M. Prefect of the 2^d District

In compliance with the Superior decree noted
on the margin of the foregoing petition I trust
that I have knowledge that the land claimed
by petitioner is part of the lands of the Mission
of San Fernando & when I was there lately I did
not observe there any stock, the said tract lies
at a distance of some four leagues hence & the
petitioner has animals enough to stock it & also
possesses the other requisite qualifications
This is the only information I can give to aid
your Honor in forming the determination that

M. Prefect of the 2^d District

In obedience to your Honors request that I should
make report as per marginal note on the petition
in this matter, I say that within the tract selected
by the petitioner, there is a piece of land used
by this Establishment for planting when it becomes
necessary in dry seasons & another piece occupied
by an Indian separated from this Mission named
Jose Marquez who cultivates there a little
field under a provisional license of his Excellency
the Governor. As regards stock the tract in
question is unoccupied & some few cattle or horses
habitually coming down there but only for a
time & in view of the foregoing your Honor will
do what may appear most proper

Most Excellent Sir

The proper reports having been or deemed to be made concerning the petition of the citizen Acente de la Osa a resident of this place for a tract of land lying between Cahumga & the well known Rancho of the Pindayas it appears from that of the Steward of the Mission of San Fernando that he only devotes a piece of it to cultivation in dry seasons that another piece of it is occupied by Jose Yunque an Indian separated from said Mission & that the remainder is unoccupied. Wherefore this Prefecture opines that on the petitioner undertaking to leave to the Mission the lands which it occupies whenever it may want them & not prejudice Jose Yunque in those occupied by him the tract in question maybe granted to him subject to this condition & on account of his stock being already subjected or accustomed to the range of the place as also of his good character & laborious habits nevertheless the foregoing notwithstanding, Your Excellency will more advisably take such determination as may suit your Superior Pleasure

 claimed the tract as being necessary to him
 for the crops of the Mission of San Fernando

 the grant of La Ossa stated that he was not
 to prejudice the town of the Mission he was
 satisfied. The first line was then drawn

 was run South & there were measured & counted five thousand varas
 which terminated at a high hill near a valley where a corner mark

 were measured & counted five thousand varas which terminated at the place
 where the measurement was commenced.

The papers on file in this case show that the tract of land claimed by the claimants was originally granted to one Vicente de la Osa by Governor Juan de Micheltorena on the 23^d day of March AD 1843 which grant is proved to be genuine. It also appears to be in proof that said grant was duly approved by the Departmental assembly & that judicial possession was taken by the original grantee. It is also in proof that the said Vicente de la Osa conveyed all his interest to the said tract of land to the claimants in this case. It is proved by the deposition of Hugo Reid taken in this case that Vicente de la Osa occupied the land granted to him immediately after the date of his grant by being and always living in it & by cultivating the land which in the opinion of this board was a substantial compliance with the conditions of the law. The description of the tract granted is made sufficiently clear by the officer who made the measurement & gave the judicial possession & which is rendered more definite by the map filed with the papers & made evidence in the case with the aid of the papers on file we are of the opinion that the officer will be able to identify the land granted. The claimants are therefore entitled to confirmation.

In this case on hearing the proof and allegations it is adjudged by the Commission that the claim of the said petitioners is valid & it is therefore decreed that the same be confirmed. The lands of which confirmation aches by made are known by the name of Provedencia & are bounded & described as follows to wit commencing at the south east corner of said premises at a place where the river Pueblo heads & running thence Northwardly to an oak tree which is marked for a corner five thousand varas thence running West five thousand varas to another oak tree which is marked for a corner thence running South five thousand varas to a high hill near a valley, thence running East five thousand varas to the place of beginning containing in all one square league. Reference for further description to be had to a map which is made apart of the dominion marked Exhibit "A" & filed in this case. It is understood that this decree in no way prejudices the rights of the Indian named Jose Tuzque who occupies a piece of ground within the boundaries above described.

That heretofore, to wit, on or about the 11th day of

Mellus, presented a petition to the Commissioners to
ascertain and settle the private land claims in the
State of California, claiming the tract of land called
"Providencia", containing one league of land, in the
words and figures following, to wit. "The petition of
"David W Alexander and Francis Mellus respectfully

"Filed in Office Oct 18th 1853. Geo Fisher Secy."

That there after, to wit on the 22^d day of August AD 1854,
a duly certified transcript of the said decree and pro-
ceedings, and the papers and evidence on which it
was founded in said cause, was filed in the Office of
the Clerk of the District Court of the United States

for the Southern District of California, and marked No 338, reference to which it is prayed may be had and made a part of this petition.

That on the 26th day of July AD 1854, the Honorable Caleb Cushing Attorney General of the United States, received a duly certified duplicate of said transcript of said final decree and proceedings of said Commissioners in said Cause (No 338) and the papers and evidence on which said decree was founded.

