land - I had some cattle that
which Shaddan took care for me - Shaddan
continued there about 9 months - and then
John McLeams or one of his brothers I am
not certain which moved on the place -
The McLeams, John and James had stock on
the place - I think they were in partnership
I rather think the McLeams bought the place
Shaddan moved out.

3^d Question. State what are
the boundaries of said Rancho, on the North
and West sides?

Answer. The boundary on the
North is the Arroyo Chico, the creek which giv-
es this Rancho from Bidwees Rancho; I

9
think it was called formerly Arroyo Seco. The western boundary is the Sacramento river which extends along the whole of the western side of the ranch.

PAGE 9
Q. How of Examined by the U. S. Law Agent
1st Question. What was the size of the house you built, and how long was your building it?

A. Answer. It was about 30 feet long by 20 feet wide, one story high and was about six weeks building it.

2nd Question. How do you know the boundaries of which you have testified?

A. Answer. Fenwick told me those were the boundaries, he read the title to me I could not read Spanish then, and John Bewell who could read Spanish also read it, and told me those were the boundaries I found the Arroyo by the stream they showed me, and I knew by a sketch which said "Fenwick drew that that must be the creek referred to"

age and residence?

Answer. My name is John
Bidwell my age 35 years, my residence at
Chico, Butte County California

2nd Question. Did you
know Edward A. Farwell, of age, when and
where did you know him?

Answer. I knew him from
1843 till he died in December 1848. I first knew
him in 1843 at Sutter's Fort, in the early part
of 1834 he was on Board of a Cutter on the
Revenue Service and in July of that year
he went on to his ranch, which is claimed
in this case, he remained there himself about
three months, in January said place, he then
left the place in charge of his employees
and went to the Atlantic States for his health
he was gone nearly two years and then
returned and sailed a vessel between
Sacramento and San Francisco and was thus
employed up to about the time he died
in San Francisco—

3rd Question. Was said
Farwell a married man, and did he leave
a family when he died?

single man, never married to the best of
my knowledge and left no family when
he died

4th Question. State if you know

Answer. I as Administrator of said
Estate of A Farnwell executed this Deed of
Conveyance at the time it bears date and
this is my genuine Signature which it bears
6th. Deceit. Look at the
Document now shown to you marked
"B P S" as an Exhibit to this deposition, and
state what you know of the Execution of
an Original Deed of Conveyance of which
this purports to be a Copy, state also if
you know what became of said Original
Deed, and whether this Document is a true
and Correct Copy thereof.

And state also what
a you are acquainted with the names writing
of Mr. E. P. Sturges and Charles B. Sturges
if you, what are your means of knowing
them, and state whether their Signatures
which they appear in said Document are
genuine

Answer. In the Spring of 1845
I was in the Office of Sutter's Fort where
where I kept the business of that Establishment
and as Sutter's Secretary, and Edward
A Farnwell and John and James Williams
came to me to have some writing done. John
Williams, was the one who talked to me
and told me he wanted a deed drawn
from said Farnwell and gave me the terms
I proceeded to draw the deed and when I
read over to them what I had written
which was a Conveyance from said Farnwell
to said John Williams alone, they told
me the deed was to be made to both James
Williams and John Williams, and I then wrote
it over again and made both said James and

17
John Williams the parties, and wrote it substantially the same as the said first draft.

This second draft was satisfactory to the parties, and was executed in my presence by said Eccles and A. Farnell. I saw him sign said deed and I then signed it as a witness being present, and it was delivered to one of said Williams, I think to John. The parties then left. I do not know of my own knowledge what became of said deed after that.

384 ND
PAGE 17

I am well acquainted with the hand writing of Mr. E. P. Hartness and Charles B. Stalling. I have often seen them both write and sign their names, and I believe their signatures to this document to be genuine. The whole of this document I believe to be in the hand writing of said Stalling except the sentence immediately over said Hartness signature beginning "with the foregoing remarks &c" which I believe to be said Hartness writing.

