Answer I wrote this document in the presence of said Maria Bernarda Soto who was sick at the time and caused it to be written as it is

Jesús Myra and I as witnesses at the request of the judge José Hernandez he signed it also in my presence he was acting as judge

and Tomas Pacheco also signed it in my presence as witnesses these signatures are all genuine The Testator did not sign it she was sick and could not write

She sent for the judge to come and make her will and he signed it and said it was quite sufficient to be done under his authority without her signing it She was of sound mind and good and perfect memory at the time and dictated the will as it is written here

I Question All you acquainted with the Laws and usages of California as they exist at the time of the execution of these two wills which have been exhibited to you respecting the execution of wills if you state them

215 ND  
PAGE 21

answer Requias will was made in 1838 and the others in 1840 the periods of their respective dates

Wills are usually executed before an Alcalde who was also called a judge or Justice of the Peace

It was sufficient if the judge was present and certified the will and the signature of the testator was not necessary

The custom was to have such number of witnesses present as the judge might summon or request to come for the purpose one or more

These two wills were executed in conformity with the Laws and customs of the country at the time in all respects

I was for some years Secretary to different Alcaldes and as such have written a number of wills for different persons

I was one of the parties which devolved upon me as such Secretary when I was present

Opinion of

Joaquin Yegua

vs

The United States

For an undivided in-  
trust (about 375 acres)  
in the Rancho called Pala  
in Santa Clara County  
under a stipulation filed

215 ND  
PAGE 61

in this lease the testimony and documents  
taken and filed in case No 638 are to be re-  
gards as proofs herein

The evidence in that  
lease establishes the making of a grant  
of the place called Pala by Jose Castro in  
name and interest to Jose Yegua on the 5th  
day of November 1835

which was duly app-  
proved by the Departmental Assembly and under  
which Yegua's possession was given on the 21st  
day of December 1835

The grant binds upon  
the promise and cultivated the land at the  
time of the grant and continues to to do until  
his death which occurred in 1838

on his de-  
cease Maria Bernarda Soto his widow and Juan  
Maria Yegua his youngest son became owners  
of the land by bequest contained in his will

The widow  
died in 1840 and by her will the interest  
held by her in the land passed to her sons  
Joaquin Manuel Jose Antonio and Juan Yegua

By the  
as filed in case number 638 it appears that  
Whites who filed the petition in that  
case purchased the land of the grantors  
but in the compromise made by Yegua  
the claimant in this lease he expressly reser-  
ved from the alienation the lands which lie  
at the eastern line of the Rancho and are known  
by the name of Tomas del Pala

all the ran-  
cho of the Rancho is clearly owned by his  
descendants to white and is confirmed to whites legal  
representatives in the lease before mentioned  
The lands herein constituted apart of the Rancho

116

of Palo the present claimant has an undi-  
 - void interest in the land of which they are  
 constituted which should be comprised therein  
 But  
 we had occasion in the case mentioned to exam-  
 - ine this question and the result of the Comm-  
 - ission was in the Opinion therein fully ex-  
 - pressed

215 ND  
 PAGE 62

The limits of the Ranchos were clearly  
 defined by the Alcalde who gave the judicial  
 possession and are evidently run at the foot  
 of these hills excluding them from the Ran-  
 - chos of the Ranchos

The title of the Grantee  
 was not in our judgment extended beyond  
 the limits and the present claimant has shown  
 no other title to the premises claimed by him

as  
 to the hills there he never had any interest in  
 the land and as to the other portion of the prem-  
 - ises claimed by his Petitioner he conveyed all his  
 title to Manuel White to whose representatives  
 the same has already been conveyed by deed  
 of this Commission

There could be no propriety  
 under these circumstances in granting the  
 prayer of the Petitioner