That thereafter, to wit, on the 5th day of December AD 1854, the said Attorney General of the United States, filed, or caused to be filed, on behalf of the United States, a notice with the said clerk of said District Court for the Southern District of California, that the Appeal in said Cause of David W Alexander and Francis Mellus vs The United States from the decision of the said Commissioners to ascertain and settle the private land claims in the State of California, in the District Court of the United States for the Southern District of California, would be prosecuted by the United States.

Your petitioner further represents that the said land claimed as aforesaid, is within the Jurisdiction of this Honorable Court.

And your petitioner further represents and insists that the said decree of said Commissioners is erroneous, and ought to be reviewed, reversed and set aside, for many errors and imperfections of law and evidence apparent in said certified transcript of said Cause, now on appeal from said Commissioners to this Honorable Court.

And your petitioner further represents that the said claim is invalid, and the said decree erroneous, on the following grounds.

1. That the said David W Alexander and Francis Mellus

30 SD
PAGE 51

- on the following grounds.
1. That the said David W Alexander and Francis Mellus show no valid title to the said land claimed by them as aforesaid. And it is denied that they have any.
 2. That the said alleged grant of Governor Micheltorena was made in violation of the 4th Article of the Colonization law of Mexico of the 18th of August AD 1824, in this, that the land granted, as alleged by Claimants was and is within ten leagues of the sea coast. And there is no evidence by Claimants, that the Supreme general Executive power of Mexico previously approved of the colonization of the lands of California, within ten leagues of the sea coast. And it is denied that such previous Consent of said Supreme General Executive power of Mexico in such case was ever had.
 3. That at the date of the said alleged grant, the said land claimed as aforesaid, was occupied by the Mision of California, and particularly by the Mision of San Fernando, and an Indian named Jose Miguel.
 4. That the said alleged grant has not the conditions required by, and is not made in entire conformity with the law of Mexico of the 18th of August AD 1824, and the regulations for the colonization of the Territories of Mexico, of the 21st of November AD 1828.
 5. That the said alleged grant of said land by said Governor Micheltorena, is not upon the lawful stamped paper; that it does not describe the land by definite metes and bounds so that it can be identified; that the map referred to in said grant is vague, uncertain and indefinite.
 6. That the alleged approval of the Departmental Assembly was invalid, because it suppresses one of the conditions of the said grant, to wit the condition reserving the right of the Mision of San Fernando to

30 SD
PAGE 52

plant or sow in dry seasons, upon the said land.

7. That the alleged Judicial possession of said land by Antonio M^o Coronel, of the date of about the 4th of May AD 1843. was illegal for the reason that the said Cessa had not at that time a definitive grant of the said land, and it had not been approved by the Departmental Assembly of California.

8. That there is no evidence, in the said transcript, that said Antonio M^o Coronel 2^o Alcalde, had lawful authority to make the measurements and give possession of said tract of land as alleged.

9. That the said Antonio M^o Coronel, did not measure the said land according to the ordinance or law, or according to the calls in the said grant and map referred to therein; that the said measurements in said alleged act of Judicial possession by said Coronel, are vague, indefinite and uncertain.

10. That the alleged deed of Conveyance of said Vicente de la Cessa to said Claimants does not describe the land pretended to be conveyed, so that it can be identified as the same land alleged to have been granted to said Cessa, by said Governor Micheltorena. And that there is no evidence that Juan Sepulveda, whose name is signed to said conveyance as Alcalde, was such at the date of the same.

And no proof having been made by said Claimants of the allegations of their said petition, or in support of their said claim filed as aforesaid, no decree ought to have been made or grounded thereon, but the said petition ought to have been dismissed and said claim rejected by said Commissioners upon the grounds aforesaid.

Wherefore the said Pacificus Ord Attorney of the United States for the Southern District of California,

for and in behalf of the United States by reason of

30 SD
PAGE 53

for and in behalf of the United States, by reason of
the premises, and the laws and Statutes in such case
made and provided, prays that the said David W
Alexander and Francis Mellus, or their Attorney
may be served with a copy of this petition, and that
this Honorable Court will review the said decision
or final decree of confirmation of said Commissioners
to ascertain and settle the private land claims in
the State of California, and decide on the validity
of the said claim of said David W Alexander and
Francis Mellus, for said land claimed as aforesaid,
and that the same may be decreed invalid. And
all such other Orders, Judgments or decrees as may
be just. With Costs, and general relief.

And now come the above named
Appellees, David W. Alexander and Francis Melhus
by J. R. Scott, their attorney, and for answer to
the petition of the Appellant filed in this cause,
say, that on the ~~20th~~^{23rd} day of ~~December~~^{March} A.D. 1843
Manuel Michelmoreno, Constitutional and ac-
tually Governor of Upper California, and duly
authorized by law to grant said land, by his
deed of grant of that date duly executed ac-
cording to law did grant and convey to Vicente
de la Osa the lands called Providencia contain-
ing one square league a little more or less, which
said land was duly admeasured and judi-
cial possession thereof given to the said Vicente
de la Osa by the competent judicial author-
ities of the district wherein said lands were
situate according to law on the ~~20th~~^{4th} day
of May A.D. 1843, and that said grant was
made definitively valid by being approved
in manner & form as required by law by the
Departmental Assembly of Upper California
on the 18th day of March A.D. 1840, whereby the
said Vicente de la Osa became seized in fee
simple of the lands aforesaid, as these Appellees
aver that the said Vicente de la Osa did, during
all the time he held said lands, do, perform and

Fulfil all the conditions that were by law necessary to be done, performed and fulfilled to perfect his title to said lands.