7th December. Look at the paper now shown to you marked "C P S" as an exhibit to this deposition, and state what you know about it.

Answer. This is the identical paper I just wrote for the parties on the occasion before alluded to in which owing to my misapprehending the wishes of the parties I only made the one grantee John instead of both John and James Williams, this was laid aside and has been ever since till now in my possession.

8th December. State what you know of the intention of said Farnell and the said Williams brothers respecting the character of the interest to be conveyed by the deed which you wrote and which was executed by said Farnell as aforesaid.

Answer. I understood from the parties, at the time that the deed was

384 ND
PAGE 18

was to convey from said Fairwell to said John and James Williams an absolute title in all respects as complete as his own, to one half of the Rancho named and which was granted to him.

I never wrote any other deed exactly like this in its terms, and this was written in this way at said Fairwell's request because he was afraid if its terms showed an absolute conveyance he might lose his own grant which contained the usual prohibition against alienation.

The intention I say was to make a full title with the conditions named in the deed. Fairwell gave me to understand this at the time the deed was made and afterwards told me the same thing when he made me his agent to attend to all his business during his absence in the Atlantic States.

9th Question. State if you know whether said James and John Williams or either of them by themselves, or by any other person or persons, complied with the conditions required of them by said Fairwell's deed, and if you, how they did so, state fully what they did in the premises?

Answer. Before this deed was made, Fairwell himself had built an adobe house, a corral and other improvements on the land, and after the deed was made along in the summer of that year John Williams moved on to the place and occupied it, kept up the occupation which Fairwell had begun Williams had horses there which belonged to the two brothers jointly, they were in partnership in all their business; during that summer and fall the enclosed is filled with a catch fence and surrounded in whole and they filled the place stocked with horses and some cattle.

That fall the Williams brothers put John Tolla on the place who mended there with his

19
Family and occupied the place under an agreement with the said Williams Brothers, till the time of his death in 1831. Potter built another adobe house and made other improvements on the place and continued the cultivation every year, the place was principally used for grazing Cattle and other stocks.

384 ND
PAGE 19

10th. Question. Look at the two documents now shown to you marked the One "D P S" and the other "E P S" as Exhibits to this deposition and state whether the said Charles B. Stelling's signature to each of them are genuine?

Answer. I believe said Stelling's signature to each of these documents to be genuine, I have before stated how I know this by my writing.

11th. Question. State if you know whether the heirs of Edward A. Fawcett have in any manner confirmed your acts as Administrator in the settlement of his estate of you, when and how?

Answer. I administered on this estate of Edward A. Fawcett in due time, and finally settled up its affairs, paid over all the debts I had in my hands and returned the papers to the probate court of Sacramento County in 1850. In that year a Samuel James who was a merchant in San Francisco addressed me a letter representing himself as holding a power of Attorney, and being Attorney in fact of the heirs of said Fawcett, and calling upon me for information relative to said estate.

I came to San Francisco to see him he exhibited to me his power of Attorney which purported to be a full power Carefully examined, and authenticated in due form in my purchases. I then proceeded to lay before him my accounts and papers as said Administrator and after the sale of the property, the payment of the debts and a full accounting there remained in my hands \$2295.00. This sum I paid over to said James and he was

up to that time a stranger. I took from him a bond with sureties, a true copy of which is herewith filed marked "A P S" as an Exhibit herein. I keep the said bond as my own security against any future question in the premises. The said Deucey sees that filed with my acts as said administrator made no complaint and thus tacitly confirms and ratifies what I have done.

I references in the same year Exhibited my accounts once filed all my papers pertaining to said estate in the Probate Court of Sacramento County where I was sworn, and my accounts received by said Court, and as I understood I was discharged from further business in the premises though I received no paper from the Court to that effect.

