Take a Lump of Stone
Lime a Bough the size
of a heakery nut and
put it in a Bough
~~the~~ three fourths of a pinte
of water and then hold

The water in your
mouth untill you
get Ease. But if
the pain should ~~re~~
return. repeat the
Doye.

For the Summer Complaint
Give Soudnum and ^{oil} Castor

For a Cough
1 Pint of Honey
1/2 Pint of wine vinegar
Six pence worth Sincera root
Do- of Seet - oil
Do- of Soudnum
1 - fresh Egg put the Egg
in the vinegar. Let it
remain there till it dissolves
and stir all ~~the~~ to gether for
2 hours then strain on a Bottle
take wine glass full in the
morning fasting

Cure fore a Cole
Take a tea spune full
of white rosin pulver
ized to as much
molassos as will rise
by mix it as you go
to Bed

Cure fore a Cole
Take allom a Bought
the size of a walnut
and put it in mollossos
and let it simmer at the
fier til Dezolved and
the take Table Spune
full when you feel the
Cough coming on

For the Whooping Cough

Dissolve one scruple of
Salts of tartar in a gill of
water add 10 grains of —
Coshonil finely pounded.
Sweeten'd with fine Sugar —
add to this 1 pint of water
a child under 2 years 3 Tea
Spoons full a day over 2 years
a tablespoon full 3 times a day

Syrup of Squills

Take of
Vinegar of squills 4 parts
Refined Sugar, in powder . . . 7 "

Dissolve the sugar with a gentle

Heat, so as to form a syrup.

This Syrup is used chiefly in doses of a Spoonfull or two, for promoting expectoration which it does very powerfully. It is also given as an emetic to children.

Cure for Corns

-13-

Take the Leaves of the peach tree, Bruise them, and apply them to the Corns as a poultice, which renew twice or thrice a Day. it is the prussic acid, which the Leaves of the peach tree contain in quantities, that Destroy the Corn.

after a continued application of the Leaves for two or three Days and nights the Corn can Be removed with out pain and By Continuing the poultice for a few Days longer it will prevent the return

Receipt for a Cold.

Take a large teaspoonful of flax seed, with two pennyworth of stick liquorice, and one quarter pound of new raisins, put them in two quarts of soft water, and let it simmer over a slow fire until it is reduced to one quart; then add to it a quarter of a pound of brown sugar candy, pounded - a ^{table} ~~tea~~ spoonful of white wine vinegar, or lemon juice; the vinegar is best to be added only to the quantity you are going immediately to take ~~little~~
Drink half a pint at going

to bed, and take a little when
the cough is troublesome. -15-

This receipt generally cures ^{the} worst
of colds, in one ~~two~~ or three days,
and if taken in time, is said
to be an infallible remedy.

It is a sovereign balsamic
cordial for the lungs, without
the opening qualities which en-
gender fresh colds that have
almost settled in consumption
in less than three weeks.

Ginger Beer

Take Off

Lump Sugar --- half lb.
Cream of Tartar --- half an oz.
Bruised ginger --- one ounce
Boiling water --- one gallon
Ferment for twenty-four
hours, with yeast.

Ginger Beer Powder
White Sugar... one drachm
and two scruples ---
Ginger --- five grains;
Subcarbonate of soda...
26 grains --- in each
blue paper

Tartaric acid... 30 grains,
 in each white paper.
 These proportions are directed
 for half a pint of water.

Orange Syrup.

Take of the fresh outer
 rind of Seville oranges...

3 ounces;

Boiling water... 1 pound
 and an half.

refined sugar... 3 pounds

Macerate the rind in the
 water for 12 hours; then
 add to the filtered liquor
 the Sugar, in powder,
 and apply a gentle heat

, so as to form a syrup.

1 part of the strained
liquor, and form a Syrup

-23-

Cure for the diarrhoea.
Boil half a pint of rice
until it is perfectly
brown, boil it down as is
usually done, eat it slowly,
and it will stop the
most alarming diarrhoea
in a few hours. —

For the Ague. &
6 1/4 cts worth of Gum Giacum to
1 pd of the Best Cogniac Brandy.
— — — — —

Childrens incapability of eating it thus, feed
with a spoon. Let them eat as much as
they please.

Rhubarb Conserve for the summer,
The leaf stalks only are used; they are to
be skinned, cut into small pieces, sugar
sprinkled on them, (leaf sugar is best)
put into a saucepan covered tight, and
stewed for 15 or 20 minutes. It forms a
delightful conserve, and is best when
spread on a slice of bread. With very you^{ng}

For Bad Cough.

Wormwood horehound, cat-
nip. Tansy. popp. hyssop
horseradish. pepsisawa, each
one hand full with a small
quantity of snake root.

Indian Turnip. Alecampane
boiled in a half gallon of water
in a new earthen vessel
till reduced to a quart, then
strain it. Add one ounce
gum-arabic. liquorice,
3 half pints of molasses.
Then boil it one half hour
slowly, when done, add
3 cents worth of camphor
asafoetida $\frac{1}{2}$ pint of
brandy and the juice of
2 lemons.

