After due observation and calculation under my direction the line was run at the foot of a bluff or sharp hill close on the sand sea which divides the aforesaid Cañada, this bluff being taken for a land mark, from West to East along the beach there one measured and counted down

beginning of a gulch (barrao or Comenzada) that opens in
the wall or precipice (pauca) formed by the sea and
is found in the table land or plain after the Cañada
called Boca de Santa Monica, This gulch was marked
as a boundary, At this point appeared Don Fernando
Sepulveda who attended there by order of his Father
Don Francisco Sepulveda this being the line of the
premises called San Vicente property of Juan Sepul-
vedas

Thence drawing the line from South to North
there were measured and counted passing by some
stumps that stand on the edge of the mangle grove from
thousand varas which ended at a place where a path
leads down to the Cañada called de la Iglesia on a
straight line with a small sea bluff of the same Ca-
ñada at which path a dead mangle was marked for a
land mark, striking it for that purpose with a few
strokes of the cutters

This point is assigned as the angle
formed with said bluff de la Iglesia the intervening
Cañada and also the Sierra which forms the boundary
from North to west according to the plan heretofore an-
nounced by the parties in which it was not measured it
being impossible to do so in account of the broken
nature of the ground. Here we terminated the survey
of these premises to the satisfaction of the parties in in-

Case No 445
Heirs of Francisco Marquez and Pedro Reyes

The United States }
} 1/2 Leagues in the County
} of Los Angeles

The Petitioners in the present Case claim title to the land claimed by virtue of a grant from Manuel Jimeno first member by Seniority of the Departmental Assembly of the Californias in the exercise of the Government of the same to Francisco Marquez and the Claimant Pedro Reyes bearing date June 19th 1839

The other Claimants named in the Petition represent themselves as the heirs and legal representatives of the said Francisco Marquez who they aver died about the year 1850 bearing the Petition Maria Roque Marquez his widow and Bonifacio Juana Francisca, Maria Ramona Pascual Maria de las Mercedes and Maria Candida Marquez his children and lawful heirs and as such entitled in right of their father to the undivided moiety of the land claimed

The original grant heretofore of Judicial possession and authentic Copy of the map from the Expediente all of which are proven to be genuine and authentic are on file in the Case The boundaries are described in the grant and record of Judicial possession and delineated on the map with sufficient certainty and precision to prevent any difficulty in the location and survey of the land

The evidence shows that the grantees Reyes and Marquez were in the possession and occupation of the land prior to the grant that they had cattle on it and a house in which they lived with their families and that they and the heirs of Marquez have been in possession and lived on the land ever since

These facts of the Case as established by the evidence presents no obstacle to a confirmation in favor of the Claimant Pedro Reyes of one undivided moiety of the land claimed,

141 SD

PAGE 30

In relation to the other Claimants there is no proof what-
 ever of the death of the other grantee Francisco Man-
 guiz or if dead that the present Claimants were his
 heirs.

32

141 SD
PAGE 31

This Board has repeatedly decided that such
 proof is necessary. It is alike required by the decis-
 ions of the Supreme Court and the Law directing
 the Commission to decide upon such titles as are
 as are derived from the Mexican or Spanish Gov-
 ernment and until the Claimant can establish himself
 by priority of title for the same grant or right
 he deserves he cannot entitle himself to a decree
 of confirmation at their hands.

How ever ungrateful
 may be the task to reject a claim having such
 intrinsic evidence of merit as that now under con-
 sideration upon ground apparently so slight and
 against parties whose supposed relation as
 widow and children of one of the grantees appeal
 strongly to our sympathies yet as the Law from
 which we derive our authority and the rules of
 decision there laid down plainly prescribe our
 duties they must be performed without regard
 to individual consequences.

If parties have thought
 proper to submit their cases without evidence
 of a fact so easily proven and at the same
 time so essentially necessary to establish the
 validity of the Claim we have no alternative
 but to turn them over to the appellate tribunal
 which the Law has humanely provided where
 such deficiencies in the testimony may be
 supplied.

In accordance with the views above
 expressed a decree of confirmation will be enter-
 ed in favour of Isidro Reyes for one undivided
 moiety of the land claimed as to the other Por-
 tions claiming to be the heirs of Francisco Manguz.
 Dec^d their application for a confirmation of
 the remaining half must be denied.