And these Appellees further say, that on the 30th day of October, A.D. 1849, the said Vicente de la Osa did, by his deed and conveyance of that date duly executed by him, grant, sell, and convey to these Appellees the whole of the tract of land aforesaid, and that ever since that date, said Appellees have been in peaceable and quiet possession thereof.

And these Appellees further say that on the 11th day of September, A.D. 1852 they presented to the United States Board of Land Commissioners their petition setting forth their title, and praying for a confirmation to them of said lands by the said Board, and these Appellees filed before said Commissioners certain documentary evidence, and the depositions of witnesses, all of which are contained in transcript of proceedings had before said Board, now on file in the office of the Clerk of this Honorable Court, and to all of which these Appellees refer in this their answer.

And these Appellees further say that after hearing the petition and proofs of these Appellees, the said Board of Commissioners by their decree made October 18th A.D. 1853, confirmed said lands to these Appellees.

And these Appellees further say that they are the legal owners of said lands and entitled to have the same confirmed to them by this Honorable Court, and they

30 SD
PAGE 64

say that they and the person under whom they hold have done, performed and fulfilled all things that were necessary to be done, performed and fulfilled to entitle them to such confirmation by the law of the land, and particularly by a law of the Congress of the United States, entitled "an Act to ascertain and settle the private land claims in the State of California," Approved March 3^d 1857.

And these Appellees further state that the said lands are situate in the Southern District of the State of California, and within the jurisdiction of this Honorable Court; and for further answer to the petition for review filed in this case by the Appellant, these Appellees say that they deny all and singular, each and every allegation therein contained, except such as are admitted in this their answer, and they deny that there is anything in said petition contained either in law or in fact to extort or prevent this Honorable Court from affirming the decision of said Board of Commissioners and confirming to these Appellees their title to the lands in this case.

And these Appellees would pray the judgement of this Honorable Court that the decision of said Board of Commissioners may be affirmed, and that their title to the said lands of Providencia may be confirmed, and that they may be dismissed hence with costs, and may have such other and further relief as may be agreeable to equity and good conscience, and the nature of their case may require.

The Grant. ^m This case is predicated upon a grant from Governor Michel Torenio on the 23rd of March 1843 to one Vicente De la Osa. The Petition of the said Original Grantee to the Prefect of the District the decree or order of the Prefect thereon requiring a report from the 2nd Justice of the Peace and from the priest of the Mission of San Fernando - their report to the Prefect and the report of that Officer to the Governor; ~~the concession of the Governor upon the Prefect's report. The Grant of the Governor to Osa -~~ the decree of concession, the approval of the departmental Deputation, the definitive Grant by the Governor, ~~and what is~~ and another document which appears to be an ~~second~~ approval of the definitive Grant, by the departmental Deputation and the ~~conveyance~~ deed from the Original Grantee to the present Claimants, constitute the documentary evidence ~~in this Court~~ in this case.

~~The Grant of~~ All these documents are proved to be genuine, ~~and that~~ the Grant seems in all respects to be perfect. The evidence shows a compliance with all the conditions as to occupation, the building up a house, & the Cultivation of part of the land.

There is however one condition contained in the Grant, that deserves some better attention,

the reports upon the Order of the Prefect, show that an Indian called Jose Miguel was in possession of part of the land asked for, the decree of concession also states this fact, as does the approval of the departmental Deputation, and the definitive

Grant of the Government, also declares that the rights of the Indian nor his heirs are to be prejudiced by the grant. And indeed the final Approval of the Departmental Deputation ^{recites} ~~says~~ the fact that they approve the grant sup-
pressing the latter part of the first condition

This latter part of the first condition, was to the effect that the Mission should have the use of ~~the~~ Part of the land to sow grain upon when it might be necessary. The Departmental Deputation say in their Approval ~~that the Indian Jose Miguel has a part of the land; they, therefore suppress the easement created in favour of the Mission upon the land,~~ ^{and that they} ~~we therefore think it but equitable that in confirming this claim the rights of the Indian whatever they may be should be deemed~~

~~A decree will be entered accordingly that as the tract is for only one sitio of ^{cattle} land the Indian Jose Miguel possesses a part of the tract, that they suppress the latter part of that first condition which created an easement upon the land -~~

The mere conveyance offered in the evidence is sufficient to create a prima facie interest in the Claimant and this is deemed sufficient for this Court to act upon. as we are not in this case called upon to decide between the rights of De la Ossa and the Claimant a decree will therefore be entered confirming the grant into a reservation of the lands of the Indian Jose Miguel