When cold bottle and use it.
Half wine glass full 2 or 3
times a day.

Taken from The Herald of
Progress 1865

The pledge of the moral
poles - - - - -

In the name of god, and
humanity, and in the
presence of angels, I here
by promise to live
For the cause that lacks
assistance.
For the wrong that needs
resistance.
For the future in the distance
and the good that I can do,
And, to the best of my know-
ledge and opportunities
to perform the deeds of Frater-
nal Love to my fellow bein-
gs of whatever condition,
age, or nation.

Bank of the U. S. - 65-
Between the last of
December 1830 and the first
of May 1832 in the short
space of sixteen months
it had increased to long
more than \$28,000,000. They
rose from forty two millions
to seventy millions.

All this was to gain Popul
But after the Bank had been
Defeated in the President's Election
may be the Cause of the Bank
then it immediately commenced
curtailing its ~~and~~ accom-
modations. That pressure and panic
which then became its weapon for
in two short months it decrea-
sed its long more than four million
while the Deposits of the Govern-
ment with it, had increased during
the same period two millions and a
quarter which made 6,000,000 and a
quarter and to this it was about to
commence reducing its accounts

at the rate of two millions
of Dollars per month as a
settle policy to be pursued
By the Bank in case they
failed in getting a renewal of
their Charter

Dysentery

Take of Indian corn,
roasted and ground in
the manner of coffee, or
of coarse ~~brown~~ meal
browned, and boil in a
sufficient quantity of
water to produce a strong
liquid like coffee, and
drink a tea cup full
warm, two or three times a
day.

Troches of Liquorice.

Take of
extract of Liquorice

Gum arabic each - 1 part
Refined sugar ... 2 parts

Dissolve them in warm
water, and strain; then
evaporate the solution
over a gentle fire, till
it be of a proper consistency
for being formed into
troches. These are agree-
able pectorals, and may be
used at pleasure in
Tickling coughs.

Inks

- 1771 -

For Blue Ink dissolve
Prussian blue or Indigo
in strong gum water. For
Scarlet dissolve vermil-
lion in gum water

Rheumatism
1 pts Whiskey
1 oz Camphor
1/2 oz Capsicum or Cayenne
pepper African
1/4 lb Castile Soap.

Gum Troches

Take of

Gum arabic - 4 parts

Starch - 1 part

Double refined sugar -

12 parts.

Powder them, and make
them into a ^{proper} powder
mass with rose water
so as to form troches.

It is calculated for allay-
ing the tickling in the
throat which provokes
coughing

gathered, and cover²⁹¹
them up quite close.
When any of the fruit
is taken out, wash it in
cold water, and it will
be fit for immediate use.

Syrup of Ginger

Take of
Ginger in powder 2 ounces
Boiling water 1 pint
Refined Sugar 2 pounds
Macerate the ~~ginger~~^{ginger} in
the water, in a close vessel,
for 24 hours; strain the
infusion, and form a syr-
up, by adding the sugar

give them a scald.

Take them off and let
them stand for two hours
then set them on and
scald until they look clear.

To keep Plums
and Peaches fresh
through the year.

Beat well up together
equal quantities of honey
and spring water, pour
the mixture into an
earthen vessel; put in
the fruits all freshly

To Preserve Raspberries

Pick your raspberries in a dry day, just before they are fully ripe; lay them on a dish, beat and sift their weight of fine sugar, and strew it over them. To every quart of raspberries take a quart of red currant jelly, and put to it its weight of fine sugar, boil and skim it well, then put in your raspberries, and

171-

Receipt for Black-
berry Syrup.

To 2 quarts of juice of
blackberries, add one
pound loaf sugar,

$\frac{1}{2}$ oz nutmegs $\frac{1}{2}$ oz
Cinnamon pulverized
 $\frac{1}{2}$ oz cloves $\frac{1}{4}$ oz ^{do.} ~~alapees~~

Boil all together for
a short time, and
when cold, add a pint
of fourth proof brandy.

From a teaspoon full
to a wine glass, accor-
ding to the age of the
patient till relieved,
is to be given.

Winter weather, to make one smoke in 24 hours - if in severe winter weather two. The object to be aimed at in regulating the smoke is, first, to make as little fire as you can and make a good strong smoke - second, to let your harness be thoroughly cooled through after each smoke. Before another is made.

for a day or two, then
Smoke them with sug-
ar maple or hickory
Chips of wood, given from
the tree which makes
the purest and sweetest
& Smoke I am acquai-
nted with, and makes
it entirely unnecess-
ary to put sugar and
molasses in the pickle,
as I used to do.

My method of Smoking
is, if in moderate fall or

with the salt is nearly dissolved. Pack your hams in a barrel or other vessels, and pour your pickle on them stirring it well at the time, that the undissolved salt may be all poured on your hams. Be careful that they be all covered with the pickle, and kept so for six weeks, then take them out and wash or rinse them off in clean cold water, hang them up and let them drain
