Dear Otto,

Thank you for your letter of May 29 which I received yesterday. You must have been reading my mind. I was just going to ask you when you are coming back.

Now to business: Enclosed are the bank statement & your tax. I sure was read yesterday <sup>when</sup> my letter to you came back. On Muth's scale it had weighed exactly 1 oz. I guess I can't weigh it that closely.

Today is election here. Did you get <sup>an</sup> absentee ballot? Now at 10 p.m. with about 75% of the votes in, Goldwater is running ahead of Rockefeller. He has been running ahead from the beginning. The amount of conservatism here is absolutely amazing.

and disgusting. Needless to say, we voted for neither. In the senate race Selinger is running ahead of Cranston.

The other day we saw the movie "From Russia with Love" and enjoyed it very much. It is an improbable story, but amusing. The girl in it is very pretty, I think.

Have you seen Munda & Illu get?

You know Alan is quite a gourmet he likes shrimp & steak. He also is a cloth horse.

I guess we'll see you pretty soon.

Love,  
Lito

Dear Otto,

I would have written you earlier, but David's brother, Jim, passed away late Wednesday. We flew to Dallas Friday afternoon & came back last night. Jim leaves a wife and 5-year old boy behind. They seemed to be taking it pretty well, so far.

Alan had come down with the chicken pox on Tuesday, but luckily was not very sick when I left him & Diana with a baby sitter while we went to Dallas. Even though the outside temperature was in the nineties in

Dallas we were quite comfortable.  
 We were never out more than 5-10  
 minutes ~~of~~ <sup>otherwise</sup> ~~were~~ in air conditioned  
<sup>airconditionned</sup> houses & cars.

Now to business: I am enclosing a  
 letter from the U. S. Academy of Sciences,  
 so you can see that they have not  
 used your name yet. I am keeping  
 the permission blank. You have  
 a letter from the National Academy  
 of Sciences in which they ask for  
 nominations for president to be sent  
 to the nominating committee by  
 Aug 1, 1964. Since you'll be back in  
 time I am holding this letter.  
 There is another National Academy  
 of Sciences letter announcing

3

a meeting to be held at Madison Wisconsin. Title & abstracts have to be in by Aug 28, 1964, so I am holding this letter also.

We celebrated Alan's birthday today. All he wanted was a bathrobe and a game called mousetrap. If he does not break the mousetrap game by the time you get back, we'll have to show it to you. It's sort of a Rube Goldberg apparatus.

Have you seen Munda & Illu yet? I hope you are well.

Rov,  
Lilo

Dear Otto,

Thank you for your letter #15. Yes I received your #13. I am happy to hear that you are coming back soon. I am going to have your mattress recovered tomorrow. Apparently they are all tooled up to give 1 day service i. e. pick-up in the early morning & bring it back recovered in the late afternoon. I told them though that I did not need it done this fast and I rather have it picked up in the afternoon.

Diana is out of school now. Alan is just going to start summer school tomorrow. Today they had open house at nursey school, so that he

2

could meet the teachers (new to him) & some of the new children. He did not seem to pay much attention to the new children he met nor they to him. He did play with some of the children he knew.

Yesterday we went & had dinner with the children at the Black Sheep. When David started driving on campus by mistake (from habit) Alan kept insisting this was the "Club way" & were we really going to the Black Sheep. The minute we left the campus & drove towards Bancroft Ave. he was happy. He really has a good sense of direction.

earlier that afternoon we had Diana's birthday party which had been postponed from the previous

saturday. Actually the weather was much nicer yesterday (than the previous saturday) which was lucky, because we took the girls & Alan miniature golfing.

David has the K salt of Xenon which turned out to be  $K_4XeO_6 \cdot 9H_2O$  all worked.

There was no mail to send. I hope you have a nice trip & that we'll get your phone call on the 24<sup>th</sup>.

love,  
D.L.W.

Dear Otto,

In answer to your letter  
of June 16. We are invited out  
to dinner on Thurs. June 25. We'll  
be leaving around 6 p.m. So I suggest  
that you call either a little earlier  
or leave a message with Diana  
(she'll be here) or call Friday morning.

We'll be up early, <sup>(around 8 a.m.)</sup> because Alan's  
nursery school starts at 9 a.m. Friday  
night we are invited to a party at  
8 p.m., but will be home in the  
evening up to 7<sup>45</sup> p.m. So you could  
call then if it's more convenient.  
There is no mail to send you.

I trust you got the registered letter in Lirich. The post office did not want to give it to me or let me look at it, so I had them send it to you.

Diana came down with the chicken pox. She was sicker than Alan was. Today she is feeling better.

Your mattress is recovered & looks nice, I think (price \$18.50).

I hope you have a nice time in New York and that the weather won't be too hot.

Please say hello, to the Stern's etc when you see them.