The power of Attorney to Deucey was executed by the Mother Mrs. Vesting and I think a brother of said Deucey A. H. H. I do not now remember their names I have now since heard of said Deucey or of said Quincy, and have now supposed that my Administration of said estate was satisfactory to all parties concerned.

12th Question. State whether you made said Deucey fully acquainted with your sale as administrator to Potter as appears by the Exhibit "A P S" herein and whether he received the money and settled with you after you gave him this information

Answer. Yes, I Exhibited an account of the whole transaction to Deucey and I believe I gave him a copy of that account, with which he was satisfied and he received the money which I paid him in settlement, with a full knowledge of everything pertaining to said sale to Potter

13th Question. State whether the said John Williams is deceased, if so when

21
died he die and what family died he leave

Answer. He died on Butte Creek
in May 1849 and left a wife and one child
whose name I do not know

"D. P. L." Exhibit to deposition of Edward St. Paswell given to John S. Williams of Santa Cruz, and Feb 8. 1855

Whereas on the sixth day of May, one thousand eight hundred and forty five Edward St. Paswell granted and gave to John S. Williams of Santa Cruz, and James Williams his brother their heirs, executors, administrators and assigns, the use of, right to settle and to occupy and all the benefits arising from occupancy, two (2) leagues and a half of land, the same being a part of the tract of land granted to the said E. St. Paswell by the Mexican Government & bounded as follows; on the north by Arroyo Chico; on the East by a line running parallel with the general course of the Sacramento River, and two & a half leagues from it; on the south by the land petitioned for by Sebastian Kayser and known by the name of Llano Seco, & on the west by the Sacramento River, with many conditions as regards settling occupying, improving, and finally the manner in which this property is to be disposed of. The title of which I now have in my possession, and is to be seen at any time on application to me. Now let it be known to all concerned that at the time the said John S. Williams & James Williams received this deed of gift of two & a half leagues of land, they were poor & had to struggle in many ways to make a living and it was not convenient for them to settle and improve said land, they therefore employed John Potter an emigrant from the United States

384 ND
PAGE 63

to reside on said tract of Land & to make improvements &c.

The contract between said Potter & John S. Williams was verbal, and it amounted to this, viz; that said Potter was to build an Adobe House & corral on arroyo Chico, at any place that he may find suitable, and to put cattle & horses on said tract of land, & it was further agreed that said Potters sons were to take care of cattle for said John S. Williams, all of which conditions were and are now fulfilled to my knowledge - 2^d J. S. Williams on his part was to give said Potter one half of the increase of all stock that he may have in charge, and in addition to give said John Potter one half of a league of land, embracing that portion on which said Potter has built his house & made his improvements, provided the land on which said improvements have been made belong to the tract granted to said John S. Williams by said E. A. Farwell.

Now know all men by these presents that I Chas B. Stirling of Monterey Cal^a was by appointment of John S. Williams prior to his death, requested and desired to attend to his business, & as can be shown by Will of the said Williams was duly appointed administrator & executor on the Estate of said John S. Williams; by this authority vested in me, & in view of the above facts & in accordance with the wish of said John S. Williams

I have given, granted & conveyed & by these presents do give grant & convey unto John Potter his heirs & assigns the use of right to settle & occupy and all the benefits arising from occupancy to maintain and to hold the one half of a league of Land, with all the improvements he has made on it, to wit: Beginning at the N. E. corner of Williams claim on Arroyo Chico from thence running southerly one league Spanish joining the boundary of Land supposed to belong to Saml Bensley - From thence running westerly one half league Spanish to Arroyo Chico, from thence following the course of Arroyo Chico one half Spanish league to the place of beginning. To have and to hold the use of the right to settle and to occupy & all the benefits arising therefrom the said part of the aforementioned tract of land unto the said John Potter his heirs and assigns forever.

In witness whereof hereunto set my hand & seal at "Potter's Farm" Arroyo Chico, on the eighteenth day of July, one thousand eight hundred and forty nine.