The United States } Voca de Santa Monica

On this case on hearing the proofs and allegations
it is adjudged by the Commission that the claim
of the Petitioner Pedro Reyes to one half of the land
claim is valid and it is therefore decreed that the
same be confirmed to him

Juana Roque Marquez, Benifacio Marquez,

Marquez, Pascual Marquez, Maria de las
Amoradas Marquez and Maria Candida Mar-
quez claiming to be the heirs of Francisco Marquez
Peca to the other party of said land is not valid
and it is therefore decreed that their application for
a confirmation thereof be denied

confirmation is made to the said Reyes is one

of Voca de Santa Monica situated in the County
of Los Angeles and which is bounded as follows

a Canada overgrown with tall reeds near the sea at
the place known as Topanga Point and running
thence East by along the beach seven thousand

Transcript No. 445.

TO THE HON. ISAAC S. K. OGIER, JUDGE :

The Petitioner of **Pacificus Ord**, a resident of said City, County, and State, Attorney of the United States for the Southern District of California, who petitions in this behalf for the United States, and being present here in Court, in the name and behalf of the United States, represents as follows: That heretofore, to wit: on or about the 1st day of November A. D. 1852: *Hidro Reyes et al.*

presented a petition to the Commissioners to ascertain and settle the private land claims in the State of California, when sitting as a Board, claiming a tract of land called *Voca de Santa Monica*

_____ in the County of *Los Angeles* - State of California, which said petition is referred to for a description of the land claimed, a copy of which appears in the transcript hereafter referred to. That thereafter, to wit: on or about the 4th day of April A. D. 1854,

the said Commissioners confirmed, by final decision, ^{a part of} the said claim of said petitioners. That thereafter, to wit: on or about the 8th day of November A. D. 1854,

a duly certified transcript of the proceedings and decision of the said Commissioners in said cause, and the papers and evidence on which the said decision was founded, was filed in the Office of the Clerk of the District Court of the United States for the Southern District of California, and marked No. 445; reference to which it is prayed may be had and made part of this petition.

That on or about the 30th day of October A. D. 1854, the Honorable *Caleb Cushing*, Attorney-General of the United States, received a duly certified duplicate of said transcript of the proceedings and decision of said Commissioners in said cause, and the papers and

evidence on which said decision was founded. That thereafter, to wit:
on ^{or about} the 27th day of February — A. D. 1855, the said
Attorney-General of the United States filed, or caused to be filed, in
behalf of the United States, a notice with the Clerk of said District
Court of the United States, that the appeal in said cause from the said
decision of the said Commissioners, in the District Court of the United
States for the Southern District of California, would be prosecuted by the
United States. Your petitioner further represents; that the land claimed,
as aforesaid, is situate in the Southern District of California, and within
the jurisdiction of this Honorable Court. Your petitioner further represents
and insists, that the said claim is invalid; and the said decision of said
Commissioners is erroneous, and ought to be reviewed, reversed and set aside, for
many errors and imperfections of law and evidence, apparent in said certified
transcript of the proceedings and decisions of said Commissioners in said
cause, filed and appealed from as aforesaid. And your petitioner denies all
and singular, each and every allegation in the said petition of said claimants
presented as aforesaid to said Commissioners. And your petitioner further
denies that the said claimants ^{have} any valid right or title to said land claimed
as aforesaid, or any part thereof.

141 SD
PAGE 46

44

And no sufficient proof having been made of the allegations in said pe-
tition to said Commissioners, or in support of the said claim, no decision con-
firming the same should have been made by said Commissioners; but the

said claim should have been rejected by them. And the said claimants having no valid right or title derived from the Spanish or Mexican Governments, to the land claimed as aforesaid, the lawful right and title in and to the said land was acquired by, and it now belongs to the United States, by virtue of conquest, and the Treaty of peace, friendship, limits and settlement, between the United States and the Republic of Mexico, made at the City of Guadalupe Hidalgo, February 2d, A. D. 1848.

Wherefore, the said Pacificus Ord, Attorney of the United States for the Southern District of California, for and in behalf of the United States, by reason of the premises, and in pursuance of the Act of Congress, entitled "An Act to ascertain and settle the Private Land Claims in the State of California," approved March 3d, A. D. 1851, and the laws and statutes in such case made and provided, prays that the said claimant, or his attorney may be served with a copy of this petition; and that this Honorable Court will review the said decision of said Commissioners, and reverse the same; and decide on the validity of ~~said claim~~ ^{Said claim} the same, and decree the alleged title to be invalid: with costs, and general relief.