Opinion of
Board by
Com. Felch

James Williams et al

vs
The United States

For the place called
Rancho de Furwell
in Butte County
Containing five square leagues
of Land.

384 ND
PAGE 73

The evidence in the case fully sustains the allegations in the petition of a grant of the land claimed to Edward A. Furwell, which was made by Governor Micheltorina and is dated March 29. 1844. The proof shows that the grantee went on the premises built a house and made improvements thereon within a year from the issuing of the grant.

The land is located in the junction of the Sacramento River which branches it on the west, and the arroyo Chico which forms its northern boundary.

By the aid of the map which constituted a part of the expediente filed in the case, and which is referred to in the grant as exhibiting the land conceded there can be no difficulty in making a survey of the premises. The title of Furwell is thus in my opinion fully sustained.

The original petition to the Commission was filed on behalf of James Williams and the heirs and legal representatives of said Edward A. Furwell, who died in 1848.

By a supplemental petition, naming new parties the land is claimed in three several interests, to wit, by James Williams, who claims title by deed from the original grantee by Maria

384 ND
PAGE 74

Louisa Carson and John S Williams
the Widow and Son of John S Williams
deceased who also claim under
a Conveyance from said grantee and
by William Potter and his brothers
and Sisters, Children and heirs of John
Potter deceased, who is alleged to have
become the owner of the South half
of said Rancho by deed of Conveyance
executed to him by John Bicevell as
Administrator on the Estate of said
Fairwell and of one half a square
league of land, part of the North
half of said Rancho, by Conveyance
from James Williams, and the Executor
of John S Williams deceased to said
Potter.

Evidence tending to show a
Conveyance of the North half of said
Rancho by said Edward A Fairwell
to James Williams and John Williams
is filed in the Case. The Conveyance
itself it is shown cannot be found
and proof of its due Execution, delivery
and contents is presented. Its date was
May 6th 1845. This instrument, the
Original draft of which conforming
in all its natural features to terms
is produced, is peculiar in its character,
but we are of opinion that its legal
operation is to convey the premises to
the grantees therein named, and the
more especially is this so as the
proof shows that the Consecration of
Settlement on the land specified in
the instrument as the consecration
thereof is shown to have been performed
by the grantees.

By virtue of this Conveyance
then the petitioner James Williams has
shown himself entitled to a Confirmation

of one equal undivided half of the North half of said Rancho - John S Williams the other grantee having deceased, the other undivided half which was conveyed to him, became the property of his widow and one child, who are also petitioners in this case and will be confirmed to them.

384 ND
PAGE 75

Both these decrees of Confirmation will however be entered with the reservation of one half a square league of land situated in the North East Corner of said Rancho of which John Potter became the Owner by Conveyances from said John S Williams and the Executors of John S Williams deceased. These conveyances are given in evidence and their validity in the transfer of title to said Potter is recognized in the petition to this Commission, and thus admitted upon the record by said James Williams and the legal representatives of said John S Williams deceased. The death of Potter is proved, and his heirs are made parties in the case - They are entitled to a decree in their favor for the premises as described in the Conveyance to their ancestor.

The title to the South half the Rancho was in said Furwell the grantee at the time of his death. This also is claimed by the heirs of John Potter in proof of whose title a decree is given in evidence made to him by John Bedwell as the Administrator of the Estate of said Edward A Furwell deceased bearing date October 25. 1849 -

There is no legal proof in the case

to show any authority in Beedwell to convey title to the land, no recollection of his administration or in any other manner connected with the settlement of the estate of Lucia deceased being given.

384 ND
PAGE 76

No title seems conveyed to Potter then by this deed and the heirs at Law of Lucia Fairwell appear by the proofs in the case to be still the owners of the South half of the Rancho.

In the first petition the heirs at law of Lucia Fairwell are stated to be parties in whose favor it is filed, and I think are properly to be regarded as petitioners, and having shown themselves to be the owners of the property a decree for this portion of the Rancho will be entered in their favor.
